PART I.

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 13th March 1891.

READ THE FOLLOWING PAPER :—

From the Registrar of the Chief Court of Mysore, To the Chief Secretary to the Dewan of Mysore, No. 782—34, dated Bangalore, 25th February 1891.

With reference to your No. 11567—165 of the 13th ultimo, I am directed to state that a Rule has been issued by this Court, directing the printing of Records only in cases of the value of Rs. 300 and upwards. As the bulk of appeals is below Rs. 300, the amended Rule now issued will, to a great extent, reduce the cost of litigation.

No. 13484—197, DATED BANGALORE, 3RD MARCH 1891.

ORDER THEREON.—Recorded.

T. ANANDA ROW,
Chief Secretary.

READ THE FOLLOWING PAPER :—

Report on the Administration of Prisons in Mysore during the year 1889.

No. 14229—1879, DATED 13TH MARCH 1891.

REVIEW THEREON.—The total Jail population of 1889 was 6,481 against 6,103 in 1888, as shown below :—

	1888.	1889.	Increase in 1889.
Convicts	2,784	2,993	209
Under-trial	3,205	3,365	160
Civil	114	123	9
Total.....	6,103	6,481	378

The daily average number of prisoners was slightly larger in 1888—89 than it was in 1887—88, the number of convicts being 786 against 780, of under-trial prisoners 87 against 77 and of civil prisoners 7 against 5; the total of all being 880 against 862.

2. The convict population at the commencement of the year numbered 798 (734 males and 64 females). The admissions of the year including those received by transfer amounted to 2,061 (1,910 males and 151 females). The total number of convicts was thus 2,772 males and 221 females as compared with 2,579 males and 205 females in 1888.

3. Out of the 815 convicts that remained in Jails at the end of the year, 601 were between the ages of 16 and 40 and 195 between 40 and 60. The return of classification by occupation shows that there was a slight increase of crime, (1) among persons engaged in agriculture and with animals, (2) persons engaged in mechanical arts and (3) miscellaneous classes, while the crime among the other classes shows a decrease. The percentage of the agricultural classes was 43 against 40 in the previous year, that of persons engaged in mechanical arts was 4 against 2, and that of miscellaneous was 18 against 4.

4. In the length of sentences passed upon convicts, the figures for the year under review do not vary much from those of 1888, excepting that the number of persons sentenced to imprisonment for more than one and less than 3 months was only 28 against 43 in the previous year, and the number of persons sentenced to one month's imprisonment was 59 against 45. Two persons suffered sentences of death during the year as against none in the previous year.

5. Of the 2,061 convicts admitted into the Jails, 112 or about 5 per cent were previously convicted criminals, 70 of them had been once previously convicted, 26 had been twice previously convicted and 16 convicted more than twice. If, as it is presumed, all these offenders were identified before conviction and not after their admission into Jail, the fact is a fair indication of the efficiency of Police arrangements for the registration and identification of old offenders.

6. The decrease in the number of juveniles sent to Jail which was favorably commented on in the past year's review, did not continue in 1889. Twenty-five juveniles were sent to Jail during the year against 21 in the previous year. Four of these were old offenders.

7. It is satisfactory to observe that no convicts were punished for criminal offences during the year and that the number of convicts punished for breaches of Jail rules diminished from 102 to 68. The punishments inflicted upon convicts are shown in the following table :—

	1888.	1889.
Punished by Criminal Courts	17	...
Solitary confinement	11	5
Reduced diet	8	7
Solitary confinement with reduced diet	23	28
Corporal punishment	24	15
Other punishments	36	13
Total.....	119	68

The proportion of punishments to daily average strength in the Bangalore Central Jail was 13·07 per cent, in the Mysore Jail 2·5 per cent and in the Shimoga Jail 8·02 per cent. The variations are striking and call for examination by the Inspector General of Prisons who will be requested to report the result for the information of Government.

8. It is an unsatisfactory feature of the year that as many as 9 persons effected their escape from Jails against 4 in 1888. Seven of these were again from the Shimoga Jail which has had a notoriety in this respect in previous years also, and two on two occasions from the Mysore Jail. The officials through whose negligence the escapes in the Shimoga Jail occurred have been punished.

9. The education of prisoners received fair attention in the Bangalore Central and the Mysore District Jails. The daily average number of convicts under instruction in the former was 183 males and 27 females and in the latter 215 males, while in Shimoga the number did not exceed 32 who were all males.

10. The total number of persons employed as Jail officers was 285 (283 males and 2 females) as compared with 233 (231 males and 2 females) in the preceding year. They all behaved well and none of them was reduced or otherwise punished. The ratio of average number of men and women, so employed to the average number of convicts was 9·72 per cent and 3·57 per cent respectively as compared with 7·933 per cent and 3·501 per cent in 1888. Twenty-three persons as against 16 in the previous year were granted remissions of sentences under the mark system.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 13th March 1891.

11. The diet scale remained the same as in the previous year, except in the Central Jail at Bangalore, where slight changes were introduced in the issue of rice, ragi, ballar and vegetables. Improved rations were also provided to prisoners confined in Lock-ups.

12 The cost of guarding and maintaining the prisoners has risen from Rs. 87,959 to Rs. 92,327. The increased expenditure was due for the most part to the larger daily average strength of prison population and to the rise in the prices.

13. The profits to Government from Jail labor amounted to Rs. 7,096 as against Rs. 10,869 in the previous year, and the average profit per head of prisoners sentenced to labor was Rs. 9—2—5 as compared with Rs. 10—7—0 in the previous year. The decrease which is most marked in the Mysore Jail is explained to be due in part to the stoppage of all manufacture in that Jail for a period of four months, in consequence, it is understood, of greater demand for out-door prison labor.

14. The net cost per head of convicts sentenced to labor fell in the Taluk Lock-ups from Rs. 696—0—6 to Rs. 656—12—11, while the average cash earnings amounted to Rs. 1—4—5 as against none in the previous year. This is so far satisfactory, but effort should be made to reduce the cost of maintenance further.

15. The general health of the convicts was better than in the previous year The ratio of admissions to hospital was 53.40 per cent against 60·276 per cent in 1888, though the percentage of the daily average sick to the daily average strength showed a slight increase. The number of deaths was 18 or 2·03 per cent of the average daily strength as compared with 16 or 2·134 per cent in the previous year. The rate of mortality was highest in the Shimoga District Jail and lowest in the Bangalore Central Jail. The most fatal diseases were fever, dysentery and diarrhœa. It is noted with satisfaction that there were no deaths from cholera though the general population outside the prison walls were severely affected by it, especially in Shimoga and Mysore. The percentage of deaths among under-trial prisoners fell from 8·273 to 2·29. Out of 1,032 persons discharged from the three District Jails in the course of the year, 861 were found to have gained on an average two lbs in weight each during incarceration in each of the Jails; 109 lost in weight, 52 of them being from the Bangalore Jail with an average loss of 6 lbs, 12 from the Mysore Jail with an average loss of 2½ lbs and 45 from the Shimoga Jail with an average loss of 45 lbs each; and 62 neither gained nor lost weight.

16. The number of admissions in the Lock-ups was 4,055, being 1,354 more than in the previous year. The daily average number of prisoners of all classes was 89 against 82. The health of the prisoners was generally good and there were no deaths among them. The average cost of each prisoner incarcerated in the Lock-ups varied in the different Districts. In Tumkur it was Rs. 617—10—6, while in Shimoga it is shown as Rs. 63—0—3. These striking differences have led the Inspector General to think that calculations are not made on a uniform system in all the Districts. The Inspector General is requested to issue such instructions as would ensure a correct mode of calculation and uniformity of practice.

17. In paragraph 2 of the report, the Officiating Inspector General remarks that in his opinion Part II of the Administration Report which is a review of the Superintendents' is unnecessary. Government see no objection to its being omitted in future reports, provided that all points of special interest or importance which it may contain are noticed in Part I.

18. The report does not show the amount of inspection work done by Deputy Commissioners or by the Inspector General. The Government wish that a paragraph be devoted in future to this important point.

A. SRINIVASACHARLU,
Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 23rd March 1891.

READ THE FOLLOWING PAPER:—

Report on the Administration of Civil Justice for the year 1889.

No. 14226—212, DATED BANGALORE, 23RD MARCH 1891.

Chief Court, Original Jurisdiction.

REVIEW THEREON.—The total number of suits instituted during 1889 on the original side of the Chief Court was 11. Seven of them were for sums exceeding Rs. 5,000 in value. The aggregate value of suits was Rs. 70,026, and the average value of each suit was Rs. 6,366. The Court fees realized were Rs. 4,064—2—0. Ten suits were disposed of, five of them being uncontested. The average duration of suits was 111 days for uncontested suits and 131·66 days for contested suits. These results are highly satisfactory. Compared with the previous year, the number of cases the Chief Court had to decide during the year under review was larger, they were decided much sooner, and the average cost to the parties of each suit was less. In the Execution Department there were 29 applications for execution of decrees, excluding those transferred to other Courts. Nineteen were disposed of, 14 of them being wholly infractuous. The amount realized in execution was only Rs. 836 against Rs. 16,541 in the previous year. The miscellaneous original work of the Court calls for little notice.

Chief Court, Appellate Jurisdiction.

2. *First Appeals.*—On the appellate side of the Chief Court 301 first appeals were filed against 295 in the previous year, nearly 90 per cent of them being as usual from the Courts of the Munsiffs. Of these 173 related to real and 128 to personal property. The aggregate value of the land suits was Rs. 1,62,522 and of other suits Rs. 35,718, the corresponding sums in the previous year being Rs. 79,753 and Rs. 54,857 respectively. The large majority of the appeals were under Rs. 500 in value.

The total number of appeals disposed of including those pending at the beginning of the year was 313. Thirteen were rejected under Section 551 without notice to respondents. In 56 per cent of the appeals, the decisions of the Lower Courts were confirmed and in 39 per cent they were reversed, modified or remanded. The average duration of each appeal was 75·54 days against 83·65 days in 1888.

3. *Second Appeals.*—The number of second appeals filed during the year fell from 151 to 122. Of these, 64 related suits for immovable property and 58 to suits for other than lands. Including the pending file of the previous year, 126 appeals were disposed of, the decisions of Lower Courts being reversed, modified or remanded in nearly 25 per cent of the cases. The average duration of second appeals compares favorably with that of the preceding year, the figures being 47 and 83 days respectively.

The results of miscellaneous appeals, 40 per cent of which succeeded would seem to indicate that there is scope for improvement in the disposal of this branch of their work by subordinate Courts.

4. The cost of Litigation in the Chief Court continues high. The average cost of a first appeal was Rs. 103, while that of a second appeal amounted to Rs. 70. The fees paid to Advocates represent nearly 50 per cent of this cost. Certain proposals made by the Chief Court to reduce this high cost are under consideration of Government.

PART II.

Courts subordinate to the Chief Court, Original Jurisdiction.

There has been a steady increase of Civil suits in all the Courts of the Mysore State put together during the last * six years, but litigation in Mysore is mostly of a simple character and the suits are for small values.

* Year.	Number of Institutions.	Value.
1884	14,418	16,91,560
1885	14,616	18,39,404
1886	15,788	16,98,310
1887	16,758	17,18,473
1888	16,814	17,94,942
1889	17,044	18,30,065

2. Out of the suits instituted during 1889, 50 per cent were ordinary suits the rest being small causes. Of these again 85 per cent were suits for money or movable property and more than 50 per cent were suits based on written contracts. Of the ordinary suits, 77 per cent were for sums below Rs. 100 in value and about 19 per cent between Rs. 100 and 500; while among the small causes 90 per cent were under Rs. 50 in value. Only 33 per cent of the regular suits were contested. In small causes the proportion was still lower, about 23 per cent.

3. Suits under the head of "Title and other suits" numbered 2,908. Nearly 96 per cent of them fell within the cognizance of the Munsiffs, while only 2·70 per cent were within the jurisdiction of the Sub-Judges and 1·52 within the jurisdiction of the District Judges.

4. Out of 14,646 suits for disposal in the Courts of the Munsiffs, 2,059 or a little less than a seventh were left pending at the close of the year. Similarly in the Sub-Judges' and District Judges' Courts, 578 out of 4,432 suits and 17 out of 76 suits respectively remained undisposed of. There were thus altogether 2,654 suits pending, of which however only about 12 per cent were pending for more than three months.

5. The average duration of suits, contested and uncontested, has risen in all the Courts and it is objectionably high in the Courts of the District Judges. The Chief Court is enquiring into the cause of this and Government desire to be favored with a report of the result.

6. It is however satisfactory to find that witnesses were not long detained, the number of those detained beyond the third day being only 64 out of 46,070 examined. The total number of witnesses examined was 3,302 fewer than in the previous year, but their travelling and subsistence allowances amounting to Rs. 48,727—3—7 were Rs. 4,537 more. The allowance to each witness which in 1888 was Rs. 0—14—4 on an average rose to Rs. 1—0—11 in 1889. The reason for this is not apparent.

7. In the exercise of their insolvency jurisdiction, the Courts disposed of 131 applications, granting 61 and rejecting 70. It is satisfactory to note that though

the majority of the applications were rejected, the Courts found no cause to take penal proceedings against any of the applicants under Section 359 of the Code of Civil Procedure.

8. In the Execution Department there were 19,743 applications for disposal, of which 888 were transferred and 16,491 disposed of. The proportion of wholly infructuous applications continues to be very large, being 57·42 per cent.

Courts subordinate to the Chief Court, Appellate Jurisdiction.

9. The Courts which exercised appellate powers during the year were the District Courts of Mysore and Nagar and the Sub-Judge's Court in Mysore. They disposed of 611 appeals against 609 in the previous year. The percentage of appeals which were successful either wholly or in part was 30 against 27 in 1888. It is remarkable that out of 402 appeals in which the decisions of the Lower Courts were confirmed, not more than 5 were rejected under Section 551 of the Civil Procedure Code, without notice to respondents.

10. The number of appeals pending disposal at the end of the year was larger, being 165 against 87 in 1888 and 94 in 1887; but it is observed that not more than two appeals were pending for more than three months. The average duration of appeals in all the Courts was somewhat high.

11. The process establishment appears to work on a satisfactory footing. The number of processes issued and the fees realized therefrom have been increasing during the last four years, and the process fund shows a surplus each year of more than Rs. 20,000.

*	Number of Processes issued.	Fees realized.	Surplus.
		Rs.	Rs.
1886... ...	139,326	68,482	20,804
1887... ...	142,863	71,336	21,439
1888... ...	152,990	75,002	24,082
1889... ...	152,653	75,040	22,457

12. The administration of Civil Justice in Mysore the salient features of which have been fully set forth in the Officiating Chief Judge's report has been on the whole very efficient and satisfactory.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Chief Judge in Mysore.

PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th March 1891.

READ—

Correspondence ending with docket No. 1111, dated 9th December 1890, from the Deputy Commissioner, Mysore District.

No. 13709-11—820, DATED BANGALORE, 6TH MARCH 1891.

ORDER THEREON.—These papers relate to the settlement of certain emoluments which have been enjoyed by certain individuals for service in the temples on the Chamundi Hill and at Yelval and also as Talavar of the latter village in the Mysore Taluk.

2. The origin of these emoluments has not been traced to any order of Government but they are found to have been in existence from the year Durmati (1861—62).

3. For service in the temples, 20 persons have had their allowances paid by deductions in the Kandayam payable by them on their patta lands as follows :—

Name of Village.	Name of the Individual.	Office.	Kandayam.			Allowance deducted for temple service.			Balance paid to Government.		
Chamundi Betta Village.	Talavar Chikka Chaminava Chanda	Talavar naukari at Chamundesvari, Mahabalesvara and Narayanaswami temples.	1	8	5	0	11	8	0	12	9
	Sruti Subba and Divitige Subba.	For Sruti naukari ...	2	8	2	1	7	3	1	0	11
	Dyava ...	Do do ...	2	1	9	1	7	3	0	10	6
	Dyavanna Subba	Do do ...	2	7	0	1	7	3	0	15	9
	Subba, Chama and Putta.	Do do ..	1	6	1	0	11	8	0	10	5
	Chama ...	Do do ...	1	0	0	0	11	8	0	4	4
	Linga Viratta	Do do ...	2	2	11	2	2	11	...	...	...
	Chandrasekharaiya ...	For watching at do ...	6	8	5	1	7	3	5	1	2
	Damadi Putta ..	Do do ...	4	5	1	1	7	3	2	13	10
	Chamundi ...	Do do ...	5	6	8	1	7	3	3	15	5
	Chamundi Lingappa	Do do ...	2	8	8	1	7	3	1	1	5
	Chamundaiya, Manegar...	For worshipping Dod-Basava ..	3	3	2	1	7	3	1	11	11
	Uggranna Liganna	For worshipping Gadige	2	8	1	1	7	3	1	0	10
	Huvina Chamundi ...	For supplying flowers to Mahabalesvara ...	4	0	3	1	7	3	2	9	0
	M. Kala ...	For Kaval service ...	1	9	7	1	7	3	0	2	4
	Lingappa ..	For supplying flowers to Chamundesvari ...	2	8	8	1	7	3	1	1	5
	Dipada Subba ...	For Kaval and Masalchi ...	6	10	0	1	7	3	5	2	9
		Total.....	53	6	11	23	4	2	29	2	9

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th March 1891.

Name of Village.	Name of the Individual	Office.	Kandayam.			Allowance deducted for temple service.			Balance paid to Government.		
Yelval.	Iyanaiengar ...	For worshipping Varadarajaswami ..	29	2	4	3	7	10	25	10	6
	Puttanna ...	Do Hire Devate ...	1	15	6	1	7	4	0	8	2
	K. Nanjegauda ..	Do Arkesvara and Basavesvara ...	15	13	5	3	3	3	12	10	2
		Total.....	46	15	3	8	2	5	38	12	10
		Grand Total.....	99	6	2	31	6	7	67	15	7

4. In the aggregate out of a kandayam of Rs. 99—6—2, the allowances have been paid by deductions in patta to the aggregate extent of Rs. 31—6—7. At the Inam Settlement, the inams have been declared to be valid and have been confirmed as land inams with beriz in each case equal to the allowance deducted and amounting in the aggregate of all cases to Rs. 31—6—7. The land inams so confirmed have not been allocated and divided off. But the practice of withholding the allowances from the kandayam continued till the year 1887—88 when the Survey Settlement took effect. Then, the lands being liable to pay the full Survey assessment thereon, the question has been raised as to the manner in which the Devadaya inams shall be continued. The temple servants themselves do not care for cash payments from the Treasury, and the policy of Government is in favor of commutation of all ready money inams into land inams.

5. Under such circumstances, and as the lands in the pattas of which the deductions were allowed have been practically inam though not so in name, the Government are pleased to direct that the lands be registered in the accounts as inam, bearing in each case a jodi equal to the difference between the assessment and the allowance deducted for service. The settlements will be revised on this basis.

6. In the case of the Talavar at Yelval, the land will likewise be registered as inam bearing a jodi of Rs. 12—9—8 being the difference between Rs. 19—9—5, the Kandayam thereon, and Rs. 6—15—9 withheld as wages for service.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, returning the Vernacular proceedings.
The Superintendent of Inam Settlements for information and action, returning the Inam Registers.
The Superintendent, Mysore Revenue Survey, for information and action.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th March 1891.

READ :—

The following communication from the Deputy Commissioner, Mysore District, No. 685, dated 26th August 1890 :—

" Has the honor to submit for orders, a petition dated 23rd instant, from Basavalingaiya of Amcha-
" vadi in the Chamrajnagar Taluk, requesting to cut the date trees in his lands. This land is situated in an
" unsettled portion of Taluk. Requests to be kindly informed whether permission may be given to him
" under Rule 23, Clause 1 of the Revenue Rules recently published or petitioner ordered to wait till Sur-
" vey Settlement."

" 2. As the rule above quoted does not place any restriction about Survey, this reference is made."

No. 14030-39—Cir. 298, DATED, BANGALORE, 13TH MARCH 1891.

ORDER THEREON.—The Deputy Commissioner will inform the petitioner in reply to his petition, that he should wait till the Survey Settlement is completed and the date trees on his land are given over to him at a valuation.

2. Government note that the Deputy Commissioner's interpretation of Rule 23, Clause 1 of the Rules under the Land Revenue Code is incorrect. Cases where the Government right to Shendi trees has been expressly reserved to Government at the time of the grant of the land, are there distinctly exempted from the operation of the Rule. And such reservation has been the practice and distinctly directed in the orders contained in the late Chief Commissioner's Proceedings No. 4108—Rev. 34, dated 24th October 1873, the 1st paragraph of which runs as follows :—

" In all unsurveyed Taluks the right of drawing toddy from date trees on
" Kandayam and waste lands belongs to Government and is delegated by
" it to the contractor for the time being ; but the local Revenue officers
" are empowered to authorize the removal by the occupants of such trees
" on cultivated land as interfere with cultivation, and also to allow waste
" land to be taken up for cultivation notwithstanding that there are date
" trees on such land, provided that they are not so numerous as to be
" worth specially reserving as a date grove."

3. Under the foregoing order, Shendi trees on occupied lands to which the Survey Settlement under Act I of 1865 or the Land Revenue Regulation has not been extended, should be regarded as the property of Government till they are made over to the occupant of the land by the Survey Department.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Excise Commissioner in Mysore.
The Superintendent of the Mysore Revenue Survey.

Exd.—B. G. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th March 1891.

READ :—

Letter No. 328 of the 6th September 1890, from the Deputy Commissioner of the Hassan District, enquiring with reference to para 4 of Government Proceedings No. 1221-30, dated 1st May 1886, whether Municipalities should pay assessment to Government on lands used for purposes of fruit groves for the augmentation of the Municipal income.

No. 14040-7—CIR. 299, DATED, BANGALORE, 13TH MARCH 1891.

ORDER THEREON.—Assessment must be charged and paid on all Municipal plantations outside the defined limits of the village site. If any garden is planted on vacant lands within the village site, which are not ordinarily liable to assessment, no assessment need be charged.

A. SRINIVASACHARLU,
for *Chief Secretary.*

To— The Deputy Commissioner of the Hassan District
The Deputy Commissioners of other Districts.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 3rd March 1891.

READ:—

Docket from the Deputy Commissioner, Mysore District, dated 18th November 1890, No. 1030, submitting the proceedings of the District Fund Board of 18th October 1890, together with the District Fund Budget estimates of the Mysore Local Fund Circle for 1891—92.

No. 13690-701—CIR. 289-L. 370, DATED 3RD MARCH 1891.

ORDER THEREON.—The receipts for 1891—92 under all heads are estimated at Rs. 55,743. The estimate under Local Cess corresponds with the actuals of 1889-90, but the actuals under the other heads are not given. The omission should be supplied. Meanwhile, the estimate will stand.

Number.	Taluks.	76 per cent of Local Cess.		Estimate for 1891—92 under other items.				Grand Total of Estimate for 1891—92.
		Actuals of 1889—90.	Estimate for 1891—92.	Ferry collections.	Cattle fines and sales.	Miscellaneous.	Total.

	Total Charges .. .	5,118	6,522	7,115
	*Only $\frac{8}{15}$ of the cost entered.			

4. *II. Medical Scholarships.*—Under this head, the provision (Rs. 367) sanctioned for the year 1890—91 is repeated in the present Budget, while under Proceedings, dated 24th December 1887, No. 5832-43—149, the charge debitable to the Mysore District is Rs. 679, of which Rs. 417 is chargeable to the Mysore Local Fund Circle. The figure (Rs. 417) will accordingly be inserted in the Budget.

		Cost per Annum.	Debitable to—	
			Mysore Circle.	French Rocks Circle.
10	Pre-collegiate students at Rs. 9 each per mensem ...	1,080	...	...
10	First year's students at 10 ...	1,200	...	...

10	Third do 10 ...	1,200	...	...
30	College students' fees at Rs. 25 each per annum ...	750	...	...
	Total cost for 8 Districts.....	5,430	...	...
	Cost debitable to Mysore District.	679	...	...
	$\frac{8}{15}$ & $\frac{5}{11}$ debitable to Mysore and French Rocks	...	417	262

5. *III. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.*—The estimate under this head which is the same as that sanctioned for 1890—91 is passed The increase under the actuals of 1889—90 should be explained.

6. *VI. (d) Feeding in-patients.*—An increase of Rs. 93 over the sanctioned estimate for the current year is provided under this head. This is passed. The Government note that the total increased cost under the head is Rs. 175, of which Rs. *82 are promised by the Municipalities of Hunsur, Nanjangud and Gundlupet.

	Rs.
* Hunsur ...	40
Nanjangud ...	25
Gundlupet ...	17
Total	82

7. *Item VIII.*—At present an allowance of Rs. 6 per mensem or Rs. 72 per annum is granted to one Sura Pandit at Chamrajnagar for purchase of native medicines Sura Pandit is dead and the District Fund Board propose to appoint another in lieu and also to appoint similar native Pandits in other Taluks at an additional cost of Rs. 500. The Government are unable to accede to the proposal of appointing native Pandits for dispensing native medicines. The provision made on this account will be struck out. It is under the contemplation of Government to try the effect of native medicines under proper medical control and supervision and if the experiment succeeds, the matter will be considered hereafter.

7. The other items do not call for remark.

8. Subject to the explanations called for, the estimated receipts and expenditure sanctioned for 1891-92 will stand as shown below :—

	Rs.
Estimated balance on 1st April 1891 ..	..22,193
Do receipts for 1891—92 ..	..55,743
Total....	77,936
Do Civil charges now sanctioned ..	* 6,593
Balance....	71,343

I. Statistical Clerk	240
II. Medical Scholarships	417
III. Sweepers to Bungalows and Musafirkhanas ...	1,200
IV. (*a*) Peon to Deputy Inspector of Vaccination ..	54
(*b*). Animal vaccination charges	278
V. Female Hospital at Mysore	735
VI. Local Fund Dispensaries—	
(*a*) Menial Establishment	1,104
(*b*) Contingencies	807
(*c*) Charge allowance	920
(*d*) Feeding in-patients	268
(*e*) House rent	140
(*f*) Travelling allowance to Hospital Assistants ...	160
VII. Moiety cost of Nurses at Chamrajnagar, Hunsur and Nanjangud	270
Total.. ...6,593	

9. Out of the above balance, the following provisions are proposed on account of public works to be executed during 1891—92;—

	Rs.
I. Original—	
(*a*) Communications	...14,500
(*b*) Reserve for minor works	... 2,000
(*c*) Miscellaneous Public Improvements	...12,000
Total I, Original.....28,500	

II. Repairs—		
(*a*) Communications	..	18,095
(*b*) Reserve Grant	...	4,005
(*c*) Miscellaneous Public Improvements	...	900
Total II, Repairs	.....	23,000
III. Establishment charges at 25 per cent	...	12,875
IV. Tools and Plant	...	225
Grand Total of Public Works	.....	64,600

The expenditure proposed for Public works is great deal too much, since it reduces the balance at the end of the year to Rs. 6,743. The proposed expenditure under I (*a*) should therefore be reduced by at least Rs. 3,000.

10. *I* (*c*).—The provision of Rs. 12,000 under this head is proposed to be utilized on wells and village sanitation under the direction of the President in consultation with the members of the District Fund Board. The Government approve of the provision.

11. *II* (*b*).—The amount of Reserve may be reduced to Rs. 2,005.

12. *II* (*c*).—The provision under this head is stated to be needed for the repair of the approach to the Inspection Lodge at Yedatore to be executed by the Executive Engineer. It is passed.

13. *III. Establishments.*—The charges on account of establishments are calculated on the total provision for works including Rs. 12,000 under I (*c*) for works which are to be executed by the Revenue Department. The amount will be reduced by Rs 4,250. If any expenditure is needed for the supervision of the works carried out by the Revenue Department, the same should be debited proportionately to the works themselves and be met from the provision of Rs. 12,000 under I (*c*).

14. The other items call for no remark.

15. The total sum sanctioned under Public Works is thus Rs. 55,350 as shown below:—

Original works...	..	25,500
Repairs	..	21,000
Establishment	...	8,625
Tools and Plant	...	225
Total	.....	55,350

16. The question of the construction of a Dispensary building at Nanjangud will be referred to the Public Works Department for disposal. The Government will have no objection to the contribution of $\frac{1}{5}$ of the cost of the building being divided by the Municipality of Nanjangud and the District Funds of the Mysore Circle.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioner Mysore District.
The Comptroller.
The Secretary in the Public Works Department.
The Senior Surgeon.
The Deputy Commissioners of other Districts.
The Education Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th March 1891.

READ:—

Letter from the Census Superintendent in Mysore, To the Chief Secretary to the Dewan of Mysore, No. 841, dated Bangalore, 12th February 1891.

Adverting to your docket No. 9187—1147, dated 14th November last, I have the honor to state that the preparations required for the Enumeration part of the forthcoming Census on the night of the 26th instant have been duly made, and that the time has arrived for organising an Abstracting and Compiling office at Bangalore to be started early next month.

2. In 1871—72, the marginally noted Establishment was entertained, *vide* page 6 of the published Census Report of that year. The precise statistics of the next Census in 1881 could not be obtained, notwithstanding that I applied to the Deputy Commissioners; and the return received from the Comptroller's office does not throw full light on the point. The abstracting appears on that occasion to have been made in the District offices with the ordinary Establishments, supplemented here and there by temporary hands deputed to carry on the work of the *permanent employés*, who had been drafted to the Census work. In para 7 of the Census Commissioner's Note No. 61, dated 31st May 1890 (page 187 of the compilation "Census of India, 1891"), the number of hands employed on the work is stated to have been 450 in different proportions in the several Districts. The attached statement exhibits the expenditure then incurred. The forms of the penultimate census were, it must be borne in mind, simpler and contained fewer headings; so that the labor and time required for compiling the standard tables this year will necessarily be greater.

		Rs.
1	Supervisor	75
5	Clerks, at Rs. 35 each	175
1	Record-keeper	30
4	Accountants at 30 each	120
3	Do at 25 „	75
25	Do at 20 „	500
50	Do at 15 „	750
1	Mutchi	15
1	Assistant Mutchi	10
1	Gollar	7
2	Daftarbands, at 8 each	16
2	Sweepers at 5 „	10
	Batta to 1 Dafadar and 10 Taluk peons ...	22
	Total.....	1,805

3. The principles on which the abstraction and compilation should be conducted this year are explained in the Census Commissioner's *Circulars Nos. M. and N. in these words; "The most efficient system of working up the Census results is to employ as large an Establishment as can be thoroughly controlled, so that abstraction may take as short a time as possible". (Circular N. para 5). My present proposals are based on this understanding, as are those of the Superintendent of Census in the Madras Presidency. His Memo on the Uriya Abstracting office accompanies—(to be returned). In his D. O. of the 28th ultimo (copy herewith sent), Mr. Stuart says that his Bangalore Branch office will be about the same.

*Received from the Dewan's office with Dockets Nos. 9186—1146 and 12387—1634, dated respectively the 17th November 1890 and 9th February 1891.

4. The normal population of this Province may be put down at 5 millions. The last Census showed a deficiency of about one million, but I believe within the last decade the numerical standard has been regained. Allowing therefore 50 men per million, the office required for abstraction and compilation ought to consist of 250 hands. The accompanying statement shows my proposals in detail.

5. It must not be supposed that all this strength will be required at once or can be maintained throughout. If Government should approve of my proposals, it is my intention to start with a moderate number of hands as a nucleus, and increase the number as the work expands and the men get trained. It will also be

expedient to adopt a system of rewards and punishments, according as each man works up the minimum or not; thus, while a slow or idleman will not be able to obtain the maximum salary of his post, a quicker and more diligent person will not find it difficult to earn a little extra by more satisfactory results. It will be seen that this plan finds favor with the Census Commissioner.

6. Much will depend on the efficiency, knowledge of details and methodical habits of the controlling officer, and I have therefore the honor to repeat my application made in para 3 of my letter No. 374, dated 6th November last, for the services of Mr. Ramaswamaiengar, Amildar of Chikballapur, who was the Manager of the Census office of 1871—72. His experience of the work will now, I believe, be invaluable, and if Government approves of his deputation as Deputy Superintendent of Census compilation, I venture to suggest that his salary and status may be placed on the same footing as those of a last grade Assistant Commissioner. I beg that he may also be directed to report himself to me without delay in order to start the office early next month.

7. A word of explanation appears called for on the menial establishment proposed. The office is to be located in a wing of the Old Palace in the Fort, consisting of several detached rooms which require watching. The price of labor has risen very much in Bangalore since the completion of the Railway systems connecting it with outer world, and as I have myself found out in forming my present office, good peons and other menial servants cannot now be had as easily as before for the former rates of pay. My idea therefore, in the event of my not getting suitable unemployed men, is to obtain through the Deputy Commissioner the services of some Taluk peons from the surrounding Taluks, and give them a trifle extra, one or two rupees each, to induce them to stay and work well at Headquarters.

8. The next point for consideration is the furniture required for the proposed office. I agree with Mr. Stuart of Madras in the opinion (*vide* his enclosed D. O.) that tables and chairs or benches will enable the men to turn out more and better work than if they are required to squat on mother earth; and in this belief, I beg that a sum of Rs. 2,000 may be placed at my disposal for the purchase of such articles as may be required from time to time. I do not think that any sound or useful furniture can be spared from any of the Public offices here. The sum can be adjusted on bills as purchases are made. In 1871, the furniture bill amounted, I am told, to Rs. 316—12—0.

9. A monthly sadilwarid allowance of Rs. 75 is also required for the Census office. I have at present Rs. 15 a month, which will be merged in the proposed grant. In 1871—72, I am told, the sadilwarid averaged about Rs. 45 a month. This will be exclusive of paper for the forms to be printed at the Government Press.

10. In manning the proposed establishments, I propose, if the Government has no objection, to obtain not only some competent Gumastas from the Taluk and District offices, but also to employ for the work, in addition to non-officials temporarily engaged, such pensioners as may appear to be in the possession of enough vigor of mind and body, so that their experience may also be utilized for the purpose.

11. I must not omit to state here that I had no personal experience hitherto of a Census abstraction and compilation office. The establishment now to be entertained is large: if I find that one Deputy Superintendent is not enough to control it, I must apply for the services of another experienced and efficient officer: but the necessity for this will not arise at the outset.

12. The next item requiring an explanation in the proposition statement is an increase of my present establishment. This was sanctioned, as the Dewan is aware, only tentatively; and the scale of an Assistant's office was proposed in my then state

of comparative inexperience. It has since been found to be inadequate. The regular office, as apart from the Compiling and Abstracting establishments, will have a great deal more of work thrown on it such as checking, account Keeping, copying, &c., &c., and without the addition applied for, I fear the office cannot be expected to be thoroughly efficient. In this connection, I venture to suggest to Government that my Head Clerk (Raghavendra Rao) should be designated Manager, and should up to the close of the Census operations receive the same pay as an Amildar of the last grade (Rupees 100). It may be parenthetically added that he has qualified himself in the prescribed manner and has excellent testimonials from the Comptroller, &c., which I have been able to verify in the last 6 months. As the work has very much outstripped the demands foreseen, I submit the proposed extra charge is not extravagant for it.

13. In conclusion, I beg that orders may be passed early on this reference, in order that work may be started as soon as possible after the Final Census on the 26th instant. The commencement cannot be delayed beyond the middle of next month, without our falling behind similar operations in British India. It is accordingly requested that the establishment now proposed may be sanctioned for six months.

No. 13773-82—Cir. 291, dated Bangalore, 6th March 1891.

Order thereon.—The proposals submitted by the Census Superintendent with the above letter for an increase of his Office Establishment at a monthly cost of Rs. 363, and for the establishment required for the abstraction and tabulation of the Census results in Mysore of 1891 at a monthly cost not exceeding Rs. 4,843 as per annexed statement, are sanctioned. The salaries proposed seem fair and the Government rely on the Census Superintendent employing only carefully selected and qualified men. His proposal to secure the services by transfer of such competent Gumastas from District and Taluk offices as can be spared (substitutes being entertained for them) and to entertain efficient pensioners is approved. The number of hands to be entertained should not at any time be more than Census Superintendent can well control and the Census Superintendent is right in resolving not to entertain the full strength at once but gradually according to requirements. The temporary establishment is sanctioned for six months.

2. The employment of Ramaswamaiengar, Amildar of the Chikballapur Taluk, as Deputy Superintendent of Census Compilation, is also sanctioned. The Deputy Commissioner of the Kolar District will at once direct Ramaswamaiengar to report himself to the Census Superintendent and make temporary arrangements for the charge of the Chikballapur Taluk.

3. A sum of Rs. 2,000 will be placed at the disposal of the Census Superintendent for the purchase of the furniture required for the office and the contingent allowance of the office will also be raised from Rs. 15 to Rs. 75 per mensem.

T. ANANDA ROW,
Chief Secretary.

To—The Superintendent of Census in Mysore, returning the original enclosures.
The Comptroller in Mysore.
The Deputy Commissioners of Districts.

Statement of Proposition for a Temporary Establishment required for the Census of 1891 for the Province of Mysore.

(Enclosure to the Census Superintendent's letter No. 841, dated 12th February 1891.)

Name of Department.	Present Sanctioned Scale.			Proposed Scale of Establishment.				Grounds of Proposition.
	No.	Designation.	Rate of Pay.	No.	Designation.	Rate of Pay (proposed.)	Total.	
		A.—Office Establishment.						
			Rs.			Rs.	Rs.	
The Mysore Census office.	1	Head Clerk ...	75	1	Manager	100		For explanation of the increase proposed to the Office Establishment, *vide* para 12 of my letter No. 841, dated 12th February 1891
	1	Deputy Clerk ..	50	1	Head Clerk and Cashier	65		
	1	3rd Clerk ..	30	1	Deputy Clerk	40		Provision is made for a Proof Examiner whose retention throughout is also found necessary in order to examine the proof sheets of all the statements, returns, &c., required to be printed, such as, the working sheets and Registers, and, as the final tabulation progresses, the numerous elaborate appendices to the Census Report, as well as the body of the report itself, before they pass through the Press.
	1	4th Clerk ...	20	1	3rd Clerk	30		
		...		1	Deputy Accountant	25		
		...		1	Record-keeper and Proof Examiner... ...	20		
		...		1	Shroff	12

	1	Daftarband ...	10	1	Daftarband	10		
	5	Peons, at from Rs. 8 to 6.	34	5	Peons, at from Rs. 8 to 6	34		
	2	Mashalchis at Rs. 5 ...	10	2	Mashalchis, at Rs. 6 each	12		Good men cannot be had at the present rate of pay, Rs 5.
	13	Total	244	16	Total Office Establishment.....		363	

B.—Working Staff.

		Minimum Pay.	Maximum Pay.	Total.		
		Rs.	Rs.	Rs.		
	Allowance to Deputy Superintendent of Census Compilation ...	...	...	75		
	(i)—Abstraction Branch.					
100	Abstractors	12	15	1,500		
60	Schedule Readers	10	15	900		
24	Re-Abstractors and Totallers ...	15	18	432		
15	Testing Clerks	15	20	300		
8	Overseers	20	22	176		
8	Room Inspectors	22	25	200		
215					3,583	The strength proposed for the working staff is kept moderate, considering the nature and quantity of the work required from the men in working up the results within the short time of 4 months, as laid down by the Census Commissioner, according to the system prescribed by the Supreme Government, and the additional statistics specially required for this Province, under the improved and expanded form of Enumerators' schedule. The rates of pay proposed are on a sliding scale. The maximum strength and pay will be attained when the work is fully expanded. With the close of the Abstracting work, the Abstraction Branch will cease to exist, such portion of the staff as would then be found necessary for tabulation and compilation being only retained until the close of the work.
	(ii)—Tabulation and Compilation Branch.					
15	Indexers of occupation and castes ..	...	20	300

				9	Peons, 3 at Rs. 7 and 6 at Rs. 6 each ...	57		
				2	Sweepers at Rs. 5 each	10		
				15	Total	..	103	
					(v)—Litho. Printing.			It is considered indispensable to provide for a small establishment to work a Lithographic Press, to be obtained on loan from the Government Press, as, besides a great bulk of the 'forms' and 'letter-press' printing which has to be executed at the Press as hitherto, it becomes necessary in the course of abstracting, to issue for the guidance of the working gang various *instructions, and test slips*, &c., on the spot. This is expected to be done with greater facility under the personal superintendence of the office on the spot, avoiding formal and constant requisitions on the Press and consequent delays. The loan of the services of the Draughtsman from the Government Press will also be necessary not only for supervising the litho. work, but chiefly for drawing up and lithographing the several Census maps and charts, &c., to be done under the close supervision of the office. An allowance of Rs. 20 is therefore provided for the Draughtsman.
					Allowance to Lithographer	20

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 31st March 1891.

READ THE FOLLOWING PAPER :—

Letter from the Deputy Commissioner, Kolar District, To the Chief Secretary to the Dewan of Mysore, No. 3397—799, dated Kolar, 7th March 1891.

With reference to para 2 of Government Proceedings No. 10487-90—1371-L 94, dated the 13th December last, regarding the allowances payable to the Shanbhog and Patel of the Kolar Municipality, I have the honor to state that formerly one Shanbhog and one Patel were appointed for the Kasaba and Town, but as the collection work of the Town was anything but satisfactory, owing to the ignorance of the Patel who is a Kurbar by caste, a literate and intelligent man was appointed in January 1890 by my predecessor at the recommendation of the Vice-President and Members of the Municipal Board to work exclusively in the Town along with the Shanbhog.

2. The Survey Settlement Department fixed the Patels Katcha Potgi at Rs. 19 per annum according to the amount of revenue collected from the lands attached to the Kasaba, but no remuneration was fixed for doing the collection and other works in the Town.

3. No Katcha Potgi has been sanctioned to the Shanbhog who enjoys a nominal inam assessed at Rs. 37—12—0. In course of time he will be granted Pakka Potgi which will be fixed with reference to the revenue derivable only from lands attached to the Kasaba.

4. It will be observed from the above that neither the Patel nor Shanbhog now receives any remuneration or warthana for their services in the Kolar Town and considering their difficult and arduous work, the Board resolved to fix the allowances at Rs. 7 and 5 per month to be paid to the Patel and Shanbhog respectively out of the Municipal Funds so that these officials may be paid servants removable from office in case of omission on their part to give satisfaction. Such an arrangement I am sure will facilitate collection of Municipal taxes, which is anything but satisfactory at present.

5. A similar charge has been sanctioned for the Chikmagalur Municipality, *vide* para 4 of the Dewan's Proceedings No. 3087-98—Cir. 89, dated 1st August 1888.

6. I beg therefore that the outlay may be kindly sanctioned as already recommended by the Municipal Board as it is a just charge on the Municipality.

No. 14654-6—555—L. 451, DATED 31ST MARCH 1891.

ORDER THEREON.—Under the circumstances stated, the allowances proposed to the Shanbhog and Patel are sanctioned temporarily.

2. The Government are of opinion that when the Pakka Potgi allowances are fixed, the revenue of the village including Mohatarfa should be taken into account.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioner, Kolar District.
The Comptroller.
The Superintendent, Mysore Revenue Survey.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 31st March 1891.

READ:—

Docket from the Deputy Commissioner, Kadur District, dated 5th March 1891, submitting revised Budget Estimates of receipts under District Fund as well as under Local Fund General for the year 1890—91, as called for in Government Proceedings, dated 22nd December 1890, No. 10624-34—209-L. 111.

No. 14657-67—CIR. 312-L. 452, DATED 31ST MARCH 1891.

ORDER THEREON.—The estimated District Fund receipts for 1890—91 as now revised amount to Rs. 47,505 against Rs. 47,005, the actuals of 1888—89 and Rs. 46,678, the estimate for 1889—90. The Government observe that the actuals of 1888-89 under Miscellaneous, *viz.*, Rs. 534 are stated to include Rs. 517 realized from fees from the Hobli or Taluk branch schools during the year and that the estimate for 1890—91, which is based upon the actuals 1888—89 probably includes similar amount from the same source. If so, the estimate is not correct. The amount of fees from Hobli schools should be credited to the Village school Fund, from which the Hobli schools are maintained. The estimate will be fixed at Rs. 47,000.

2. The receipts of Local Funds General will be estimated for the whole Province in communication with the Comptroller.

The Deputy Commissioners of other Districts.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 9th March 1891.

READ THE FOLLOWING PAPERS:—

(1.) Letter from the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 512, dated Bangalore, 28th February 1891

With reference to your letter No. 11049—1486, dated 10th ultimo, I have the honor to state that the Deputy Commissioners of Districts have been requested to furnish rain-fall information in accordance with the instructions contained in para 9 of the Resolution of the Government of India of the 29th August 1890.

2. As regards the 5th suggestion made therein relating to the division of the year into periods, I have made the following divisions based on the four best marked periods of general rain-fall in the Province. The 1st period shall embrace the time between the 15th December and 15th March, the 2nd period between the 15th March and 15th June, the 3rd, the 15th June to 30th September and the 4th, 1st October to 15th December.

3. With reference to para 3 of your letter regarding the suggestion contained in para 4 of the Government of India Resolution under consideration, I have to state that there is a rule at present in force under which Executive Engineers whenever possible should inspect rain gauges and certify as to their being in good order or not. In addition to this I would recommend that District Officers and their Jamabandi Assistants as well as Civil Surgeons may be appointed Inspecting officers as contemplated in the said Government of India Resolution and they may be required to inspect them periodically and report the result of their inspection to this office for submission to Government.

In conclusion I beg to add that the instructions referred to in para 4 of the Circular No. 6-3—19 Met., dated Simla, the 29th August 1890, may be kindly obtained and furnished at an early date.

(2.) Para 9 of the Government of India Resolution, dated 29th August 1890,

No. 6-3—19.

The proposals for the improvement of rain-fall registration which have the roval of the Government of India may now be summarized.

1st.—That a common hour for registration, *viz.*, 8 A. M., and a common rain-fall week ending on Saturday 8 A. M. should be adopted in the whole of India.

2nd.—That all rain gauges should be systematically inspected, the services of the Meteorological Reporter to the Government of India being utilized for supervision of the duty of inspection wherever this is considered desirable.

3rd.—That Symons rain gauges tented by the Meteorological Department, should be the only description of gauge used.

4th.—That monthly returns of rain-fall be published by each Local Government, of which copies would be bound together and issued as an annual volume by the Imperial Meteorological Department.

5th.—That the Imperial Meteorological Department should adopt a fixed division of the year into four periods corresponding with the periods of general rain-fall for purposes of comparison.

6th.—That for the purpose of calculating the number of rainy days, a fall of one-tenth of an inch and upwards be taken to denote a rainy day.

No. 13783-93—Cir. 292, dated Bangalore, 9th March 1891.

Order.—Communicated to the Senior Surgeon and to the Deputy Commissioners of Districts with the intimation that Government approve of the proposals contained in the letter from the Director of Statistics. The Director of Statistics will furnish the officers concerned with copies of the instructions for inspection of rain gauges and forms of report on receipt from the Meteorological Reporter to the Government of India.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Director of Statistics and Agriculture.
The Senior Surgeon.
The Deputy-Commissioners of Districts.
The Secretary, Public Works Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th March 1891.

READ:—

Reports on the Mysore Government Press and Gazette Office for the years 1888—89 and 1889—90.

No. 11227—1879, DATED 13TH MARCH 1891.

REVIEW THEREON.—The total value of the work turned out at the Government Press, cash receipts included, has been increasing during the last * 3 years, the figure of 1889—90 having exceeded even that of 1886—87 when it was Rs. 55,050, the highest on record.

	Rs.
1887—88 ...	... 48,887.
1888—89 ...	... 52,057.
1889—90 ...	... 57,665.

2. The Superintendent has lately brought to the notice of Government that the present establishment is found inadequate to meet the growing requirements of the Press and that it needs strengthening. The subject will be disposed of separately.

3. Some improvements were effected in 1888—89 in the form of the Mysore Gazette. Its size was changed from demy quarto into foolscap folio in uniformity with the Gazette of India, Fort Saint George and other Gazettes, and the Royal Coat of Arms of His Highness the Maharaja was added at the top as this was also considered desirable.

4. The receipts under the head of "Gazette sale and advertisement charges" fell from Rs. 2,152 in 1888—89 to Rs. 1,742 in 1889—90. In 1887—88 the amount was Rs. 1,554. These fluctuations are ordinary and do not seem ascribable to any special cause.

5. The expenditure under all heads during the last 3 years is shown below:—

	Rs.
1887—88	30,232
1888—89	34.228
1889—90	37,985

The increase is continuous and follows naturally upon the increase in the work already noticed.

The Superintendent states that a considerable portion of the expenditure is due to the publication of the Proceedings of the Municipalities in the Gazette free of charge and that it is only fair that the Municipalities should be made to pay the cost incurred in the setting up of such Proceedings. But the Government note that it is only the Proceedings of the Municipalities of Mysore and Bangalore Cities that are printed and published free of charge and that this is unavoidable under the existing Law.

6. The financial results of the years under review compare as follows with those of 1887—88:—

	Net Saving to Government. Rs.
1889—90	19,680
1888—89	19,742
1887—88	18,655

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th March 1891.

7. The work of registering books under Act XXV of 1867 is performed by the Press. The number of publications registered during 1889—90 was 128 against 195 in the previous year, but the fee levied for registering copy-right fell from Rs. 84 to Rs. 74. The amount paid by Government under Section 10 of the Act for the purchase of three copies of each of the publications presented for registration, has been decreasing during the last three years. The figures are compared in the margin. This continued decrease is attributed to the low value of the books published which were mostly in Kanarese or Sanskrit, caused partly by the competition among petty printers whose number is said to be increasing.

		Rs.	A.	P.
1887—88	...	316	8	9
1888—89	...	220	8	0
1889—90	...	43	11	6

8. Section 10 of the Act just referred to has been amended in British India so as to relieve Government from payment of any charges on account of books published, Section 4 of Act X of 1890 requiring the printer of every book to deliver a certain number of copies gratis to Government. The question of introducing this and the other changes effected by this last-named Act has been referred to the Legislative Department for consideration.

9. A Branch Press was, under the orders of Government, established in Mysore in November 1888 for the purpose of printing and binding papers connected with the Dewan's Camp Office, the Palace Department and Her Highness the Maharani's Girls' School. The value of the work turned out up to the end of the official year 1889—90 was Rs. 2,998. The Press was inspected in March last by the Superintendent who reports that he is satisfied with the "cleanly and orderly condition of its working."

A. SRINIVASACHARLU,
Under-Secretary.

To—The Superintendent,
Mysore Government Press.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th March 1891.

READ THE FOLLOWING PAPERS :—

Annual Reports on Vaccination in Mysore for the years 1888—89 and 1889—90.

No. 14228—161, DATED 13TH MARCH 1891.

REVIEW THEREON.—The total number of cases vaccinated by the Taluk Vaccinators has been decreasing during the last five years. The figures are as follows :—

	Primary Vaccination.	Re-Vaccination.	Total.
1885—86 ...	98,889	2,164	101,053
1886—87 ...	99,764	800	100,564
1887—88 ...	99,717	663	100,380
1888—89 ...	99,333	578	99,911
1889—90 ...	72,587	720	73,307

The decrease is most marked in 1889—90, as there has been a falling off of nearly 30 per cent as compared with the preceding year. It occurs moreover in all the Districts. But the decrease is probably not real. Previous to 1889—90, the rule was that Vaccinators should vaccinate not less than 100 children every month to entitle them to receive their full pay and this, it is suspected, led them to render fictitious returns. Since the beginning of 1889—90, this rule having been abolished and the temptation to submit false returns removed, the present returns may be regarded as more reliable. The percentage of successful primary operations in 1889—90 has been much better than that of any of the preceding four years. The figures are compared below :—

	Percentage.
1885—86	79·42
1886—87	75·82
1887—88	75·85
1888—89	77·75
1889—90	82·81

2. In re-vaccination the percentage of successful cases has been showing great variations. The high figure of 1887—88 is attributed to a misconception on the part of the Vaccinators that re-vaccination included a second operation performed upon an unsuccessful case. It is hoped that the returns for the last two years are more reliable, and that proper instructions have been issued to Vaccinators to ensure a correct classification of cases of re-vaccination.

	Percentage.
1885—86 ...	66·08
1886—87 ...	73·75
1887—88 ...	83·10
1888—89 ...	70·25
1889—90 ...	77·47

3. The amount of protection afforded by infantile vaccination continues small. The total number of births registered during 1888—89 was 97,982 and the number of deaths recorded of children under one year of age, 11,666. Thus the total number of children available for vaccination was 86,316. Out of this number, the operation was successfully performed upon 13,852 or 16 per cent only. In 1889—90 the proportion was still lower, being 13 per cent.

4. It is satisfactory to find that there has been a continuous increase in the total number of cases verified on inspection by the Deputy Vaccinators during the last 3 years. The number in 1889—90 was 103,369 against 101,623 in 1888—89 and 89,729 in 1887—88. This improvement, however, is not spread all Districts, and there appears to be room for improvement in the work of some of the Districts, notably Hassan, Kadur and Kolar.

The inspection work of the Medical subordinates attached to hospitals and dispensaries, has also been showing a satisfactory advance, the number of cases inspected by them being as follows:—

1887—88	...	...	...	10,123
1888—89	...	...	...	14,455
1889—90	...	...	...	25,870

5. There is a striking difference in the results of the supervision conducted by the Deputy Inspectors and Hospital Assistants. The former show that in 1889—90, the proportion of the number bearing successful marks to the total number inspected was 28·45 per cent, while the latter show that it was 57·21 per cent. The Senior Surgeon seems to think that this difference is probably due to the fact that the inspections of the Hospital Assistants were confined to the Kasaba towns and villages adjoining, while the District Vaccinators inspected more remote places where vaccination is comparatively backward. In this view the work of the Vaccinators in the rural parts requires greater supervision.

6. The number of operations performed by the Medical subordinates amounted in 1889—90 to 5,254 as compared with 4,136 in 1888—89 and 3,099 in 1887—88. The percentage of successful cases in primary vaccinations rose from 71·37 in 1887—88 to 80·11 in 1888—89 and 81·78 in 1889—90. In re-vaccination, there has been a large falling off during the last two years in the proportion of successful cases, for which no explanation has been furnished.

7. The total expenditure on vaccination in the taluks was Rs. 17,754 in 1889—90 as compared with Rs. 17,813 in the previous year, giving an average cost for each successful case of Re. 0—5—0 against Re. 0—3—8. The increase in the average cost of 1889—90 is due to the comparative small number of cases returned as successful during the year.

8. The results of the operations performed with the lymph received from the National Vaccine Institution, London, are reported to have been on the whole fair. Out of 204 cases vaccinated, 114 or 56 per cent were successful.

9. The results obtained in the Municipalities of Bangalore and Mysore compare favorably with those of the taluks. The following statement shows the total number of persons vaccinated, the percentage of successful cases, and the average cost of each successful case in 1889—90:—

	Total Number of Vaccinations.	Percentage of successful Cases.		Average Cost of each successful Case.
		Primary Vaccinations.	Re-vaccination.	
Bangalore	2,951	97·57	16·16	0 2 7
Mysore	2,093	91·19	87·67	0 2 5

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th March 1891.

Compared with the previous year, there was an increase in both the Municipalities in the number of operations performed and a decrease in the average cost of each successful case. The percentage of successful case in primary vaccinations, however, slightly fell.

10. Mortality from small-pox still continues high, the number of deaths being 5,242 in 1889—90 against 5,684 in 1888—89, giving a ratio per mille of population of 1·28 and 1·38 respectively. The draft of a Regulation to render vaccination compulsory in the Mysore Province, has been published in the Mysore Gazette for general information, and as soon as the opinions of the District Officers on the provisions of the Bill are received, the matter will be finally considered and disposed of.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Senior Surgeon to the Government of Mysore.

READ :—

Letter from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, To the Chief Secretary to the Government of Mysore, No. 511, dated Bangalore, 2nd March 1891.

I have the honor to forward for the information of Government copy of a Circular letter addressed to the Deputy Commissioners of the Province recommending that the sanction of Government be asked for the entertainment of trained midwives on a salary of Rs. 20 a month for taluks grouped or single as given in the accompanying statement, or in such other manner as they may deem best, and also for sanction, at the same time, if Government approve of the proposal, to give scholarships or stipends of Rs. 10 a month each to the required number of women during their period of training, *viz.*, one year, at the Lying-in-Hospital, Madras, and I trust Government will view the proposal favourably and if necessary urge on Deputy Commissioners the desirability of carrying it out.

2. What impelled me to do this was a statement made by the Hospital Assistant at Tirumakudlu-Narsipur in his annual report that five women died in childbirth at that place during the past year without any skilled assistance having been rendered to them, as the people would not accept the aid of a Medical *man* on those occasions.

3. Such a large number of deaths, probably several of them preventible, in a small place like Tirumakudlu-Narsipur is lamentable, and I fear it may be taken as an index of what happens more or less throughout the year all over the Province, and I think no one will deny that skilled help on these occasions of suffering and perhaps danger is a very true form of charity and kindness, and I am quite sure the people would appreciate it very much judging from the popularity and usefulness of the few midwives already working under Municipalities.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th March 1891.

From the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, To the Deputy Commissioners of Districts, Circular No. 513, dated Bangalore, 2nd March 1891.

I have the honor to invite your attention to the desirability of securing the services of trained qualified Native midwives for the taluks in your District, grouped and otherwise as noted in the margin, or in such other way as you deem best, as from your more intimate knowledge of the District you will probably be better able to judge than I am as to how they should be distributed, if, in your opinion Municipal or other funds are insufficient to provide one for each taluk head-quarters.

2. If you approve of the proposal and I hope you will, I would suggest your applying to Government for sanction for their entertainment, and also at the same time for sanction to give scholarships or stipends of Rs. 10 a month each to the required number of women during their period of training, *viz.*, one year at the Lying-in-Hospital, Madras, as without some provision of this kind it will be impossible to get midwives.

3. There is much difficulty in getting suitable females both as regards caste, intelligence, &c., to qualify as midwives but if scholarships are available as required, perhaps this difficulty would be gradually overcome.

4. If suitable females belonging to the District could be had so much the better and I would suggest your having inquiries made on this point. They need not necessarily be well educated but if they could read any of the vernaculars in which books on Midwifery are printed, such as Canarese, Telugu, Tamil or Hindustani, it would be very desirable. They should however be of suitable caste, under middle age, if possible, strong, healthy and of good natural intelligence. I do not think Rs. 20 a month would be too much to give them as it is a new business, and without fair attractions in the matter of pay, &c., a good class of women will not be induced to take it up.

5. What urges me to make this proposal is that an Hospital Assistant in charge of a Local Fund Dispensary located in a small town (Tirumakudlu-Narsipur) states in his annual report for the past year that five women died in child-birth at that place during the year without any skilled assistance having been rendered to them, as the people would not accept aid from a Medical *man* on those occasions.

6. Such a large number of deaths, probably several of them preventible, in such a small place is lamentable and I fear it can only be taken as an index of what happens more or less throughout the year all over the Province, and I am of opinion that it would be a true and beneficent form of charity to place skilled help within reach of the people on those occasions of suffering and perhaps danger.

7. A competent midwife would save many lives directly herself by skilful treatment, and indirectly by preventing mischievous and unskilful treatment, and, further, when she may happen to meet with difficult and complicated cases which would be beyond her power to treat, she would inform the relatives accordingly and urge them and perhaps with success to procure more skilled assistance which they would not otherwise do.

8. It is terrible to contemplate the number of poor women throughout the various Districts of the Province who, for want of skilled assistance on these critical occasions, have to endure much avoidable suffering, or too often lose their lives, and I would commend the above proposal to your early and favorable consideration.

9. The duties of the midwives would not of course be limited to the taluk head-quarter towns, their services would be available for all the residents of the taluks.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 18th March 1891.

Statement showing the taluks grouped or singled where midwives are proposed to be employed.

No. 14115-24—Cir. 300, DATED 18TH MARCH 1891.

ORDER-THEREON.—The Government approve of the Circular issued.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Senior Surgeon.
The Deputy Commissioners of Districts.
The Comptroller.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th March 1891.

READ THE FOLLOWING PAPERS:—

The Annual Medical and Sanitary Reports for the years 1888 and 1889.

No. 14225—160 DATED, BANGALORE, 20TH MARCH 1891.

REVIEW THEREON.—The number of births registered during the year 1888 was 97,982, giving a ratio of 23·94 per mille of population against 22·75 in the previous year. In 1889 the number of births fell to 86,864, which reduced the ratio to 21·22 per 1,000 of population. The excess of male over female births was 3·57 per cent in 1889, as compared with 5·76 in 1888 and 3·24 in 1887. The excess of births over deaths, which in 1888 had risen to 6·64 per mille, fell during 1889 to 5·72, which is even lower than that of 1887.

2. The number of deaths recorded in 1889 was 74,618 or 3,827 more than in the previous year. The ratio per mille was 18·23 and 17·30 respectively. The increase in 1889 is said to be due to the high rate of mortality from cholera and fever which prevailed during the year. The figures for this year, however, fall short of those returned in 1887, when the number of deaths was 76,064 and the ratio per mille 18·59. The excess of male over female deaths during the past three years has been as follows:—

	Percentage.
1887	11·40
1888	8·55
1889	6·33

This continued decrease is noteworthy.

3. The report does not furnish the birth and death rates for each District in the Province on the ground that the population of each District as at present constituted is not known with accuracy. But District officers should have been able on the requisition of the Senior Surgeon to furnish him with the number of men and women in their respective Districts as at present constituted and as per Census of 1881. The Census recently taken will however enable the requisite information being supplied in future reports.

4. Mortality among infants under one year old, has been decreasing during the last three years, the ratio per mille being 93·72 for 1889 and 94·6 and 105·79 respectively in 1888 and 1887.

5. The highest rate of mortality occurred in the months of June, July and December in 1888 and in July, November and December in 1889. The record of the figures for each month during the last five years shows that the death rate rises in the months of June and July, the chief monsoon months of the year, and again in December or January, when the cold season is most severe.

6. Fever has as usual been the cause of more than half the mortality during each of the years under review. The Districts which suffered most from it were, as in 1887, Mysore and Shimoga. These were also most severely affected by the ravages of cholera. A great deal is being done to improve the sanitary condition of these two Districts and of the Mysore and Shimoga towns in particular, and the measures adopted are calculated to produce better results in future years.

7. Cholera visited to a greater or less extent every District in the State. The epidemic is said to have been imported by pilgrims returning from Tirupati or other places of pilgrimage. One thousand, five hundred and nin[illegible]y persons fell victims to it in 1889, against 1,015 persons in 1888 and 832 in 1887. With a view to prevent the spread of cholera by infection, Government have sanctioned the construction of quarantine camps and chattrams at important stations along lines of railway for accommodating travellers and pilgrims.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th March 1891.

8. The sanitary works undertaken during the year under notice do not call for detailed remark. It is satisfactory to find that fair progress was made in the improvement of the water-supply of several Municipal towns, and that drainage and conservancy also received a fair share of attention. Much however still remains to be done in towns and villages in which there are no Municipalities. With a view to improve sanitation in these as in other tracts, the Sanitary Commissioner has recommended the formation of District Sanitary Boards which will serve as consultative and executive agencies for the carrying out of sanitary reforms that may be considered needed within the limits of their respective jurisdictions. The suggestion will be considered, but Government must mainly look to its own executive officers and to the existing Local Fund and Municipal Boards for needful action in matters of sanitation and conservancy.

9. Prison statistics show that the health of prisoners in Jail was on the whole satisfactory and slightly better than in the previous year.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Senior Surgeon to the Government of Mysore.

PART I.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 20th March 1891.

READ THE FOLLOWING PAPERS:—

Chief Engineer's Note, dated 25th November 1890, submitting the "Final Issue" of the Public Works Department Budget for 1890—91.

2. Chief Engineer's Note dated 13th March 1891.

Note by the Chief Engineer, dated 25th November 1890.

The accompanying "Final Issue" of the Budget Estimates of the Public Works Department for the year 1890—91, is submitted for sanction with the following remarks.

2. The final Budget Estimates provide for a total expenditure of Rs. 28,17,000 from the following sources:—

		Preliminary Issue. 1890—91.	Final Issue. 1890—91.
Provincial Fund	...	17,00,000	18,50,000
District Funds and Local Fund General	...	5,05,000	5,05,000
Provincial Irrigation Fund ...	...	4,45,000	4,45,000
Palace Fund	...	4,000	17,000
	Total Rs.....	26,54,000	28,17,000
	Difference More Rs.....		1,63,000

3. It will be seen from the above, that the original Budget grant sanctioned in Government Proceedings No. 3163-88—469-94, dated 15th July 1890, is to be augmented by Rs. 1,63,000, of which Rs. 1,50,000 are required under Provincial Budget, and the balance Rs. 13,000 under Palace Budget. The abstract pages 2 and 3 shows the distribution of the final grant over the several Budget heads. Sanction is solicited to the increase now proposed, as the additional grant is absolutely necessary for certain new works since sanctioned and for the enhancement of allotments for larger works now in progress as reported by the Divisional Officers, as will be seen from Part I of detail Budgets.

4. *Provincial Budget.*—The original grant fixed for this Budget was 17 lakhs. It has now been increased to 18½ lakhs, of which Rs. 7,62,000 has been transferred to "Provincial Irrigation Fund," leaving only Rs. 10,88,000 for Provincial works proper against Rs. 9,65,000 provided in the Preliminary Issue. Under "Original, Civil Buildings," the marginally noted works have been struck out and provision made for 7 more new works since sanctioned, and 5 more incomplete works of previous year. The allotments for some of the works, "such as, constructing Quarters for the Military Secretary", and "Extension of Her Highness the Maharani's Girls' School," are apparently small, but endeavours will be made to enhance them by reappropriation, if possible later on, or a supplemental grant will be applied for. The grants allotted under 'Original Communications,' and 'Miscellaneous Public Improvements' have also been increased, owing to greater demands under those heads for sanctioned works, and provision having had to be made for certain new works, and incomplete major works of the past year, at the request of the Executive Engineers.

Converting Garrison Hospital in Fort into a Taluk Cutcherry.

Improving the Treasury Range at Mysore.

Constructing Dispensary at Tirthahalli.

Constructing Police Stations and Lines at Sukravarsante.

Constructing Police Station and Lines at Arehalli.

5. The allotment of Rs. 10,000 provided in Preliminary Issue for the "Water supply for the town of Shimoga," has been resumed, as it will take some time more to mature the project. Under "Repairs," "Civil Buildings" and "Communications," the original provision has been slightly increased, as also under "Tools and Plant."

6. *District Funds Budget.*—The grant originally fixed for this Budget stands good, but the Budget Estimates for the Mysore District proper and French Rocks Sub-Division, which were hitherto shown as one Budget, have now been shown separately in accordance with Government Proceedings No. 9877-80—217 of 12th February 1890. In this Budget also, the allotments for some of the works have been modified according to requirements, some incomplete works of the previous year provided for, also a few new works since sanctioned.

Owing to the proposed increase of 1½ lakhs to the Provincial grant, the establishment charges under District Funds has been proportionately reduced by Rs. 4,000 which has now been added on to the reserve grants of the several Divisions, *vide* abstract pages 8 and 9.

7. *Provincial Irrigation Fund Budget.*—The estimated assets under Irrigation Fund proper, were fixed at Rs. 4,45,000 in para II of Government Proceedings referred to in para 3 of this Note, and the total grant including the grant-in-aid of Rs. 7,62,000 from Provincial Funds, amounts to Rs. 12,07,000 or Rs. 27,000 more than that sanctioned in the Preliminary Issue.

8. The allotments made for some of the Original Major works have either been increased or reduced, according to current year's requirements, and in some cases, the grants required for specific large works could not be provided for to the fullest extent applied for. Provision has also been made for about 28 incomplete works and 11 new works, which were not provided for in the Preliminary Issue. Some of the new projects entered in the above Budget have been omitted, at the instance of the Executive Engineers. The provision for "Repairs," Irrigation has been increased by Rs. 8,000, as the original grant of Rs. 1,72,000 has already been exhausted.

9. The total Budget grant for Irrigation stands as noted below :—

	Rs.
Original Works	8,20,000
Repairs	1,80,000
Establishment	2,07,000
Total.....	12,07,000

10. *Palace Budget.*—This Budget has been increased from Rs. 4,000 to Rs. 17,000, as already remarked, and the necessity for the same will be found from the details given in page 49 of the Final Issue. The formal sanction of Government to the additional grant of Rs. 13,000 is requested.

11. *General Remarks. Establishment.*—The grant originally allotted for this head stands good. Owing to the increase in the grant for "Provincial and Provincial Irrigation Fund Budgets, the rateable distribution of the amount to the several Budgets has been altered as noted below :—

Provincial Fund from	Rs.	1,87,000	to	2,12,000
District Fund do	„	97,000	to	93,000
Provincial Irrigation Fund	„	2,28,000	to	2,07,000

No. 1180—110, DATED, BANGALORE, 20TH MARCH 1891.

ORDER THEREON.—The original Public Works Department Budget grant under "Provincial" was 17 (seventeen) lakhs, but owing to outlay on works sanctioned since the issue of the "Preliminary" Budget and increased allotments for works insufficiently provided for, it is proposed to increase the original grant from 17 (seventeen) to 18½ (eighteen and a half) lakhs in the "Final Issue" of the Budget. In Chief Engineer's Note dated 13th March 1891, it is reported that in spite of every effort made to check the progress of the various works, a still further increase to 19¼ (nineteen and a quarter) lakhs is required.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 20th March 1891.

The increase is all on account of works already sanctioned, and as it would be most undesirable not to push on with the works undertaken to the fullest extent possible, the original grant under "Provincial" is hereby increased from 17 (seventeen) to 19¼ (nineteen and a quarter) lakhs for the current year. With this alteration, the "Final Issue" of the Public Works Department Budget, submitted by the Chief Engineer with his Note of the 25th November 1890 is sanctioned.

The Comptroller will be requested to make the necessary alterations in the General Budget and place the additional amount now sanctioned at the disposal of the Public Works Department at once.

"By Order,"

C. BOWEN, COLONEL, R. E.,
Secretary to Govt. of Mysore,
Public Works Department.

To—The Comptroller in Mysore.
The Executive Engineers of Divisions.
All Deputy Commissioners.
The Examiner, Public Works Accounts.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MARCH 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	427.	3rd	The Compiler, Mysore Gazette.	Notifying the investiture of Mr. Narnaiengar, Assistant Commissioner, Kadur District, with the powers of a Magistrate of the 2nd Class as a temporary measure.

25	13884—204.	Do	The District Magistrate, Chitaldroog District.	Returning duly countersigned a license under the Arms Act.
26	13892—647.	10th	The Assistant to the Resident in Mysore.	Stating that the District Magistrate of Shimoga reports that the shops licensed to vend arms and ammunition in his District have been reduced to the number specified below :— Shimoga Town 3. Tirthahalli Taluk 3. Honnali *do* 1. Sagar do 2. Shikarpur do 1.
27	13893—648.	Do	Do	Requesting the Assistant to the Resident to ask the District Magistrate of Dharwar to expedite the return of the commission transmitted to the District Magistrate through the Resident's office with letter No. 12076—575 of the 3rd January last for the examination of a witness named Bharmaiya, as the case in which this individual's evidence is required stands posted for the 18th instant.
28	14002—1833.	11th	The District Magistrate, Anantapur.	Forwarding duly countersigned five licenses issued by him under the Arms Act for use throughout Mysore during the year 1891.
29	14003—895.	Do	The Comptroller, Huzur Treasury.	Forwarding Rs. 1—4—0 in postage stamps being the amount remitted by the Collector of Anantapur for issuing some licenses under the Arms Act.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
30	13982—394.	12th	The Deputy Commissioner, Hassan District.	Stating that the return of cases of opium smuggling should be submitted to the Excise Commissioner and not to this office.
31	13983-9—Cir. 297.	Do	The Deputy Commissioners of other Districts.	Forwarding copy of the above.
32	14093—403.	16th	The District Magistrate, Hassan District.	Forwarding duly countersigned a license under the Arms Act.
33	14095—371.	Do	The District Magistrate, Kadur District.	Forwarding duly countersigned 23 licenses under the Arms Act.
34	440.	17th	The Compiler, Mysore Gazette.	Notifying that Anamla Rao, Munsiff and 3rd Class Magistrate of Nelamangala, is directed to take down the evidence of witnesses with his own hand in the English language.
35	14157—209.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
36	14197—1897.	18th	The Officiating Inspector General of Prisons.	Sanctioning the remission of 3 months and 26 days of the sentence passed upon convict Venkata, No. 751 of the Mysore Jail and his release on the 12th April 1891.
37	14198—1872.	Do	Do	Sanctioning the remission of a portion of the sentences passed on certain convicts of the Shimoga Jail and their release.
38	443.	Do	The Compiler, Mysore Gazette.	Notifying the investiture under Section 206 of the Code of Criminal Procedure of the undermentioned officers with the power to commit to the Court of Sessions:— Mr. H. Nanjundaraj Ars, General Assistant Commissioner, Mysore District. Lakshminarauappa, Amildar of the Seringapatam Taluk.
39	14209—210.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
40	14203—444.	19th	The District Magistrate, Tumkur District.	Returning duly countersigned a license under the Arms Act.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
41	14270—213.	20th	The Registrar of the Chief Court.	Stating that the annual and monthly returns of sick prisoners in the Jails of this Province need not be submitted in future as the same is not required by the Resident.
42	14284—563.	21st	The District Magistrate, Bangalore District.	Returning duly countersigned a license under the Arms Act.
43	14285—1887.	Do	The District and Sessions Judge, Nundydroog Division.	Forwarding an Assessor's summons duly served on K. Gurumurtaiya of this Office.
44	14288—261.	Do	The petitioners Narasimmaiengar, late Sheristadar of the District and Sessions Court, Nundydroog Division, and 2 others.	Stating in reply to their memorial that Government see no sufficient grounds for the appointment of a Bench of Magistrates to try the criminal case against them; that the transfer of their trial from the Kadur District to Bangalore will not be ordered, as it would cause unnecessary inconvenience to the Magistrate and to the witnesses; that the trial of the case in the Kadur District would be the most convenient arrangement for all parties concerned and could place the defence under no disadvantage whatever; and that Government are unable to grant them copies of the proceedings or reports of the Special Police investigatory officers in connection with the case.
45	14289—214.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
46	14323—666.	23rd	The Assistant to the Resident in Mysore.	Stating that instructions have been issued to cause the information required in connection with a case of kidnapping to be supplied direct to the Malabar Police.
47	14324—546.	Do	The Deputy Commissioner, Kolar District, through the Inspector General of Police.	Forwarding copy of endorsement No. 862 of 19th March 1891 from the Assistant to the Resident, with a request that he will cause the required information relating to the case of kidnapping to be supplied direct to the Malabar Police and report the fact of having done so to this Office.
48	14349—568.	Do	The District Magistrate, Bangalore District.	Requesting that the name of K. Gurumurtaiya of this office may be removed from the list of persons capable of serving as Jurors and Assessors, as his absence from office on his duty causes much inconvenience.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
49	14394—1904.	26th	The District Magistrate of Anantapur.	Transmitting a license under the Arms Act duly countersigned for use throughout Mysore.
50	14395—911.	Do	The Comptroller.	Forwarding postage stamps for 4 annas being the fee levied for countersigning the above mentioned license.
51	14422—1908.	27th	The Director of Archæological Researches in Mysore.	Stating that, under Section 216 of the Criminal Procedure Code Regulation I of 1886, the committing Magistrate cannot refuse to summon a witness cited for the defence whether he is an European British Subject or not unless the Magistrate has reason to believe that any particular witness was included in the list for the purpose of causing him vexation, but when the Magistrate is satisfied that the evidence of a witness is material for the defence and issues a summons, the witness is bound to appear.
52	448.	30th	The Compiler of the Mysore Gazette.	Notifying the investiture under Section 14 of the Code of Criminal Procedure of Mr. D. A. Choksi, L. M. S., Acting Superintendent of the Central Jail, Bangalore, with the powers of a Magistrate of the 2nd Class, in respect of offences committed within the precincts of the Jail.
53	14490—1919.	Do	The Officiating Inspector General of Prisons.	Forwarding a copy of the above.
54	14497—456.	Do	The District Magistrate, Tumkur District.	Returning duly countersigned a license under the Arms Act.
55	14506—414.	Do	The District Magistrate, Hassan District.	Returning duly countersigned 3 licenses under the Arms Act.
56	14505—872.	Do	The District Magistrate, Mysore District.	Returning duly countersigned a license under the Arms Act.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 31*st March* 1891.

A. SRINIVASACHARLU,
Under-Secretary.

Exd.—B. G. R.

PART II.

REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MARCH 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	13334—623.	2nd	The Assistant to the Resident in Mysore.	Forwarding the estimate of the acreage under wheat cultivation and of the out-turn in the State for the year 1890.
2	13336—535.	Do	The Deputy Commissioner of the Bangalore District.	Observing that the action of the Amildar Sitaramaiya in fixing the compensation for lands required for the road and channel leading to No. II Miller's Reservoir without first taking mutchalikas from the raiyats concerned was irregular; and stating that his explanation should be obtained on this point and also on what authority he subsequently raised the compensation list, adding some more lands thereto; that his explanation should be submitted with the Deputy Commissioner's remarks; and that it should also be stated who was the Sheristadar of the District office when these lists were sent up to Government apparently without any scrutiny.
3	13337—331.	Do	The Deputy Commissioner of the Shimoga District.	Forwarding a copy of the above for communication to Mr. Sitaramaiya.
4	13338—625.	Do	The Assistant to the Resident in Mysore.	Forwarding extract from letter No. 835 of the 14th ultimo, from the Deputy Commissioner of the Bangalore District, regarding certain lands required for the road and channel leading to Miller's Reservoir; and stating that it has been found necessary to proceed to acquire the lands under the Land Acquisition Act, and that the compensation due will be fixed under its provisions; and that the Darbar trust that the Resident will be good enough to cause the compensation which may be so fixed to be accepted and paid by the Municipality of the Civil and Military Station.
	13471—374.	Do	The Deputy Commissioner of the Hassan District.	Recording letter No. 386, dated the 19th October 1890, from the Deputy Commissioner of the Hassan District, submitting a copy of docket

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				from the Excise Commissioner stating that in the Contract Bond of the Hassan District where it concerns the supply of toddy from the Belur and Arsikere Taluks to the shops in the Kadur District, the insertion of the clause as per para 4 of Government Proceedings No. 9725-34--212, dated the 12th March 1890, may be made and that a supplementary order be issued by the Deputy Commissioner to the effect that there being no mamul, the "Shendi" will not be supplied to the Kadur District.
6	13472—375.	2nd	The Deputy Commissioner of the Hassan District.	Stating, with reference to the misapprehension among the Amildars in the Hassan District with regard to the disposal of hulbanni, that his interpretation that the phrase "all unoccupied Government lands" used in Proceedings No. 2360-9—55, dated the 16th July 1884 includes "all assessed unoccupied and unassessed kharab lands," is correct; that if he would propose a separate treatment of assessed and unassessed waste and advise the continued sale of the latter, he should submit such proposal clearly supported by his reasons for the same; that, if in consequence of unassessed waste being extensive and chiefly sought for grazing purposes by breeders of cattle as is often the case in the Hassan District, the existing practice of selling the unassessed waste has been profitable to Government and cause for no complaint on the part of the village communities, there is apparently no reason why the existing practice should not continue pending the introduction of an acreage hulbanni rate which is under the consideration of the Government.
7	12473-4—376.	Do	The Deputy Commissioner of the Hassan District and the Survey Superintendent.	Sanctioning the alienation of 4 acres out of Gomal land Survey No. 27, situated in the village of Yadakere in the Manjarabad Taluk, in favor of the raiyats for extending the old village site, with the remark that area recommended which is large is allowed in view of prospective requirements as recommended by the Deputy Commissioner; and directing that care be taken that unduly large areas are not allowed for each house.
8	13507-9—807.	Do	The Deputy Commissioner of the Mysore District, the Survey Superintendent and the Inam Superintendent.	Sanctioning the restoration of certain lands in the Karbilu Village of the Nagamangala Taluk as Kulvadi Inam in favor of Singri and Kalyani, subject to payment of the former jodi, *viz.*, Rs. 5—13—2

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
9	13542—1777.	2nd	T. Narahari Rao, Esq., District and Sessions Judge, Nundydroog Division.	Sanctioning the acquisition by purchase of certain land by T. Narahari Rao, Esq., in the village of Tannirnahalli in the Bangalore Taluk.
10	13543—199.	Do	The Registrar of the Chief Court.	Forwarding a copy of the above.
11	13481-2—335.	3rd	The Deputy Commissioner of the Shimoga District and the Superintendent of Inam and Survey Settlements.	Accepting the razinama tendered by the Archick of Venkataramanaswami Temple at Belur, Nagar Taluk, for certain unproductive inam lands attached to the temple in the said village, and directing that the inam lands be resumed to Government and given out for cultivation on full assessment when applied for; and sanctioning the writing off of the arrears of jodi due on them from the year 1885—86 to 1889—90 at Rs. 24—11—0 per annum; and directing that the title-deed issued to the Archik by Inam Department be obtained and forwarded to this office for cancellation.
12	13440—805.	Do	The Deputy Commissioner of the Mysore District.	Requesting him to submit a full and clear report of the facts connected with the petition from Kurma Subbannachar of Sarvamanya Turganur Village in the Tirumakudlu-Narsipur Taluk, complaining that he is called upon to pay assessment on land which forms part of what was granted for site for chattram, temple, &c., subsequently built by Naul Krishna Das.
13	13499-500-526.	Do	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning the writing off of irrecoverable balances of the Sidlaghatta Taluk amounting to Rs. 2,596—13—7 for the years 1876—77 to 1889—90.
14	13491-8—Cir. 286.	Do	The Deputy Commissioners of Districts.	Forwarding for information and guidance letter No. 653-461—8, dated the 2nd instant, from the Assistant to the Resident inMysore stating that the weight of "Jade and Jadcite" and "quartz" should in future be shown in "lbs" instead of "carats" with the necessary modification in the "total" entries under gem stones, and that fractions of weight and value may be omitted in all cases in the return of Gems and Minerals.
15	13511—809.	Do	The Deputy Commissioner of the Mysore District.	Stating that the Government are unable to comply with the application of Mr. Rama Rao, Jahgirdar of Mahadevapura, for a loan from the Government Funds for the relief of his encumbered estate.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
16	13573-5—815.	3rd	The Deputy Commissioner of the Mysore District, the Survey Superintendent and the Inam Superintendent.	Sanctioning the restoration of the service inam lands attached to the Kulvadi office of Devahalli in the Nagamangala Taluk, subject to the payment of the usual jodi of Rs. 3—7—10.
17	13580—337.	Do	The Deputy Commissioner of the Shimoga District.	Stating, on the subject of the grant on Shraya tenure of garden No. 53 in the Karumane Village of the Sagar Taluk that the false report of the Shanbhog and the Shekdar with reference to the number of arecanut trees in the garden requires to be more severely noticed than by a mere warning; that the Deputy Commissioner will report the action which he further takes in the matter; that he will now deal with the case on its merits; and that, if Shraya is to be granted, he will report the case in the usual course, through the Survey Superintendent.
18	13584-5—361.	Do	The Deputy Commissioner of the Kadur District and the Survey Superintendent.	Sanctioning the alienation of 3 acres of free grazing land out of Survey No. 125 in the Konabur Village of the Yedahalli Sub-Taluk, in favor of Mr. Elder, the Honorary Secretary of the Balehonnur Gymkhana Club, for building the Club House, &c.
19	13632-3—546.	Do	The Deputy Commissioner of the Bangalore District and the Survey Superintendent.	Sanctioning the writing off of the assessment on land Survey No. 25, dry portion, measuring 2 acres and 9 guntas and assessed at Rs. 8—8—0 and wet portion, measuring 28 guntas and assessed at Rs. 4, in the village of Gollahalli in the Devanhalli Taluk, taken up for forming a nursery in connection with the newly opened Government Plantation at Sambargida Kaval.
20	13646-8—383.	Do	The Deputy Commissioner of the Hassan District, the Survey Superintendent and the Inspector General of Forests and Plantations.	Sanctioning the writing off of the assessment on certain lands taken up for the purpose of opening a Sandal Plantation in the Kollahalli and Basavanhalli Villages of the Manjarabad Taluk.
21	13653-4—341.	Do	The Deputy Commissioner of the Shimoga District and the Comptroller.	Sanctioning the remission of the moiety of wet assessment on lands under the Basappanakere Tank, No. 165 of the Channagiri Taluk, laid waste for want of water amounting to Rs. 167—11—2 (including local cess and tank fund).

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
22	13733-4—547.	3rd	The Deputy Commissioner of the Bangalore District and the Survey Superintendent.	Sanctioning the alienation of land, Survey No. 20 (dry) measuring 2 acres and 10 guntas and assessed at Rs. 3 in the Venkatesapura Village of the Dodballapur Taluk in favor of certain raiyats of Dod Hejjaji for rebuilding the former bechirakh village and the remission of the proportionate assessment thereon, the old village site being assessed as proposed.
23	13735—430.	Do	The Deputy Commissioner of the Tumkur District.	Refusing to sanction the alienation of certain land in favor of one Krishnamachar of Gubbi for building purposes, as the proposal, involving as it does, a permanent loss of revenue to Government, is not supported by sufficient reasons, and as there is nothing to show why the provisions of Section 63 of the Land Revenue Code do not apply to this case.
24	13738-9—432.	Do	The Deputy Commissioner of the Tumkur District and the Survey Superintendent.	Returning the file of records connected with the claim of Mr. V. N. Narasimha Iyengar for one-fourth of the assessment of the lands irrigated by the Tingalur Tank in the Maddagiri Taluk, from 1876—77 to 1886—87, with a request that the Deputy Commissioner will represent the matter in the fullest detail to the Survey Superintendent in the first instance in the usual course; and stating that the Survey Superintendent will then submit the whole case with his opinion and recommendations for the consideration and orders of Government.
25	13950-1—551.	Do	The Deputy Commissioner of the Bangalore District and the Survey Superintendent.	Sanctioning the proposal of the Deputy Commissioner to allot the lands bearing Survey Nos. 2, 3, 73, 90, 13, 67, 68, for the free pasturage of cattle of the Vibutipur Village in the Bangalore Taluk, in lieu of the existing gomal lands which are inconveniently situated for grazing purposes and are therefore to be assessed and give out for cultivation.
26	13952-5—533.	Do	The Deputy Commissioner of the Kolar District, and the Survey Superintendent, Inam Superintendent and the Comtroller in Mysore.	Sanctioning the alienation of certain lands in favor of the Public Works Department and the Municipality for constructing the Public Works Department Sub-Division Office, the Local Fund Dispensary and the weekly market at Chintamani, and the remission of assessment thereon, and the allotment of certain Government waste lands as inam in lieu of the Toti and Bhajabhajantri service inam lands taken up from Rama and certain others.
27	14005-6—539.	Do	The Deputy Commissioner of the Kolar District and the Comptroller in Mysore.	Sanctioning with certain remarks the remission of Rs. 3,282—7—1 being the irrecoverable balances of the Bowringpet Taluk for the year 1887—88.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
28	13839-40—89.	4th	Mr. H. F. Strickland, Bangalore, and the Deputy Commissioner of the Hassan District.	Stating that the Government are pleased to sanction an extension of one year for the formation of a working company for the Madihalli Block, the lease for which was granted to Mr. Strickland in March 1889, and hope that there would be no further delay in the formation of a sound *bonâ fide* working company.
29	13569-70—428.	5th	The Deputy Commissioner of the Tumkur District and the Survey Superintendent.	Sanctioning the writing off of the proportionate assessment, *viz.*, Rs. 5 on the acres 5 and 2 guntas of State land taken up by the Public Works Department, out of Survey No. 8 (dry) in the Badavanahalli Village of the Maddagiri Taluk for the construction of an Inspection Lodge.
30	13586-7—362.	Do	The Deputy Commissioner of the Kadur District and the Survey Superintendent.	Sanctioning the alienation of 20 guntas of land out of Survey No. 2 (kharab) of the Talamakki Village of the Koppa Taluk, in favor of Mr. Pilkington, for making a road running from his bungalow (Survey No. 1) to his estate (Survey No. 4) and passing through (Survey No. 2); and directing that a nutchalika be taken from Mr. Pilkington to keep the road open for public traffic when necessary.
31	13589 90—197.	Do	The Deputy Commissioner of the Chitaldroog District and the Survey Superintendent.	Sanctioning the alienation of 1 acre of land out of Survey No. 28 part 2, in favor of the inhabitants of the Dasaraobenahatti Village of the Molkalmuru Taluk for extending the old village site, the proportionate assessment thereon, *viz.*, annas 4, being written off the accounts.
32	430.	Do	The Compiler of the Mysore Gazette.	Forwarding for publication a statement showing the absorption of villages in the Malur Taluk.
33	13624—164.	Do	The Survey Superintendent.	Forwarding a copy of the above.
34	13805—166.	Do	The Superintendent, Revenue Survey.	Forwarding certain papers on the subject of certain lands proposed to be made over to one Narasinga Rao in lieu of the Jodi lands granted to his ancestors for constructing a chattram and planting a tope at Arsikere and Gandasi respectively, but subsequently resigned by him, with a request that the Deputy Commissioner will report for the information of the Government, whether in his opinion, this is not one of the cases the settlement of which will have to be revised when the new rules which are under consideration for settlement of Chattram and Amarayi Inams are passed.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
35	13723—641.	7th	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India two manuscript copies of the return of prices current of food grains and salt in the State for the fortnight ended 28th February 1891.
36	13724-31—Cir. 290.	Do	The Deputy Commissioner of the Shimoga District and the Deputy Commissioners of other Districts.	Stating that grounds reserved for camping purposes should not have been sold without the previous sanction of Government; and that such sanction will not be granted without consultation with the Military Department; and that the sale of land Survey No. 100, measuring 20 acres and 25 guntas and assessed at Rs. 7 in the Talaguppa Village of the Sagar Taluk, in the present case which has not yet been confirmed, is cancelled.
37	13888—1819 L. 376.	Do	The President of the Bangalore City Municipal Board.	Forwarding for consideration petition No. 2488 of 1890—91 from Venkataramaiya, betel-leaf seller and others in the Bangalore City praying for a uniformity of rates, &c., in both the Cantonment and City on the introduction of octroi in the former.
38	13924-5—438.	Do	The Deputy Commissioner of the Tumkur District and the Survey Superintendent.	Sanctioning the alienation of certain lands in Badobanahalli in favor of Earabomma and certain other raiyats for rebuilding the bechirakh village of Badobanahalli in the Maddagiri Taluk and stating that the remission of assessment involved in this case is so trifling that the Deputy Commissioner might have disposed of the case under the provisions of Section 63 of the Land Revenue Code.
39	13900—286.	8th	The Deputy Commissioner of the Mysore District.	Requesting further information regarding the Somasamudram Kalikere Tank in the Chamrajnagar Taluk.
40	13800—644.	9th	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India 5 printed copies of the return of prices current of food grains and salt in the Province for the fortnight ended 15th February 1891.
41	13871-7—294.	Do	The Deputy Commissioners of Districts.	Requesting them to show the revenue derived from sandal, in a fresh column to be opened for the purpose, in the Statement Revenue Serial No. 7.
42	13965-6—1831.	Do	Mr. A. Raghavendra Rao and the Deputy Commissioner of Mysore District.	Permitting Mr. A. Raghavendra Rao, Acting Assistant Commissioner, Dewan's Office, to purchase land bearing Survey No. 689 in the Arakere Village, Seringapatam Taluk.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
43	14075-7—401.	9th	The Deputy Commissioner of the Hassan District, the Survey Superintendent and the Superintendent, Inam Settlements.	Sanctioning the allotment of dry land Survey No. 17, measuring 5 acres and 22 guntas and assessed at Rs. 2—12—0 as inam in favor of the Kulvadi of Muttige Village of the Manjarabad Taluk in lieu of his service inam land built upon by Mr. Hunt, a coffee planter.
44	13923—533.	10th	The Deputy Commissioner of the Kolar District.	Sanctioning the establishment of a weekly fair at Aitarasanahalli, Dalasanur Hobli, Kolar Taluk, and requesting him to submit a report at the end of the year.
45	13908-9—347.	11th	The Deputy Commissioner of the Shimoga District and the Compiler of the Mysore Gaztte.	Approving of the Deputy Commissioner's action in putting off the sale of the right to collect toll at the Agumbi Toll gate to the 20th instant, as it was not held on the 3rd instant as the Taluk officials were then out on Census work.
46	13911—650.	Do	The Assistant to the Resident in Mysore.	Stating that as the land which was recently made over to the Madras Railway for extending the Bangalore City Station was waste and in possession of the City Municipality, no compensation is payable therefor.
47	13912—549.	Do	The Deputy Commissioner of the Bangalore District.	Do do do
48	437.	Do	The Compiler of the Mysore Gazette.	Notifying that certain lands attached to the Mallanahalli Village of the Bangalore Taluk are required for the northern extension of the Bangalore City.
49	13964—552.	Do	The Deputy Commissioner of the Bangalore District.	Forwarding a copy of the above.
50	14078-9—349.	13th	The Deputy Commissioner of the Shimoga District and the Superintendent, Revenue Survey.	Sanctioning the writing off of the assessment on land Survey No. 17 measuring 12 acres and 10 guntas and assessed at Rs. 9—8—0 in the Tevar Chatnahalli Village of the Shimoga Taluk taken up for a Revenue Plantation in 1888.
51	14086—655.	16th	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India 5 printed copies of the return of prices current of food grains and salt in the Province for the fortnight ended 28th February 1891.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
52	14108—168.	17th	The Survey Superintendent.	Forwarding letter No. 1383 of the 17th February 1891 from the Officiating Deputy Commissioner of the Mysore District with its enclosures regarding the reservation of Toddy trees to the Jodidar of Balmuri and two other villages of the Seringapatam Taluk, ordered by the Sub-Division Officer, French Rocks, as Settlement Officer, within the meaning of clause 4, Rule III of the Revised Survey Rules, with the request that the Survey Superintendent will dispose of the claim of the Jodidar to the trees in question under the rules just as he would have done if these were Government villages.
53	C. A.	Do	The Deputy Commissioner of the Mysore District.	Directing the acquisition of the road from Attikan (Morris' Estate) to Punjur for Government.
54	C. B.	Do	The Inspector General of Forests.	Forwarding a copy of the above.
55	C. C.	Do	Mr. Sanderson.	Do
56	C. D.	Do	Mr. Morris.	Do
57	14131-2—558.	Do	The Deputy Commissioner of the Bangalore District and the Survey Superintendent.	Sanctioning the alienation of 7 acres of land out of Survey No. 57, in favor of the raiyats of the Kamasandra Village of the Devanhalli Taluk for constructing a new village in lieu of the old one, the proportionate assessment thereon, *viz.*, Rs. 10—8—0 being struck off the accounts and directing that the old village site be assessed and given out for cultivation.
58	14135-6—542.	Do	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning the remission of the moiety of the wet assessment on lands situated under the Timmasani Amani Tank in the Sidlaghatta Taluk, amounting to Rs. 188—5—3 (including local cess) for the year 1889—90; and drawing the attention of the Deputy Commissioner to Rule V of the rules published with Proceedings No. 9792-800—Cir. 214 of the 5th March 1890 which requires the Deputy Commissioner or one of his Assistants to decide after personal inspection what lands are entitled to the reduced temporary assessment under Rule II; and

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				stating that the Amildar's certificate in this case is inadequate.
59	14234-41—Cir. 302.	17th	The Deputy Commissioners of Districts.	Directing that, a supplemental statement showing the Demand, Collection, and Balance (as per details given) under certain heads, be prepared and submitted hereafter along with the Annual Return No. 31; and drawing their attention to 3 Circulars laying down instructions relating to the preparation of the Ahawal, Atchkat and Demand, Collection and Balance returns for the year 1890—91.
60	14127-659.	18th	The Assistant to the Resident in Mysore. Under-Secretary.

Exd—B. G. R.

PART II.

GENERAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MARCH 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	13679—261.	1st.	Messrs. Arbuthnot and Co., Madras.	Acknowledging their letter of the 12th February, and requesting them to arrange with their London Firm to pay all charges of the instruments to be supplied by Mr. J. H. Steward of London and charge the same to their account with the Darbar.
2	13369-70 143.	2nd.	The Senior Surgeon and the Comptroller.	Approving the appointment of K. Shama Rao, as 2nd Class Deputy Inspector of Vaccination, from the 22nd January 1891, on probation for 6 months.
3	424.	Do	The Compiler of the Mysore Gazette.	Notifying that Colonel J. A. Campbell, Deputy Commissioner, Kadur District, is granted privilege leave of absence for 2 months with effect from the 1st March 1891 or from such date as he may avail himself of the same, and that, Mr. T. Raghavendra Rao, Assistant Commissioner, is appointed to act as Deputy Commissioner and District Magistrate of Kadur during the absence of Colonel Campbell temporarily until further orders.
4	13339—354.	Do	Colonel J. A. Campbell, Deputy Commissioner of the Kadur District.	Forwarding a copy of the above.
5	13340—1755.	Do	Mr. T. Raghavendra Rao, Officiating Deputy Commissioner.	Do do
6	13420-1768—*L.* 363.	3rd.	The President of the Mysore City Municipality.	Stating that Mr. Virasangappa and several other Members of the Mysore City Municipality have been in office for more than 3 years and have therefore no right to continue in appointment unless appointed by Government and requesting him to submit a list of all the Members who have been in office for upwards of 3 years and report

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				the names of those whom he would appoint in their stead.
7	13429—626.	3rd.	The Assistant to the Resident in Mysore.	Forwarding a statement showing the traffic of goods and passengers on the Gudalur road for the month of January 1891.
8	13431—627.	Do	Do do	Forwarding promotion recommendation rolls, for the half year ending 28th February 1891, of the Imperial Public Works Officers serving in Mysore.
9	13432—271.	Do	The Chief Engineer of Mysore.	Forwarding copy of the above.
10	426.	Do	The Compiler, Mysore Gazette.	Notifying the grant of 15 days' privilege leave to C. Subba Rao, Deputy Amildar of Kumsi, from the 8th February 1891.
11	13475—334.	Do	The Deputy Commissioner, Shimoga District.	Forwarding copy of the above with the intimation that the arrangements he proposed for the conduct of Subba Rao's work may be carried out.
12	13501—527.	Do	The Deputy Commissioner of the Kolar District.	Observing that the detailed lists of unserviceable Revenue Records to be destroyed cannot, under the standing orders, be dispensed with, as they are the only substitutes for what may be destroyed and the only means by which officers superior to the sorting Clerks can check the work of sorting, and that one result of dispensing with such lists will be the great risk of a promiscuous and indiscriminate destruction of records only nominally assorted.
13	13513—811.	Do	The Deputy Commissioner of the Mysore District.	Recording docket No. 1411 of the 25th February 1891 from the Officiating Deputy Commissioner of the Mysore District, reporting that a shock of earthquake was felt at Mandya and Maddur on the night of the 16th idem at 8 P. M. and that no injury was done to any one but a slight misplacement of the tiles, &c.
14	13535—146.	Do	The Senior Surgeon.	Stating that on the explanation of the Tirupati Head Peshkar, he was informed that he was expected to report whenever there was cholera and that his explanation for failure to do so in the instance brought to notice by the Senior Surgeon was unsatisfactory.
15	13708—147. L. 374.	Do	Do do	Recording docket No. 92, dated the 10th January 1891, from the Senior Surgeon, requesting the issue of early orders regarding the construction of a Dispensary building at Sethalli in the Hassan District.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
16	13547—632.	3rd.	The Assistant to the Resident in Mysore.	Requesting him to obtain for the use of the Darbar 6 copies of the Madras Famine Code as in force at present together with all the Rules and explanatory Circulars issued thereunder.
17	13571—814.	4th.	The Deputy Commissioner, Mysore District.	Approving the grant of 3 days' casual leave to Govindappa, Amildar of the Chamrajnagar Taluk.
18	13572—863.	Do	The Comptroller.	Forwarding copy of the above.
19	13603—1782.	Do	The Census Superintendent in Mysore	Stating that no notice need be taken of the manifesto issued by the Lingayets of Bangalore relating to their classification in the census returns.
20	13486—628.	Do	The Assistant to the Resident.	Forwarding a supplemental return of Europeans and East Indians employed in the State as it stood on the 1st January 1891.
21	13546—1778.	Do	The Excise Commissioner.	Requesting the submission of the whole of the correspondence connected with the controversy between the Excise Commissioner and the Excise Assistant Commissioner.
22	13760—262.	Do	Messrs. Leighton and Co., Madras.	Requesting them to send a copy of Rapier's "Remunerative Railways for new countries" with a bill of cost.
23	13736-7 431.	Do	The Deputy Commissioner, Tumkur District, and the Chief Engineer and Secretary, Public Works Department.	Permitting Mr. Raghavacharlu, Police Superintendent, to occupy the Government building at Tumkur on the condition that it shall be vacated whenever required by Government and stating that the rent will be fixed and recovered under rules in the Public Works Department.
24	13754-5—1805.	Do	V. P. Madhava Rao, Esq., Deputy Commissioner, on Special Duty and the Deputy Commissioner, Shimoga District.	Sanctioning the proposal of Mr. Madhava Rao to place the District Surveyor of Shimoga at his disposal for 2 months and requesting the Deputy Commissioner of Shimoga to report if it is necessary to employ a substitute for the Surveyor for this short period.
25	13604—1784.	Do	The Compiler, Mysore Gazette.	Requesting him to supply each of the Head Masters of the 5 District High Schools, *viz.*, Kolar, Tumkur, Hassan, Chikmagalur and Chitaldroog, with a copy of the Mysore Gazette.
26	13605—1785.	Do	The Education Secretary.	Forwarding copy of the above.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
16	13547—632.	3rd.	The Assistant to the Resident in Mysore.	Requesting him to obtain for the use of the Darbar 6 copies of the Madras Famine Code as in force at present together with all the Rules and explanatory Circulars issued thereunder.
17	13571—814.	4th.	The Deputy Commissioner, Mysore District.	Approving the grant of 3 days' casual leave to Govindappa, Amildar of the Chamrajnagar Taluk.
18	13572—863.	Do	The Comptroller.	Forwarding copy of the above.
19	13603—1782.	Do	The Census Superintendent in Mysore	Stating that no notice need be taken of the manifesto issued by the Lingayets of Bangalore relating to their classification in the census returns.
20	13486—628.	Do	The Assistant to the Resident.	Forwarding a supplemental return of Europeans and East Indians employed in the State as it stood on the 1st January 1891.
21	13546—1778.	Do	The Excise Commissioner.	Requesting the submission of the whole of the correspondence connected with the controversy between the Excise Commissioner and the Excise Assistant Commissioner.
22	13760—262.	Do	Messrs. Leighton and Co., Madras.	Requestiug them to send a copy of Rapier's "Remunerative Railways for new countries" with a bill of cost.
23	13736-7 431.	Do	The Deputy Commissioner, Tumkur District, and the Chief Engineer and Secretary, Public Works Department.	Permitting Mr. Raghavacharlu, Police Superintendent, to occupy the Government building at Tumkur on the condition that it shall be vacated whenever required by Government and stating that the rent will be fixed and recovered under rules in the Public Works Department.
24	13754-5—1805.	Do	V. P. Madhava Rao, Esq., Deputy Commissioner, on Special Duty and the Deputy Commissioner, Shimoga District.	Sanctioning the proposal of Mr. Madhava Rao to place the District Surveyor of Shimoga at his disposal for 2 months and requesting the Deputy Commissioner of Shimoga to report if it is necessary to employ a substitute for the Surveyor for this short period.
25	13604—1784.	Do	The Compiler, Mysore Gazette.	Requesting him to supply each of the Head Masters of the 5 District High Schools, *viz.*, Kolar, Tumkur, Hassan, Chikmagalur and Chitaldroog, with a copy of the Mysore Gazette.
26	13605—1785.	Do	The Education Secretary.	Forwarding copy of the above.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
27	13551—636.	5th.	The Assistant to the Resident in Mysore.	Forwarding 8 copies of the printed volume of Proceedings of the Government of Mysore for the month of January 1891.
28	A.	Do	The Compiler, Mysore Gazette.	Notifying the following acting appointments during the absence of Colonel Campbell on leave:— Mr. Sparkes, Railway Magistrate and Superintendent of Central Jail, to act as the Deputy Commissioner and District Magistrate of Kadur. 84	14169—901.	Do	The Comptroller to the Government of Mysore.	Forwarding a copy of letter No. 525 of the 10th December last from the Registrar of the Chief Court stating that Mr. N. Venkata Rao has passed in addition to the Judicial and Revenue subjects, in the papers in Finance and Registration.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
85	14171—1859.	17th.	The Census Superintendent in Mysore.	Recording a copy of his letter addressed to the Census Commissioner for India, relating to the classification of the Town and Civil and Military Station of Bangalore as distinct and independent Cities and the registration of Mysore as a separate City.
86	14102—1851.	18th.	The Director of Agriculture and Statistics in Mysore.	Forwarding 40 copies of each of the Circular Nos. 1, 2, 3 and 1 copy of Circular No. 4, relating to the registration of rain-fall.
87	14208—206.	Do	The Deputy Commissioner of the Chitaldroog District.	Requesting him to take charge of the Anche Building at Chitaldroog in communication with Superintendent of Post Offices, Shimoga, the same being not required by the Imperial Postal Department.
88	14128—660.	Do	The Assistant to the Resident in Mysore.	Forwarding 8 copies of the report of the Amrut Mahal Department for the year 1889, with the Dewan's Review thereon.
89	14233—663.	19th.	Do do	Forwarding a statement of the traffic both of goods and passengers on the Gudalur road in the Gundlupet Taluk for the month of February 1891.
90	14242-9—Cir. 303.	Do	The Deputy Commissioners of Districts.	Stating that the Government have had several occasions to notice the delay on the part of some of the District Officers in submitting the Periodical Returns to this office and to point out to them numerous mistakes in their preparation without due regard to the instructions issued from this office from time to time; that the repeated warnings however appear to have had no effect on the subordinates of the District Offices responsible for their preparation, for, the Government again find that either the returns are not punctually submitted, or if submitted in time, they are prepared so carelessly by some irresponsible officials without apparently any scrutiny by the Chief Ministerial officers that it often entails a great deal of unnecessary correspondence between this and the Deputy Commissioners' offices to obtain correct statistics; that this state of things is any thing but desirable; and requesting the Deputy Commissioners therefore to take special personal interest in the preparation and submission of correct returns to this office and to hold their Chief Ministerial officers responsible for their correct preparation and punctual submission; any neglect or inattention on their part being severely noticed by the Deputy Commissioners.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
91	14273—1880.	19th.	The Vice-President of the Bangalore City Municipality.	Stating that the Superintendent of Stationery reports that he is unable to undertake to supply stationery to the Municipality, the articles obtained being very limited in quantity and for the exclusive use of Government Offices only.

1	553 R.	25th	The Assistant to the Resident.	Requesting to obtain sanction of the Government of India for the entertainment of Mr. A. H. Butcher, as a Temporary Engineer, for three months on the Hindupur Line, from or about the 1st April 1891, on Rs. 300 per mensem.
				Buildings.
1	866.	5th	The Executive Engineer, Bangalore Division.	Informing that Government have approved of carpets being provided for "Awdry House" at Ootacamund and forwarding a lump sum estimate of Rs. 708 for this item, duly sanctioned, for immediate execution.
				Irrigation.
1	853—76.	Do	The Deputy Commissioner, Tumkur District.	Informing that Government have ordered that the restoration of the Besigi Tank, Registered No. 88 of Tiptur Taluk, should be completed, as the tank if left in its present state, is sure to sustain damage, and as it is considered inadvisable in this case to breach the tank, since there is no danger to tanks below; and that the Executive Engineer has accordingly been directed to have the restoration of the tank at old kodi level carried out as soon as possible. Also requesting Deputy Commissioner to call upon the raiyats to show cause why the rules should not be enforced for the recovery of the contribution promised by them in a formal mutchalika, and to submit their statement with his own opinion.
2	854—77.	Do	The Executive Engineer, Tumkur Division.	Communicating the above.

				Establishment.
1	832—73.	4th	The Compiler, Mysore Gazette.	Notifying that Colonel C. Bowen, R. E., Chief Engineer and Secretary to the Government of Mysore, Public Works Department, has been granted privilege leave of absence for 3 months with effect from the 24th instant or date of departure.
2	1050—100.	13th	Do	Notifying the grant to Mr. F. J. McLaughlin, Executive Engineer, Ashtagram Channel Division, of privilege leave of absence for 3 months with effect from the 24th March 1891, or date of departure, and the transfer of Mr. D. Sitaram Rao, Executive Engineer, Hindupur Railway, to take charge of the Channel Division during the absence of the above named officer on privilege leave, or until further orders.
3	1099—	16th	The Executive Engineer, Ashtagram Channel Division.	Communicating the above.
4	1197—117.	20th	The Assistant to the Resident in Mysore.	Requesting to move the Resident to obtain the sanction of the Supreme Government to Mr. W. McHutchin's services being retained in Mysore State for a further period of two years, the same being considered necessary in the interests of the Mysore State.
5	1206—119.	Do	Do	Reporting for the information of the Resident, that 3 months' privilege leave of absence has been granted to Colonel C. Bowen, R. E., Chief Engineer of Mysore, by the Mysore Darbar, to enable him to proceed to Europe.
6	1207—120.	21st	The Compiler, Mysore Gazette.	Notifying that Mr. St John Buchan, A. C. E., Examiner, Public Works Account, will in future be designated "Examiner, Public Works and Railway Accounts in Mysore," and that he is brought on the permanent pensionable establishment from the date of his entertainment in the Mysore service, *viz.*, 1st January 1883.
7	1208—147.	Do	The Examiner, Public Works Accounts.	Communicating the above.

BANGALORE,

PART II.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

MARCH 1891.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
1	13614—162—P. 1072.	4th	The Superintendent, Revenue Survey.	Appeal No. 2108 of 3rd December 1890. *Appellant* .. Narasanna, Kayamguttadar, Toranahalli, Malur Taluk, Kolar District. Petitioner complained against the settlement of the boundary dispute of his village made in 1885, but as there was nothing in the record of enquiry to support Petitioner's claim, he was directed to produce the accounts of his own village and of the other villages involved in the boundary dispute, on which he bases his claim. He now produces 2 accounts of his own village and states that he is unable to produce any of other villages. The Government observe that the accounts now produced have been already duly considered when the boundary dispute was settled, and it was in support of these very accounts that the Appellant was called upon to produce other accounts which he has failed to produce. 2. Appeal dismissed.
2	13618—529—P. 1077.	Do	The Deputy Commissioner of the Kolar District.	Appeal No. 1081 of 2nd August 1888. *Appellant* .. Tatappa of Kolar. Petitioner was dismissed from his appointment of Shanbhog of Kolar on 2nd July 1888, and the appeal is against the dismissal. The Deputy Commissioner to whom his case was referred for report states that the only charge proved against the Petitioner is that he delayed 68 days in remitting a sum of Rs. 6—1—0 to the Treasury, and that even in this there was no fraudulent or dishonest intention on his part. The Deputy Commissioner therefore recommends that he be reinstated in his office. He states that he has fined Petitioner double the amount he delayed in remitting the amount of Rs. 6—1—0 to the Treasury.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				Decision.—Government approved of the recommendation of the Deputy Commissioner.
3	13677—387—P. 1091.	4th	The Deputy Commissioner of the Hassan District.	Appeal No. 2238 of 19th January 1890. *Appellants.* *Vs.* *Respondents.* 1 Srikantaiya. 2 Krishnappa. Hirisave Village, Channarayapatna Taluk. — 1. Ramaiya. 2. Ramaswamaiengar. 3. Channaiya. The 1st Appellant is the minor son of the 2nd and 1st Respondent is the brother of the 2nd Appellant. 2. On the death of 2nd Appellant's father, the 1st Respondent, though younger than the 2nd Appellant, was appointed Shanbhog. He was dismissed in 1880 for some fraud, and the 2nd Appellant, who was then undivided, was ordered not to be appointed as he was mixed up with him in the transaction. This order was confirmed by the Chief Commissioner. The 2nd and 3rd Respondents are the present Shanbhogs who are strangers. This suit was brought for the restoration of the office, but the Deputy Commissioner dismissed it. The appeal is against this order. *Decision.*—The Government observe that the 1st Respondent who was dismissed, is still alive, and so long as he lives, the claim of his descendants or of the 2nd Appellant who was also mixed up in the case, cannot be admitted. 4. Appeal dismissed. 5. The 1st Appellant's claim may be considered on the death of the 1st Respondent.
4	13768—202—P. 1092.	Do	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 1161 of 14th August 1890. *Appellant.* *Vs.* *Respondents.* Sannamallappa of Kukkavada Davangere Taluk, Chitaldroog District. — 1. Channamallappa. 2. Mallappa and others. Appellant's adoptive father was the last Patel of the village. He resigned the office in 1877

	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
				and Appellant was appointed temporarily pending the final disposal of the claim at the Pakka Potigi Settlement. The latter settlement took place in February 1878 when the appointment was given to the 1st Respondent the brother's son of the Patel who resigned, as the alleged adoption of the appellant was not proved. No appeal appears to have been made against this order, but this suit was brought in January 1890. Both the Courts below have held that the adoption has not been proved and no arguments have been advanced at the hearing to set aside the finding arrived at. The long delay in the presentation of the suit betrays to some extent the weakness of the Appellant's case. 2. Appeal dismissed.
5	15904—437 —P. 1109.	7th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1314 of 2nd September 1890. *Appellant* .. Lakshminarayanappa of Chiknayakanhalli, Tumkur District. Petitioner's brother who was Shanbhog of Chiknayakanhalli, was dismissed from service in February 1880 on a charge of criminal misappropriation. On Petitioner's claiming the office, the Government directed that the family should be deprived of the hak for a period of 10 years at the end of which, they said, the heirs of the dismissed Shanbhog may be appointed. The ten years' limit having expired, Petitioner claims the office. 2. The Petition was forwarded to the Deputy Commissioner with a request that he will give effect to the Order of Government, dated 27th October 1881, No. 5998—133.
6	14196—406 —P. 1146.	12th	The Deputy Commissioner of the Hassan District.	One Basavegauda of Mudagatta Village in the Belur Taluk of the Hassan District complained in his Petition No. 710, dated 17th July 1889, that land *bearing Survey No. 15, measuring 3 acres and assessed at Rs. 15, of which he was the tenant for period of 50 years had been advertised for sale as he would not pay the assessment which he used to pay prior to the settlement, *viz.* Rs. 21, and prayed that orders be issued for

*Belonging to the temple of Sri Chamakesavaswami of Belur.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				stopping the sale and confirming the land to him either on Survey assessment or on former assessment without the local and irrigation cesses thereon which amounted to Rs. 18. 2. With reference to para 3 of the Government Proceedings No. 4397—133, dated 28th July 1890, requesting a report as to whether there was any objection to the request of the Petitioner being complied with, as he was willing to retain the land on condition of his paying the original rent, the Deputy Commissioner stated, in his letter No. 413—8, dated 16th December 1890, that as petitioner had twice declined to retain the land by paying the former rate of assessment, it was put up to auction and has given to one Virabhadra Gauda for Rs. 22—4—0 per annum for which necessary mutchalika has been taken from him in the name of the temple of Sri Channakesavasvami and the land put in his possession. 3. The Petitioner was informed that the land which belongs to the Pagoda having been rented out to another on Petitioner's having declined to pay the rent which he once agreed to pay, his appeal cannot now be admitted. It is accordingly rejected.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

APRIL 1891.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
1	1025- P. 17.	27th	The Deputy Commissioner of the Mysore District.	Appeal No. 2725 of 1890. *Appellant.* *Vs.* *Respondents.* Manchan Linga of Kalenhalli, Mandya Taluk, Mysore District. — 1 Chauda. 2. Linga. 3. Channa. 4. Dodda Hanuma. Appellant claimed a share in the Talvari Inam which was in possession of the Respondents. The Sub-Division Officer who heard the case dismissed the suit. 2. The Deputy Commissioner of Mysore to whom an appeal was made, asked the parties whether they would consent to have their case settled on one of the parties taking their oath before the village deity, and the Appellant agreed to renounce his claim if the Respondents took their oath. The Respondents accordingly took their oath and the Deputy Commissioner confirmed the dismissal of the suit. At the hearing the Appellant having stated that he did not consent to abide by the oath, the original Proceedings were sent for, which contain a statement made by Appellant before the Amildar on 19th December 1889 in which he clearly agreed to renounce his claim, if the Respondents took their oath which they subsequently did. 3. Under these circumstances the appeal is dismissed.
2	1321--P. 25.	Do	The Deputy Commissioner of the Mysore District.	With reference to the Petition of Maha Lakshmamma, Barawardar Shanbhog of the village of Mannahalli in the Nagamangala Taluk forwarded with Official Memo No. 715, dated 6th December 1890, the Deputy Commissioner of Mysore reported in his letter No. 1320, dated 30th January 1891, that the sum of Rs. 24--3--7 the remission of which was not sanctioned by

Serial No.	Proceedings.			Subject and Order.

				Government, but which was ordered in their Proceedings No. 4790-1—244, dated 6th August 1890, to be collected from the Shanbhog, had crept into the accounts by mistake in excess of the Jamabandi. *Order thereon.*—The Government in their Proceedings, dated 6th August 1890, No. 4790-1—244, ordered the arrear of Rs. 24—3—7 to be collected from the Shanbhog because it was reported that the village account did not show by whom it was due; but as it is now reported that the arrear has "crept into the accounts by mistake in excess of the Jamabandi," the Government are pleased to sanction its being written off the accounts. The Deputy Commissioner has not fully explained how the amount came to be shown in the accounts in excess of the Jamabandi, but the Government presume that he has satisfied himself that the arrear is not real.

PART I.

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 22nd April 1891.

READ THE FOLLOWING PAPER :—

Report on the Administration of Criminal Justice in Mysore for the year 1889.

No. 1168—14, DATED 22ND APRIL 1891.

ORDER THEREON.—Consequent on the appointment of a separate Amildar for the City of Mysore and an additional Assistant Commissioner in the Bangalore District and the investiture of two Munsiffs with magisterial powers, the number of Criminal Courts at the end of 1889 was 4 more than in the previous year 1888. But this entailed no additional expenditure on Government. On the contrary the charges have been Rs. 5,498 less than in the previous year. The receipts aggregated Rs. 84,123 or Rs. 9,210 more than those of 1888. Government desire that details of receipts and expenditure should be given in future reports.

2. There was a slight decrease in the number of offences reported and a slight increase in the number returned as true, the figures being 15,251 and 12,398 respectively, as compared with 15,487 and 11,698 in 1888. The following table compares by Districts the offences reported and those returned as true, with the figures of the previous year :—

	1888.			1889.		
	Offences reported.	Cases returned as true.	Percentage of true to reported cases.	Offences reported.	Cases reported as true.	Percentage of true to reported cases.
Bangalore	3,196	2,665	83·4	3,482	2,984	85·7
Kolar	1,399	1,075	76·8	1.598	1,215	76 03
Tumkur	1,316	1,141	86·7	1,248	1,021	81·8
Mysore	3,174	2,373	74·8	3,110	2,744	88·2
Hassan	2,303	1,523	66·1	2,082	1,796	86·2
Shimoga	1,576	1.123	71·3	1.453	1,060	729
Kadur	1,628	1,167	71·7	1,403	956	68·1
Chitaldroog	895	631	70·5	875	622	71·09
Total.....	15,487	11,698	75·5	15,251	12,398	81·3

It is satisfactory to find that the percentage of true to reported cases for the whole Province was larger in 1889 than it was in 1888, but the results recorded in the Districts of Tumkur and Kadur are not satisfactory. The following statement

compares the number of persons convicted in 1888 and 1889 in respect to the more heinous offences :—

Offences.	No. of Persons convicted.		Increase or Decrease in 1889.
	1888.	1889.	
Murder	5	32	+ 27
Culpable homicide not amounting to murder	8	10	+ 2
Grievous hurt	10	85	+ 75
Robbery and dacoity	22	56	+ 34
Perjury	10	23	+ 13

It is to be regretted that there was a large number (as many as 8 cases involving 28 persons) of robbery and dacoity in the Kolar District.

3. The number of cases in which complaints were dismissed *in limine* under Section 203 of the Criminal Procedure Code fell from 3,664 to 3,220.

4. The total number of persons brought to trial was 24,883 or 778 more than in the previous year. Of these 16,109 or about 65 per cent were acquitted or discharged.

5. It is observed that almost all the magisterial work of the Province was performed by the subordinate Magistrates, the District Magistrates having tried but 229 persons out of a total 25.117 disposed of. The Government would be glad if the District Magistrates would take up more cases. The Police and Magisterial work of a District increases in efficiency in proportion to the frequency with which District Magistrates take up criminal cases for disposal by themselves.

6. The total number of witnesses examined in the Magistrates' Courts was 42,501 against 43,177 in the previous year. Only 158 were detained beyond the third day. The amount paid to witnesses on account of diet and travelling allowance was only Rs. 128, though slightly in excess of that of the previous year.

7. The number of Sessions cases brought for trial rose from 80 to 96 and the number of witnesses examined in these cases was 995 against 656 in the previous year. This accounts for the slight increase in the average duration of cases which in the year under review was 2·53 against 2·20 days in 1888. The percentage of convictions obtained was larger in 1889, but the proportion of acquittals (59 per cent) is still high and requires investigation.

8. There has been a decrease in the number and proportion of persons sentenced to terms of imprisonment not exceeding 15 days. The percentage of sentences of whipping has slightly increased, the punishment having been inflicted on 125 persons against 106 in the previous year. No person was sentenced to solitary confinement during the year.

9. The total number of persons sentenced to pay fine was 7,182 against 7,445 but the aggregate amount of fines imposed exceeded the figure of 1888 by Rs. 3,663. A very large percentage of this fine was realised and the amount paid on conviction as compensation to complainants also increased, as compared with the previous year.

10. The miscellaneous proceedings taken under the Code of Criminal Procedure call for no remark.

11. No European British subjects were tried during the year by Justices of the Peace.

12. The appellate work of the Courts subordinate to the Chief Court rose during the year. There were for disposal 717 appeals affecting 1,137 persons as against 551 appeals affecting 1,055 persons in the previous year. In the Magistrates' Courts about 43 per cent of the appeals succeeded either wholly or in part, while in the Courts of the Sessions Judges the proportion is about 21·3 per cent.

13. The Chief Court as Court of Original Jurisdiction had to dispose of 55 cases affecting 90 persons committed for trial, as against 62 cases, affecting 99 persons in 1888. All of them were disposed of during the year, the Judge concurring in the verdict of the Jury in all the cases tried with Jury and with the opinions of Assessors in 18 out of 23 cases tried with Assessors. The percentage of convictions fell from about 50 in 1888 to 38 in the year under review.

14. The aggregate amount of fines imposed was Rs. 2,200, but no portion of this fine was realized during the year. The cause should have been explained.

15. On the Appellate side 133 appeals were instituted against 121 in 1888, 3 being from judgments of acquittal under Section 417 of the Criminal Procedure Code. The results of the appeals disposed of are shown in the following statement:—

	Cases.	Persons.	Percentage.
Appeals registered	22	26	12·74
Sentences appealed against confirmed	52	76	37·25
Sentences appealed against reversed	33	55	26·96
Sentences appealed against reduced or altered	14	14	6·37
New trial ordered	1	1	·49

The average duration of appeals (32·48 days) was much larger than in Sessions Courts, where it was only 7 days.

16. Nine cases were referred by Sessions Judges, under Section 374 Criminal Procedure Code, for confirmation of sentence of death, as compared with two cases in 1888. The sentences were confirmed in the case of 6 persons, one of them afterwards having his sentence remitted into one of transportation for life by His Highness the Maharaja in the exercise of the Royal prerogative of mercy. The sentences of the other 3 persons were commuted to transportation for life by the Chief Court.

17. In the exercise of its Revisional Jurisdiction, the Court had 287 cases against 356 in the preceding year. 75 of these cases were sent up by Sessions Judges and District Magistrates, while the rest were entertained by the Court either *suo motu* or on the petition of parties. Their disposal calls for no remark.

18. On the whole the Government are satisfied with the administration of criminal justice in 1889. The number of reported cases and the actual number of persons found guilty and convicted was smaller than in 1888, the average duration of cases before Magistrates and appellate courts was shorter, 36,000 out of 42,000 witnesses were discharged by Magistrates after detention of only one day, and a large number of sentences were confirmed on appeal.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Registrar of the Chief Court of Mysore.

Exd.—A. N. S.

PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd April 1891.

No. 78-86—Cir. 2, dated Bangalore, 3rd April 1891.

Order.—In order to remove certain misapprehension which appears to exist regarding the intention and scope of Government Notification No. 31, dated 9th May 1889, the Government of His Highness the Maharaja resolve to issue the Notification appended to this order.

2. The object of the Government is to prevent any holder of a license for the vend of Foreign Spirits and Foreign Fermented liquors from selling, under color of his license, spurious imitations of Foreign Spirituous and Fermented liquors. Such imitations, manufactured in various parts of India, had been largely imported into Mysore and sold in Foreign Liquor Shops all over the State, and the Notification of 9th May 1889 was intended to prevent this evil, in the interests of the public as well as for the protection of the Government excise revenue.

3. The Government do not wish to hamper the discretion of Deputy Commissioners by prescribing what particular brands of Foreign Liquors should or should not be specified in the lists to be appended to the licenses granted by them, under the Notification of 9th May 1889 as now modified.

4. Every applicant for a Foreign Liquor license, must give a list in writing of the particular brands he wishes to sell. The Deputy Commissioner must then satisfy himself that every brand named in the list is of genuine Foreign Spirit and Fermented Liquor as defined in the Notification of 9th May 1889. If he finds in the list any doubtful or spurious brand, he should exclude the same from the list to be appended to the license. The list appended to the license when granting it in the first instance is liable to be added to or otherwise altered upon the application of the license holder in the manner laid down in para 11 of the License.

5. Applicants for licenses must be discouraged from asking for a long list containing brands they have no intention of importing or selling.

6. The Deputy Commissioners will exercise the greatest care possible in admitting into the list any brands not *imported intact* from Europe, America or Australia.

7. Brands bottled in India must not be admitted into the list without the sanction of Government, obtained through the Excise Commissioner. The Government before giving such sanction will require the strictest guarantee that no country liquor in any shape enters into the composition of such brands.

Notification No. 4.

In Notification No. 31, dated 9th May 1889, prescribing rules for the grant of licenses for the vend of "Foreign Spirit" and "Foreign Fermented Liquor," the following amendments are sanctioned by the Government of His Highness the Maharaja :—

In Rule 1, Clause (*a*), for the words "under well known brands recognized by the Government of His Highness the Maharaja," substitute "after due payment of duty to the British Indian Government at the port of importation in India."

Omit the "list of Foreign Spirituous and Fermented Liquors" appended to Condition II, Clause (*b*) of the forms of licenses given after Rule IX.

The amendments as above shall come into force from the date of this Notification.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Excise Commissioner in Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 11th April 1891.

READ THE FOLLOWING PAPERS :—

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 793, dated Bangalore, 5th March 1891.

I have the honor to forward the accompanying papers containing the proposals for the revision of the assessment of the Gundlupet Taluk in the Mysore District and to solicit the sanction of Government at as early a date as possible to the Survey Settlement being introduced into the said taluk early in April next.

1. Report No. 717, dated 2nd February 1891, with 3 accompaniments.
2. Copy of this office letter No. 718 of the 2nd idem.
3. Deputy Commissioner's letter No. 3852—3, dated 20th idem.

2. The Officiating Deputy Commissioner, Mysore, having concurred in my proposals, I have no further remarks to offer on the subject.

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 717, dated Bangalore, 2nd February 1891.

I have the honor to submit the following proposals for the revision of the assessment of the Gundlupet Taluk of the Mysore District.

2. In illustration of my proposals I append a sketch map of the taluk together with a report by Mr. D. Appu Rao, who had charge of Classing Operations. As regards statistical matters, and figures generally, I must request that the Classing Officer's report be put out of sight and that the more recently compiled and consequently more correct figures now given in this report be accepted. On all other points Mr. Appu Rao's report is a very useful and practical compilation and will be referred to as I proceed.

3. The taluk under report contains the following Maganis or sub-divisions :—

Number.	Magani.	Villages.	State Forest.	District Forest.	Alienated Villages.	Total.	Remarks.
1	2	3	4	5	6	7	8
1	Gundla	30	...	...	...	30	
2	Raghavapur	25	...	...	1	26	
3	Kelsur	16	..	...	...	16	
4	Tirakanambi	32	...	..	1	33	
5	Hangla	48	1	1	...	50	
6	Kutnur	28	1	1	...	30	
	Total.. ...	179	2	2	2	185	

4. The villages above shown are *as now measured by the Survey*. The old "Dchjhada" shows 178 villages against 179 by survey. The difference is accounted

for as follows. 3 Asli villages, with little or no revenue, have disappeared in the State and District Forests while 4 Dakhli * villages, owing to their detached position, have had to be treated by survey as distinct villages and separately measured. These for the future will appear as Asli villages.

* 1. Manakhalli.
2. Honakhalli.
3. Hosapura.
4. Chikanpura.

Physical characteristics.

5. It is very necessary, for our present purpose, to understand clearly the position and constitution of the tract under report. Considering the very large proportion of forest comprised within its limits, the taluk might very naturally be supposed to be proportionately broken up and inaccessible, but this is by no means the case. The cultivated and, I might say, inhabited portion of the tract is quite distant from the large forests to the west and south. These forests, pierced as they are by good roads affording egress both westward and southward, present no inconvenience, excepting perhaps from a sanitary point of view to the well populated and fairly accessible cultivated tract lying east and north. The taluk, in short, once we ignore the forests, is, from a revenue point of view, both small and compact. The only range of hills which can be said to interrupt the continuity, as it were, of the inhabited portion of the taluk is one, alluded to by the Classing Officer at para 5, separating parts of the Kasaba and Tirakanambi Maganis from the Hangla Hobli. This range really does present a rather serious obstacle to internal communications between village and village and to outlet generally. An exception to the above remarks generally must be noted as regards a few small villages just north of the Moyar river near Bandipur which are separated from the main villages. They however have the advantage of being very close to, and on, the Mysore-Ooty road. A glance at the map which accompanies this report will give a better idea of the physical condition of this taluk than will any description of mine. The complete drainage effected by the Gundal stream which flows from south to north is especially apparent.

Climate.

6. The next important point for consideration is the climate. Bearing in mind the western position of the villages under report and the proximity of large forests, a pretty regular and certain rain-fall might be looked for. That the rain-fall, on the whole, is good I have myself little doubt, otherwise double crops in dry lands would not be so common, but still charges of shortcoming and uncertainty in the climate seem to a certain extent to have been established. The Classing Officer at para 10 quotes certain years in which the rain-fall was very small and I know myself that last year early the rain-fall was not only short but much deferred. I think that some slight uncertainty in the climate must therefore be admitted. The average rain-fall is stated to be about 30 inches and is, I imagine, pretty equally distributed.

Soils.

7. The soils of this tract run through many gradations, from good black or brown cotton soil to poor shallow and rocky, the gradations being more marked in dry than in wet lands which are more uniform in quality. The good soils generally are to the east and south-east, becoming more shallow as the forests and hills westward are approached.

Crops.

Dry.

8. The crops usually grown are detailed by the Classing Officer at para 8. It is important to note that jola is the staple dry crop of the taluk, as this fact points not only to the general character of the country but to a large proportion of comparatively good soil and to a fair climate. Ragi is stated to be also largely grown but to be limited by the quantity of manure available of which it requires a comparatively large quantity. Double crops are very commonly obtained off dry lands.

Wet.

Of wet crops it need only be stated that the area is so small as to necessitate large importations. The quality, excepting under the Vijapur tank where a very superior kind of rice is

raised, is of a very ordinary kind, while sugar-cane is scarcely ever grown, and then of only poor quality.

Garden.

The gardens contain little or no areca or cocoanut, but the betel-leaf is stated to be common and to be of special quality and value. For a detailed description of crops generally, I would refer to Classing Officer's para 8. On the whole the gardens and their watersupply must be regarded as inferior.

Means of Communication.

9. Means of communication, internal and to outlying markets, are described by Mr. Appu Rao at para 11. These, on the whole, must be pronounced to be decidedly good. Egress in all directions is provided by good made roads, while the cart-tracks are all passable in fair weather. The Gundal stream, I thought, might prove a great obstacle to general traffic, but I have ascertained that it is easily passable.

Markets.

10. Weekly markets are held at Tirakanambi, Gundlupet and Katekere, which are important in the order mentioned. Tirakanambi is a place of growing importance, while Gundlupet from its position on the Mysore-Ooty road cannot fail, even if it is now less important than Tirakanambi, to have an important future. Even now the number of carts passing through Gundlupet weekly towards Gudlur is very large.

Manufacture.

11. Of local manufactures, with the exception of some dhotis and panches made at Tirakanambi, there are next to none.

Classing Statistics.

12. In the statistics collected during classification, we have the means of judging, to some extent, of the agricultural resources of the villages under report. I give them below in the usual form :—

Villages.	Houses.	Population.	Square Miles.	Cattle.	Ploughs.	Carts.	Markets.
1	2	3	4	5	6	7	8
179	10,663	50,591	367	99,428	9,736	3,718	3

Comparison with adjoining settled taluks.

13. The very unusual number of carts, compared with adjoining taluks, points the remarks which I have made above at para 8. Even the Mysore Taluk, with its larger population and important position, did not at time of settlement possess so many carts. Including State and District Forests, the Gundlupet Taluk has an area of no less than 550 square miles which gives a population of only 92 to the square mile. This, however, for reasons given at para 5, is no true criterion of the density of population. Deducting the forests, the population is about 138 to the square mile for the whole remaining area, on the arable area about 268, and on the occupied area 286 to the square mile. Gundlupet may conveniently be compared, on these heads, with the Heggaddevankote Taluk which adjoins and for which the same figures were as per margin. Like Gundlupet, Heggaddevankote contains an enormous extent of forest and unarable land and I attach no importance to the difference in population per square mile to the whole area between the two taluks as it entirely depends upon which happens to contain the greater unarable area, but it is curious to note that, to the arable and occupied area, the

179	10,663	50,594	367	99,428	9,756	3,718	3

Comparison with adjoining settled taluks.

13. The very unusual number of carts, compared with adjoining taluks, points the remarks which I have made above at para 8. Even the Mysore Taluk, with its larger population and important position, did not at time of settlement possess so many carts. Including State and District Forests, the Gundlupet Taluk has an area of no less than 550 square miles which gives a population of only 92 to the square mile. This, however, for reasons given at para 5, is no true criterion of the density of population. Deducting the forests, the population is about 138 to the square mile for the whole remaining area, on the arable area about 268, and on the occupied area 286 to the square mile. Gundlupet may conveniently be compared, on these heads, with the Heggaddevankote Taluk which adjoins and for which the same figures were as per margin. Like Gundlupet, Heggaddevankote contains an enormous extent of forest and unarable land and I attach no importance to the difference in population per square mile to the whole area between the two taluks as it entirely depends upon which happens to contain the greater unarable area, but it is curious to note that, to the arable and occupied area, the

Heggaddevankote.	
Population per square mile.	
Whole area	67
Arable area	314
Occupied area ...	354

proportion of population is greater in Heggaddevankote than in Gundlupet. The explanation however is very simple and is to be found in the fact that Gundlupet is much more of a jola and cotton growing country than Heggaddevankote and that consequently the holdings run much larger; in other words it requires fewer people to cultivate a given area. Thus we find that, while in Heggaddevankote there are not quite 10 acres under cultivation for each plough, in Gundlupet the average is 12 acres per plough. No accurate estimate however of the relative prosperity of any two tracts will ever be arrived at from figures of this kind and I would rather trust to the estimate, I have myself been able to make after careful personal observation of both Taluks. Heggaddevankote is the nearest settled taluk to Gundlupet and the rates which were then adopted and which have worked exceedingly well, must be kept in view, as to some extent a guide towards appropriate rates for Gundlupet. A comparison therefore of the two taluks will be of use.

14. Both taluks contain soils naturally fertile and ranging far higher than the ordinary red soil of Mysore, but I am inclined on the whole to regard the climate of Heggaddevankote as more certain, with a more copious rain-fall. In Gudlupet the limit of cultivation has been more nearly reached, that is, far less arable land is left available for cultivation and, consequently, the grazing is circumscribed and generally inferior to what is enjoyed in Heggaddevankote. While in both taluks the means of communication are good, I should consider the position of Gundlupet, with reference to trade, both present and prospective, as superior to that occupied by Heggaddevankote. I have made this brief comparison as likely to be useful when we come to the actual question of appropriate rates for the villages under report.

15. The taluk has been divided up by survey as shown below:—

How divided up by survey.

Description of Land.	Area of Government lands.		Area of Inam lands.	Total.		Grand Total.
	Occupied	Waste.		Occupied.	Waste.	
1	2	3	4	5	6	7
Dry crop	1,09,018	7,556	1,870	1,10,888	7,556	1,18,444
Rice	1,381	70	12	1,393	70	1,463
Garden	796	19	11	807	16	826
Total.....	1,11,195	7,645	1,893	1,13,088	7,645	1,20,733
Area of unculturable waste, including village site, &c. ...			...	...	...	1,14,361
Area of alienated villages ...			...	...	...	2,131
Area of District and State Forests ...			...	...	...	1,15,000
Total area of the whole Taluk, *i. e.*, 550 square miles ...			...	...	...	3,52,225

16. There are no less than 1,15,000 acres of State and District Forests occupying, as already explained, quite a distinct position of their own on the south and west of what I may call the real taluk. The area of unoccupied land available for cultivation is comparatively small, even in the case of dry crop land; while of unoccupied wet and garden lands, there is a very limited extent indeed available. There can be no doubt that there exists a great incentive to cultivation in this taluk and that the spread has been greater than the old accounts show. The Classing Officer at para 22 attributes the scarcity of grazing to the abnormal extension of cultivation of late years in the northern, central, eastern and south-eastern parts, by which of course

he means pretty well the whole Taluk. This is no doubt very satisfactory, but I shall show further on that there has not been the corresponding increase in the land revenue which might have been expected. Evidently the necessity of a survey and revision of assessment was very urgent.

Weight of old assessment.

17. I have now, in order to judge of the weight and incidence of the old assessment, to place the old collections under each head, dry, wet and garden, in juxta-position with the newly ascertained area by survey under those heads. The resulting average rates will tell us something regarding the pressure and distribution of the old assessment.

Number.	Magani.	Dry Crop.			Rice.			Garden.		
		Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11
1	Gundla	19,629	9,885	0 8 1	404	1,035	2 9 0	191	629	3 4 8
2	Raghavapur	20,533	9,939	0 7 9	590	1,938	3 4 7	208	588	2 13 3

	Miscellaneous collections ...	...	6	..	...	...	...	...	...	...

Inequality of old assessment.

18. The above figures reveal no very startling inequalities in the incidence of the assessment, maganiwar, although the same test applied to villages and, still more, to individual holdings would show some very startling differences. Even regarded maganiwar, there are no special grounds for the differences shown, in the Kasaba Magani, for instance, where the actual average wet rate is lower, although the nominal rate (see Classing Officer's para 22) is higher, than elsewhere. It is chiefly necessary however to note that the rates actually paid are intrinsically very low as my experience of the Mysore District, at former settlements, fully led me to expect. We may feel fully satisfied, in considering, further on, what would be suitable rates to adopt for this taluk, that the old assessment, as a whole, has sat very lightly. The Classing Officer mentions, at para 22, his having found dry lands assessed at one anna and even less per acre, which of course means that other lands must have been paying actual assessment much above the average shown in my statement in preceding para. Relief therefore must result, in a great many cases, from an equal distribution of the assessment which I am about to propose. The statement given by Mr. Appu Rao at para 22 of averages struck during test tallies pretty closely with the actual averages in my own statement in preceding para, but shows more inequality as his data were for individual holdings.

Past Revenue Management.

19. No survey, much less classification or demarcation, worthy of the name, has ever been effected in this taluk. The revenue management has differed very little from what we have found elsewhere in Mysore. The following statement of area as per old accounts and as per survey may be interesting :—

Description.	Acres (converted) as per old accounts.	Acres by Survey.
1	2	3
Dry	83,608	1,09,018
Wet and Garden	1,816	2,177
	85,424	1,11,195

The difference above shown was quite to be expected, indeed, as regards wet and garden lands, it is much less than has been found to exist in most taluks hitherto settled.

Past Realizations.

20. The realizations for the past 25 years are shown below in juxta-position with the prices of staple products prevailing during the same period :—

Year.	Old Bijwari into Khandis.	Total Demand, Rupees.	Remissions.	Total Collections, Rupees.	Seers per Rupee.		Remarks.
					Ragi.	Jola.	
1	2	3	4	5	6	8	8
1865—66	6,182	50,242	...	50,242	35	35	
1866—67	6,339	51,480	...	51,480	10	10	
1867—68	6,497	52,666	...	52,666	32	32	
1868—69	6,509	52,487	...	52,487	30	30	
1869—70	6,559	52,718	...	52,718	32	32	
1870—71	6,674	53,291	...	53,291	40	40	
1871—72	6,681	53,357	...	53,337	40	40

Fifteen years' average	55,653
Twenty years' average	55,192
Twenty-five years' average	54,537

Revenue History.

21. There has been on the whole an extraordinary steadiness in the collections, but certainly not an increase calculated to bear out the remarks by the Classing Officer at para 21 regarding the abnormal spread of cultivation. The famine years made little or no mark on the collections, owing no doubt to the prices obtained for produce, and in this fact we have evidence that, the climate although not quite free from uncertainty, must be, on the whole, very favorable. No remissions appear to have been necessary and, altogether, it would be difficult to find a more satisfactory revenue history than the figures in the above statement indicate. The kandayam is stated to be recovered with little difficulty. These results may fairly be attributed to the advantages enjoyed in climate, markets, means of communication and position with reference to Ooty, combined with what I must unhesitatingly call, notwithstanding its inequality, extremely light assessment. Mr. Appu Rao speaks with some caution of the material prosperity of the raiyats whom he describes as *not very* prosperous, but still above the average in this respect.

Condition of the People.

22. I am not at all inclined to dispute this view or to say that I consider the people of this taluk unusually well off. There are certain drawbacks comprised in the salubrity of the country notwithstanding many advantages enjoyed and, for the object now in view, I am prepared to regard this tract as only fairly well off and its resources as not yet fully developed. There is very little garden or wet land.

Grouping for purpose of assessment.

23. For the purpose of assessing the villages under report, I propose to divide them into 3 groups as shown below :—

Group.	Number of Villages.	Maximum Dry Rate.	Maximum Wet Rate.	Maximum Garden Rate.
1	2	3	4	5
I	81	1 6 0	7 0 0	8 0 0
II	89	1 4 0	6 0 0	
III	9	0 12 0	5 0 0	

Position of groups of villages.

The first group consists of the best villages on, and to the east of, the Mysore-Ooty high road.

The second group comprises villages to the west of the Mysore-Ooty high road and some south-eastern villages, the latter in a measure cut off by the minor range of hills separating the Kasaba and Tirakanambi Maganis from the Haugal Magani. The difference between the villages of the 1st and 2nd group is chiefly as regards climate, it being a well known fact that, after a certain point westward, dry cultivation begins to deteriorate and finally almost ceases. In the present case, the point might be roughly placed coincident with the Mysore-Ooty road.

The 3rd group consists of 9 villages only. These are the only villages which are absolutely and entirely detached from the main bulk of the taluk. It is true that they are situated on, and close to, the Mysore-Ooty road, but they are nevertheless quite surrounded by jungle and somewhat unhealthy and require comparatively light assessment. In these villages, settlers should receive every encouragement.

24. My proposed rates will give the following results as regards the occupied area:—

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment	Average Rate	Acres.	Assessment	Average Rate	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.
1	2	3	4	5	6	7	8	9	1	11	12	13	14
I	81	63,497	41,481	0 10 5	1,126	4,049	3 9 6	591	1,915	3 3 10	65,214	47,445	0 11 8
II	89	44,200	23,233	0 8 5	255	758	2 15 7	196	704	3 9 6	44,651	24,695	0 8 10
III	9	1,321	356	0 4 5	..	..	...	9	20	2 3 7	1,330	376	0 4 5
3	179	1,09,018	65,070	0 9 7	1,381	4,807	3 7 8	796	2,639	3 5 1	111,195	72,516	0 10 5

It will be observed how very moderate the average rates are for every description of land.

Remarks on proposed rates on occupied land.

For the whole occupied area, the average rate is only 10 annas and 5 pies per acre; in Heggaddevankote the same rate was 12 annas and 4 pies, but in the latter taluk there was a far larger proportion of wet land, hence the difference. As a matter of fact, the survey rates in the two taluks are very much alike.

25. The extent and assessment of the waste lands available for cultivation are shown below:—

Statement of waste lands.

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total		
		Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.
1	2	3	4	5	6	7	8	9	1	11	12	13	14
I	81	4,147	2,241	0 8 7	63	213	3 6 1	12	37	3 1 4	4,222	2,491	0 9 5
II	89	3,373	1,493	0 7 1	7	13	1 13 9	7	24	3 6 10	3,387	1,530	0 7 3
III	9	36	11	0 4 11	...	...	...	...	...	...	36	11	0 4 11
3	179	7,556	3,745	0 7 11	70	226	3 3 8	19	61	3 3 4	7,645	4,032	0 8 5

These lands, to judge from the assessment, are, excepting in the case of dry land, very little inferior to the occupied lands and will probably be applied for during the settlement.

26. The next statement shows the area and assessment of the Minor Inam lands included in the villages under report :—

Statement of Inam Lands in Government Villages.

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average Rate.	Acres	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I	81	1,291	804	0 10 0	11	35	3 2 11	11	49	4 7 3	1,313	888	0 10 10
II	89	579	310	0 8 7	1	3	3 0 0	...	...	...	580	313	0 8 8
III	9	...	...	...	...	...	...	...	...	...	...	...	...
3	179	1,870	1,114	0 9 6	12	38	3 2 8	11	49	4 7 3	1,893	1,201	0 10 2

The above lands are very much of the same quality as the Government occupied lands but are of small extent

27. The next statement shows the result of the proposed rates upon the whole area under report, Government occupied, waste and Inam, and affords the opportunity of judging of the effect of the settlement upon each group, the old bijwari and collections being shown :—

General statement and comparison of new and old assessment in each group.

Group.	Villages.	By old accounts.		By Survey.							
		Bijwari into Khards.	Collections.	Government occupied.		Government waste.		Inam.		Total.	
				Acres.	Assessment	Acres.	Assessment.	Acres.	Assessment.	Acres	Assessment.
1	2	3	4	5	6	7	8	9	10	11	12
I	81	4,753	36,289	65,214	47,415	4,222	2,491	1,313	888	70,749	50,824
II	89	2,761	20,151	44,651	24,695	3,387	1,530	580	313	48,618	26,338
III	9	83	350	1,330	376	36	11	...	...	1,366	387
3	179	7,197	56,790	1,11,195	72,516	7,645	4,032	1,893	1,201	1,20,733	77,749

Comparing columns 4 and 6, it will be seen that, relatively, the increase is greater in the 1st group, while the paltry assessment which was levied in the 3rd group remains very much where it was. In the 2nd group there is a very moderate increase. The old settlement made no distinction between groups I and II and III.

28. Grazing, as a source of revenue, has been, for so small a taluk, somewhat important, thus bearing out the remarks of the Classing Officer as to the scarcity and, consequently, the value of lands for pasturage. The amount realized in 1889—90 was Rs 2,248. If I am correct in supposing, as stated also by the Classing Officer, that the occupancy of lands in this taluk is eagerly sought for, the probability is that, under the very light and favorable rates now offered, the waste lands, to be sold annually for

Grazing.

pasturage, will be greatly reduced in extent. Moreover they will be still further reduced in extent by assignments of free grazing, during the settlement, where the present gomals are insufficient. I therefore anticipate no increase under the head of grazing, as a result of the settlement, although under more careful management it is not likely to be much less than hitherto.

Local Cess.

29. The one anna local cess brought in, in 1889—90, Rs. 3,704; it will now, under the proposed settlement, be about Rs. 4,532 on the occupied lands and Rs. 75 on the minor Inam lands: in all, in round numbers, say Rs. 4,600.

Irrigation Fund.

30. The contribution to the Irrigation Fund will be very small, only about Rs. 438.

Pay of Village Officers.

31. The amount required for the pay of Shanbhogs and Patels will be, roughly, about Rs. 5,000. These village officers have generally speaking no office land. The Shanbhogs receive pay of from 2 pies to Rs. 1—8—0 per mensem besides getting one "Hana" from each raiyat. The Patels have no remuneration in money, grain or land.

General comparison of old and new revenue demand.

32. I will now contrast the estimated result of the proposed settlement with the collections of 1889—90, leaving out of calculation in both, grazing, regarding which no satisfactory estimate can be made:—

Land Revenue of 1889—90	...	...	...	56,790
One anna local cess do	...	...	...	3,704
			Total	60,494
Survey assessment on occupied lands	...	...	...	72,516
One anna local cess ...	...	...	...	4,600
			Total.....	77,116

Increase by settlement.

Excluding all calculation of separately levied cesses, there is an immediate increase of Rs. 15,726. From this if we deduct Rs. 5,000 for pay of village officers and Rs. 438 contribution to Irrigation Fund, there will be a clear gain to Government of just a little over Rs. 10,000.

General remarks on proposed rates.

33. I will not conceal from Government my opinion that the tract under report would have easily borne higher rates of assessment. I have long been aware, indeed it was notorious, that the old rates, or more correctly speaking the old assessment, in Gundlupet was absurdly low, considering the large proportion of good soil which the taluk contains and the comparatively advanced mode of husbandry followed. During late years the prospects of this taluk have no doubt greatly improved, but I think I am right in believing that Government is averse to any extraordinary leap in the revenue demand, as a result of the revision of the assessment, when such a step is not absolutely called for. I have therefore kept my maximum rates as low as I possibly could without being absolutely inconsistent, as regards rates already sanctioned in neighbouring taluks. The rates which I have finally adopted are not so low as to lay the proposed settlement open to any charge of inconsistency, nor will they form any inconvenient pledge with reference to our future operations in the Nanjangud and Chamrajnagar Taluks still to be settled. I have given all the weight I possibly could to the shortcoming and uncertainty occasionally experienced in rain-fall and to the fact that whatever prospects, and I believe them to be very bright, the Taluk may have in the future it is after all an outlying and to some extent a jungle taluk and not altogether healthy. Its position with reference to Ooty, from which place there is a great demand for produce, its generally excellent means of communication and the extension of the Railway to Nanjangud represent

its chief advantages and I have not the slightest doubt that the prosperity of the taluk is ensured. After all, there is a clear gain to Government, after providing for pay of village officers and the contribution to the Irrigation Fund, of Rs. 10,000 and with this, in the present condition of the taluk and considering the low assessment to which the people have been accustomed, I think Government should be content. The settlement no doubt is very liberal as the raiyats will no longer pay the Shanbhogs' dues which are stated to be one "Hana" or 4 annas 8 pies from each raiyat.

34. The usual classwar statement, showing particulars of past and proposed assessment for each village, is appended.

35. There are only two Inam villages in the taluk under report which have been subjected to survey as shown in the margin.

1. Horiyala K. G. Detail Survey.
2. Linganpura Jodi. Valuation Survey.

REPORT ON THE GUNDLUPET TALUK OF THE MYSORE DISTRICT.

Classed by the M and E Establishments, Mysore Revenue Survey.

The taluk is situated to the extreme south of the Mysore District, and indeed of the Mysore Province itself, and is bounded on the north by the Nanjangud Taluk, on the east by the Chamrajnagar Taluk, both of the Mysore District, on the south by the Nilgiri District of the Madras Presidency, and on the west partly by the Nanjangud and partly by the Heggaddevankote Taluks of the Mysore District.

2. The taluk is compact in shape and the Head-quarters Station is situated in a convenient position about the centre. The extreme length from north to south is 27 miles and the extreme breadth east and west about 30 miles. The total area is 223,964 acres or very nearly 350 square miles, of which 122,550 acres is arable land.

3. The taluk contains, according to the Census of 1881. 54,806 souls, or 157 per square mile of the total area and 286 per square mile of the arable area.

4. It is divided into 6 hoblis for administrative purposes as shown below. There are one Inam and three Government villages quite detached from the other villages of the taluk, and surrounded on all sides by villages belonging to the Chamrajnagar Taluk.

Hoblis.	Government Villages.	Inam Villages.	Total.
Kasaba	29	...	29
Raghavapur	26	1	27
Kelsur	16	...	16
Tirukanambi'	32	1	33
Hangala	51	...	51
Kutour	33	...	33
Total.....	187	2	189

From the total number of Government villages, 8 have to be deducted as they are not, strictly speaking, villages but Reserved and District Forests, leaving 179 as Government villages properly so called.

5. A range of hills of varying altitude runs parallel to the western and southern boundary lines of the taluk and forms, as it were, the boundary between the inhabited portion of it and the vast forests, Reserved and Unreserved, which lie to the west and south. At the angle where the southern and western ranges meet is the great Gopalaswami hill which is perhaps the highest peak in the taluk. There are two Reserved Forests, the Berembadi and the Bandipur, both of considerable value to Government, and several District Forests under the management of the Revenue authorities. The northern, eastern and central portions of the taluk are open and contain the more populous of its villages. They are, however, not free from the characteristic of Mysore generally, *viz.*, uplands and valleys with isolated hills here and there. A low range of hills also divides parts of Kasaba and Tirakanambi Hoblis from the Hangala Hobli and the remaining part of the latter; ending in what is called the Halagimmardi hill on which is built a temple of some importance. The entire drainage of the taluk except the portion lying in the extreme west and south is carried off by the Gundal stream, that appears to have given its name to the Taluk, and which after feeding a large tank in the Nanjangud Taluk joins the Kapila river.

6. A masonry dam built across this stream near Komarvalli irrigates lands of that village and one or two others. There is a large tank at Kasaba Gundlupet (or Vijapur as it is recorded in the accounts) which is being improved at great cost by the Public Works Department. There are tanks of minor importance at Bargi Devalapur, Kutnur, Vadiyanpur and Raghavapur. The last is also undergoing repairs, and the Devalapur tank has lost much of its usefulness by the breach of its southern kodi. On the whole one is struck with the small number of irrigation works in the taluk considering its position and natural features. One however meets with several breached tanks hopelessly silted up; the beds of which have consequently been, for a series of years, given out for cultivation. As a result probably of the small number of tanks in the taluk its villages generally have not a good supply of drinking water. In some villages it has to be fetched, in dry weather, from one to two miles, and the village of Madehalli, Kutnur Hobli is specially remarkable for the raiyats' difficulty in this respect.

7. There is every variety of soil in the taluk ranging from the shallow rocky soils of hardly any value, to black soil of considerable depth and fertility. Land about the northern part, and bordering on the hills in the west is poor; so also is the soil of a cluster of small villages of the Hangala Hobli situated at the southern extremity. In other parts, as one goes eastwards, the soil becomes darker in color, deeper and more fertile until in the villages Kadsoge, Bachihalli, Ankahalli, Yeriyur and Heggaradi, one meets with large patches of excellent cotton lands.

8. Jola is the staple dry crop of the taluk. Lands for the jola crop are prepared in the cold season and as soon as the first showers of March and April come down they are sown. The crop comes to maturity about the middle of August and is then reaped. A second crop of pulses or gram is generally taken off the same land. Ragi is also grown in large quantities, but lands in which it is sown requires more careful preparation, and heavier manuring. A raiyat therefore limits his cultivation of ragi to the quantity of manure he has in hand. Togari and avare, are, unlike other Maidan Taluks, sown independently along with castor-oil seeds and not either with jola or with ragi. Sarsé, navané, harka, black and green gram, chillies, coriander, yellu and kusumé are also grown. Cotton is sown in all varieties of soil and the picking of its crop is not complete till about August the next year, so that no earlier or Mungar crop can be sown in it the next year. Bengal-gram is grown in large quantities in the more valuable lands in the

northern, central, eastern and south-western parts of the taluk. It is sown as usual at the latter part of the cultivating season. There is comparatively little wet cultivation. Rice is grown under the few tanks existing in the taluk. A variety of rice grown under the Vijapur Tank is said to be very superior. In other places, the ordinary varieties are grown. The local production of rice is not sufficient for local consumption and large quantities are imported. Only one field of sugar-cane was met with and that too, irrigated as it was by well water, was in very poor condition. There are not many arecanut and cocoanut gardens but there are hundreds of small betel-leaf gardens in which a very superior kind of leaf is grown and from which a small supply is daily sent to the Palace at Mysore.

9. There are along the banks of the Gundal stream and along the banks of some of its feeders large date groves from which Government derives a good Abkari revenue. No other topes are however met with in the taluk except perhaps one at Tirakanambi. But it contains a large extent of forest land which possibly exerts a beneficial influence on its rain-fall.

10. From the information furnished by the Amildar it appears that 30 inches is about the average rain-fall of the taluk. In the famine years 1876—77 and 1877—78 it was 11 and 13 inches respectively and in 1886—87 and 1888—89 it was 19 and 15 inches. The failure of the earlier rains which is believed to be the cause of the short rain-fall of these latter years was almost fatal to the jola crop of those years, a mishap not quite rare in the taluk, and not fully recouped by the heavy rain-fall which subsequently fell in those years. The rain-fall of the taluk appears therefore to possess in spite of the presence of hills and forests in close proximity, an amount of uncertainty.

11 The high road from Mysore to the Nilgiri hills passes through the entire length of the taluk north and south. Another road branches off from Gundlupet *viâ* Sultan's Battery to Tellicherry and Cannanore, on the Malabar Coast. One District Fund road connects Gundlupet with Chamrajnagar and another branching off from Begur with Heggaddevankote and Hunsur. There are cart tracks all over the taluk passable in fair weather by rough Vaddar carts generally used in the taluk, available for the transport of agricultural produce to the markets at Tirakanambi and Gundlupet. The taluk is thus generally well supplied with means of communication. A road is however required for the villages south of the Tirakanambi range of hills, joining the fertile villages of Heggavadi and others to Hangala on the main road to the Nilgiri hills on one side and Tirakanambi on the Chamrajnagar Gundlupet road on the other.

12. Annual fairs are held near the Gopalaswami hill at Koudagala and at Tirakanambi. These however are not occasions of any considerable business in trade. Weekly markets are held at Katekere, Gundlupet and Tirakanambi. The one at Katekere is quite unimportant. At Gundlupet large quantities of grain intended for export to Mysore and to the Nilgiris are brought in. But the greater part of the surplus agricultural produce of the taluk is disposed of at Tirakanambi which has become a very important trade centre.

13. Large quantities of jola, ragi, togari and gram are carted from this market and from Gundlupet to Gudalur at the foot of the Nilgiris in hundreds of carts every week. Similarly large supplies of food grains, *i. e.*, togari, black and green grams, Bengal-gram, chillies, coriander, oil seeds and other articles are exported to Mysore. Castor oil produced from seeds locally grown is also sent to Tellicherry on the Malabar Coast The local produce of cotton is not enough for local requirements and a large quantity of piece goods consisting chiefly of Bombay machine made cotton goods are imported. Rice is also imported to supplement local production. Jaggery, sugar and cumblies are the other articles that are largely imported.

14. There are no manufactures worthy of note in this taluk. Some dhotis and panches are made at Tirakanambi and rough sheets and panches by Holer weavers elsewhere. This is all that the taluk can show in the shape of manufacture.

15. Lands when sub-let are let on the usual " Vara " tenure but in almost all cases the occupants cultivate their lands themselves.

16. There is a dearth of manure and when that is procurable it consists of cowdung and the usual refuse of the house. Cowdung is not so much used for fuel as elsewhere. No leaf manure is used even for rice cultivation.

17. The weights and measures are those that prevail in the neighbouring taluks.

18. The wages of a laborer are stated to be 4 annas a cooly at Taluk Headquarters and 2 annas in the villages. When paid in kind a man gets from 6 to 8 seers of grain a day. Labor is however not easily procurable. Every person that can do so goes to the coffee estates.

19. From a statement sent by the Amildar the price of the principal agricultural produce would on the average appear to be as follows:—

Seers per Rupee.

Rice 10 ; Ragi 40 ; Jola 40 ; Gram 30.

20. The Village Shanbhogs of whom there is a large number in this taluk get in the shape of pay from 2 pies to 1 rupee 8 annas per mensem. They get in addition one " Hana " or 4 annas 8 pies from every raiyat in his village. They hold no inam lands generally. The Patels receive no remuneration in money, grain, or land. The Kulvadis who are called " Chakras " hold inam lands and are also paid Aya at varying rates.

21. The following shows the agricultural stock of the taluk:—

642	Vaddar Carts.	4,217	Buffaloes.
522	Chakra Carts.	623	Ponies and Asses.
44,699	Cows and Bullocks.	214	Pigs.
		25,314	Sheep and Goats.

There is considerable scarcity of pasturage in the northern, eastern, central and south-eastern parts of the taluk, where almost every acre of arable land has been taken up for cultivation. It is only in villages bordering on forests in the south and west that there is ample pasturage. There the condition of cattle is good. Elsewhere they are in very poor condition.

22. The Amildar furnishes the following as the rates for different description of lands in the taluk:—

Hobli.	Dry Crop per Khandi, 64,000 Square Yards.	Rice per Khandi, 10,000 Square Yards.	Garden per Khandi, 10,000 Square Yards.
Raghavapur	Rs. 1 10 to Rs. 4	4 Rs. 4 5 to 8	124 6 to 166 Rs.
Kasaba	Rs. 1 2 8 to 114 Rs.	2 14 to 8	122 4 to 209 Rs.
Kelsur	1 8 to 70	4 6 to 8	113 12 to 60
Tirakanambi	0 5 to 58	4 6 to 8	110 15 to 46
Hangala	0 5 to 58 Rs.	4 6 to 8	122 14 to 33 Rs.
Kutnur	0 15 to 36 Rs.	2 14 to 8	120 5 to 23 Rs.

Proceedngs of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 11th April 1891.

The averages struck from enquiries made at test are shown below :—

Per acre.

Hoblis.	Dry Crop.			Rice.			Garden.		
Kasaba	0	7	2	3	14	5	2	8	7
Raghavapur	0	8	4	4	1	6	1	5	6
Kelsur	0	9	6	...	...	...	2	10	4
Tirakanambi	0	6	11	1	10	2	1	12	5
Hangala	0	8	2	...	...	...	2	2	4
Kutanur	0	7	0	3	4	1	2	9	2

It is not however necessary to add that these figures are of no value except so far as to show the glaring inequalities of the old assessment. At test some dry crop lands were found assessed even at one anna per acre and less.

23. To some up, the raiyats of the Taluk have the advantage of good rain-fall subject however to occasional shortcomings. They have also the advantage of good markets and of good means of communication. Their agricultural stock is inferior and their grazing land, circumscribed, as it is, grows less and less. The proximity of forests and hills causes a considerable amount of sickness during the prevalence of the south-west monsoon. The raiyats appear generally well-to-do, and their kandayam is recovered as I am informed without any difficulty. This is probably due on the one hand to the abnormally low rate they are now paying (notwithstanding the figures furnished by the Amildar), and on the other, to the facilities afforded for the disposal of their surplus produce. The raiyats therefore may be considered to be, though not very prosperous, rather above than below the average in regard to their material condition.

From the Superintendent, Mysore Revenue Survey, To the Officiating Deputy Commissioner, Mysore District, No. 718, dated Bangalore, 2nd February 1891.

I have the honor to forward herewith my report on the proposed revision of the assessment of the Gundlupet Taluk for your perusal and kind return, as early as practicable, with such remarks as you may desire to offer.

From the Officiating Deputy Commissioner, Mysore District, To the Superintendent Revenue Survey in Mysore, No. 3852, dated Mysore, 20th February 1891.

I have the honor to acknowledge the receipt of your letter No. 718, dated 2nd instant, anent the revision of the assessment in the Gundlupet Taluk, together with its accompaniments. I beg to state that I have carefully read your report to Government on the subject. I must confess that I do not know much about the taluk but still I can say I am no stranger to it. When I was Police Assistant Commissioner in this District, I have seen most of the villages situated to the north of the range of hills alluded to in para 5 of the Classing Officer's report which you rightly describe, form as it were the inhabited portion of the Taluk, and thus I make no doubt to offer my opinion with some confidence. The taluk, like its neighbour Heggaddevenkote, is semi-malnad and resembles it in some of its physical characteristics. It has, however, some advantages over it in point of agricultural resources and means of communication. It has also an important market town in Tarikanambi which is the chief centre of trade in the taluk. Besides this, I agree with you in thinking that the extension of Railway to Nanjangud has a bright future in store for it. I must state that taking into consideration the situation of villages, the climate and

the facilities of communication they enjoy they have been excellently grouped. I consider on the whole that the rates proposed by you for dry, wet and garden lands are moderate and favorable, and are quite consistent with those adopted for the Heggaddevankote Taluk, still resulting in an immediate increase of a little over Rs. 10,000 to Government revenue (after deducting the charges on account of the permanent remuneration of village officials as well the Irrigation Fund) which is nearly double the increase accrued to Government by the revision of the assessment of the last mentioned Taluk. It is observed that this increase is not owing to the enhancement of rates but chiefly the effect of the correct survey measurement of occupied lands according to old accounts as noted in the margin. I think we must be content with this increase bearing in mind the past revenue management of the taluk, its still undeveloped state, its rather unhealthy climate and the heavy Forest tracts which cover it.

As per old accounts.		By Survey.		Difference.	
Acres	85,424	Acres	1,11,195	Acres	25,771
Collections	56,790	Assessment	72,516	Assessment	15,726

2. I should have replied to you earlier, but I thought I would do better by reading the Classing Officer's report which I only received lately and then replying to you.

3. The enclosures to your letter are herewith returned.

APPENDIX

Statement showing the Area, Cultivation, Cattle, Carts, Ploughs, Houses, Population, and Past and reported on in Survey Superintendent's letter

First Class Dry Crop Maximum rate, Rs. 1—6—0.
1st Class Rice Maximum rate, Rs. 7—0—0.
1st, 2nd and 3rd Classes Garden Maximum rate, Rs. 8—0—0.

CAMP No. 1—8, DATED MYSORE, 11TH APRIL 1891.

ORDER THEREON.—In the letter above quoted, the Superintendent of Revenue Survey submits proposals for the revision of assessment of the Gundlupet Taluk in the Mysore District.

2. The usual details are furnished in his letter No. 717, dated 2nd February 1891.

3. The climate of the Taluk is not reputed to be generally healthy. Its average rain-fall of about 30 inches is derived chiefly from the south-west monsoon. The soil is comparatively good and yields in favorable seasons, abundant harvests in some cases even double crops of jola, the staple dry crop of the Taluk. The area under wet crops is small, though the quality of crops raised under the Vijayapur Tank is said to be superior; but the garden crops with the exception of betel-leaf, and their water supply are regarded as inferior. The Taluk does not enjoy the benefit of irrigation to any thing like what exists in the neighbouring Taluks of the Mysore District. Its general agricultural condition cannot be regarded as advanced as in Chamrajnagar, Heggaddevankote or Hunsur.

4. Means of communication are good, and large markets exist at Tirakanambi and Gundlupet. The population of the Taluk per square mile compares as follows with the neighbouring settled Taluk of Heggaddevankote:—

	Whole Area.	Arable Area.	Occupied Area.
Heggaddevankote	67	314	354
Gundlupet	92	268	286

From the above statement it will be seen that though the population per square mile of the total area is greater (owing to less extensive jungle tracts than in Heggaddevankote), yet the density of population per square mile of occupied or arable area is much less than in Heggaddevankote.

5. For purposes of assessment Colonel Grant proposes to divide the Taluk into 3 groups with reference to situation and proximity to roads, the first group consisting of the best villages being on, and to the east of, the Mysore-Ooty high road. The maximum rates recommended compare as follows with those of Heggaddevankote Taluk:—

	Gundlupet. Rs. A. P.	Heggaddevankote. Rs. A. P.
Dry crop.—		
I. Group	1 6 0	1 6 0
II. Group	1 4 0	1 4 0
III. Group	0 12 0	1 0 0
Wet crop.—		
I. Group	7 0 0	8 0 0 (Channel) 6 0 0
II. Group	6 0 0	5 0 0
III. Group	5 0 0	4 0 0
Garden.—		
I. Group	8 0 0	10 0 0
II. Group		
III. Group		

6. These rates are somewhat lower than they well might be, but they have been adopted after careful consideration of existing conditions as to irrigation, climate and agriculture, and with the object of encouraging expansion of cultivation

as far as possible. The above maximum rates give the following average rates as compared with similar rates for the Heggaddevankote Taluk :—

	Gundlupet. Average Rate.			Heggaddevankote. Average Rate.		
	Rs.	A.	P.	Rs.	A.	P.
Dry crop	0	9	7	0	10	2
Rice	3	7	8	3	2	11
Garden	3	5	1	2	13	2
Total.....	0	10	5	0	12	4

7. The average rates per acre of occupied area of present and proposed assessment compare as follows :—

	Present.			Proposed.		
	Rs.	A.	P.	Rs.	As.	P.
Dry	0	7	4	0	9	7
Wet	3	5	5	3	7	8
Garden	2	13	3	3	5	1

8. The increase of land revenue likely to accrue from the proposed settlement amounts to Rs. 15,726 per annum. By setting off against this a sum of Rs. 5,000 estimated as remuneration of Village Officers and Rs. 438 as contribution to the Irrigation Fund, the net increase in the revenue will be a little over Rs. 10,000. This large net increase is secured by the adoption of specially moderate rates of assessment as already shown.

9. With the foregoing remarks the Government sanction the maximum rates specified above and the introduction of the proposed settlement with the usual guarantee for 30 years.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Superintendent, Mysore Revenue Survey.
The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.

Exd.—A. N. S.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

READ THE FOLLWING PAPERS:—

Letter from the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 826, dated Bangalore, 13th March 1891.

I have the honor to submit the marginally noted papers embodying the usual preliminary discussion on the proposed settlement of the Anekal Taluk, and at the same time to solicit sanction to my proceeding to give out the rates under Section 113 of the Mysore Land Revenue Code.

1. Report No. 94, dated 16th February 1891, from the Deputy Superintendent, Mysore Revenue Survey, with its 4 accompaniments.
2. Letter No. 1711, dated 11th instant, from the Officiating Deputy Commissioner of the Bangalore District.

2. I have little to add in extension of what has already been recorded in Colonel Rutherfurd's original Report which I may state was drawn up after full consultation between him and myself. The Taluk is comparatively small and not very distinctive in its characteristics. Along its eastern and southern boundary lies the Madras Presidency and the Kankanhalli Taluk, which adjoins to the west, has not yet been settled. Consequently we have been chiefly guided by the rates already adopted in the settled Taluks of Bangalore and Hoskote to the north.

3. After deducting the amount required for the remuneration of village servants and the contribution to the Irrigation Fund, there is a net increase in the assessment of the occupied lands, as a result of the settlement, of something under Rs. 5,000. I think Colonel Rutherfurd's estimate of Rs. 3,000 for the remuneration of Patels and Shanbhogs is too low and, if so, the increase will not be so much as above shown. The settlement, in short, amounts to little more than a careful redistribution of the assessment upon maximum rates of proved suitability, for if there is some increase in the Government demand, the rayiats on the other hand will no longer pay Aya which it seems to have been the practice for them to pay to both Patels and Shanbhogs.

Para 24 of Report.

4. The Officiating Deputy Commissioner who, I am aware, has at one time or another had very intimate experience of the tract under report gives, it will be observed, an almost unqualified approval of the proposed rates.

5. Every thing is in readiness for the announcement of the rates now proposed directly the proposed settlement shall have received the sanction of Government.

From the Deputy Superintendent of Mysore Revenue Survey, To the Superintendent, Mysore Revenue Survey, No 94, dated Sorab, 16th February 1891.

I have the honor to submit herewith my proposals for the revision of the assessment of the Anekal Taluk of the Bangalore District.

2. A report by Mr. Appu Rao, in which are incorporated the notes taken by Mr. Barker, is attached. Both these officers were employed in the classification of the Taluk, and have contributed much useful information on such subjects as the climate, physical characteristics, crops, soils, irrigation, &c.

3. Taluk is divided into the following seven maganis:—

Number.	Name of Magani.	Government Villages.	Sarva Inam Villages.	Jodi Inam Villages.	Kayamgutta Villages.	Total.	Remarks.
1	2	3	4	5	6	7	8
1	Anekal	25	...	2	...	27	There is a Commissary Kaval in the Jigani Magani.
2	Hargadde	25	...	4	3	32	
3	Jigani	28	1	...	7	36	
4	Sarjapur	29	...	...	3	32	
5	Attibele	21	...	2	...	23	
6	Iggalur	25	2	3	3	33	
7	Bidarkuppe	31	...	...	7	38	
	Total.....	184	3	11	23	221	

4. The revision now proposed only applies to the 184 Government villages and no figures for Inam villages will therefore be shown in the following statements, except where specially mentioned.

5. The Taluk under report is small in area and tolerably compact in shape, except on the north and south-west where the boundaries adjoining the Bangalore and Kankanhalli Taluks are rather irregular. The head-quarters being in the extreme south are inconveniently situated with reference to the majority of the villages in the Taluk. The rain-fall, which averages about 31 inches, and which is very similar to that at Bangalore, is pretty uniform throughout the Taluk except in the western portion where owing to the proximity of hills, it is slightly heavier. The nature of the soils, the communications and markets, &c., are all fully described in the accompanying report and therefore need not be recapitulated here. I shall, however, refer to the report when necessary.

6. The statistics collected during classification are shown in the following statement:—

Villages.	Houses.	Population.	Square miles.	Plough cattle.	Ploughs.	Carts.	Markets.	Remarks.
1	2	3	4	5	6	7	8	9
184	8,086	43,557	160	12,428	6,182	1,918	5	

As will be seen from the figures in Column 4, the Taluk is an unusually small one. The population according to the Census of 1881 was 44,411 for the whole Taluk and by the survey the population was ascertained to be 43,557 in 184 Government villages, exclusive of 37 Inam villages, which were of course included in the original Census. This would give 272 souls to the square mile, and if the calculation be made on the occupied area, the result gives the unusually high proportion of 650 to the square mile. The number of carts, ploughs and plough cattle is very satisfactory, implying, as it does, complete recovery from the disastrous effects of the famine of 1876—77, and the existence of an industrious and thriving agricultural population.

7. The following statement shows how the lands of the Taluk have been divided up by the Survey :—

Description of Land.	Government.		Inam.		Total.		Grand Total.
	Occupied.	Waste.	Occupied.	Waste.	Occupied.	Waste.	
1	2	3	4	5	6	7	8
Dry Crop	35,345	6,987	7,602	...	42,947	6,987	49,934
Rice	5,714	419	1,566	...	7,280	419	7,699
Garden	2,031	28	153	...	2,184	28	2,212
Total.....	43,090	7,434	9,321	...	52,411	7,434	59,845
Uncultivable area including roads, village sites, &c.							42,506
Area of Inam villages							18,950
Area of Commissary Kaval							450
Gross area of the whole Taluk, *i. e.*, 190 square miles							1,21,751

8. The proportion of arable waste to occupied land under all heads is unusually small, and may be expected to decrease still more on the introduction of moderate rates of assessment. Many of the waste dry crop numbers are at a considerable distance from the village sites and are therefore preferred for grazing purposes. Besides the usual unequal incidence of the old assessment, it may be mentioned in the case of the rice lands that much of the waste is due to a variety of causes among which may be noted the unsatisfactory condition of some of the tanks, insufficient supply of water, and the sparseness of a rice cultivating raiyat population.

9. The incidence of the old assessment under the heads, dry, wet and garden are shown in the following maganiwar statement. The average rates are obtained by applying the new survey acres, under each head, to the old collections :—

Number.	Name of Magani.	Dry Crop.			Rice.			Garden.		
		Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11
1	Anekal	4,705	6,352	1 5 7	579	2,802	4 13 5	314	1,233	4 15 8
2	Hargadde	3,918	5,011	1 4 6	473	1,911	4 0 8	142	861	6 1 0
3	Jigani	4,157	6,392	1 8 7	950	3,845	4 0 9	168	993	5 14 7
4	Sarjapur	7,037	10,056	1 6 10	813	4,580	5 10 2	531	1,635	3 1 3
5	Attibele	5,185	7,021	1 5 8	758	3,612	4 12 3	251	1,186	4 11 7
6	Iggalur	4,255	5,216	1 3 7	758	3,119	4 1 10	169	816	4 13 3
7	Bidarguppe	6,088	8,772	1 7 1	1,383	6,097	4 6 6	456	1,267	2 12 5
	Total ...	35,345	4,8820	1 6 1	5,714	25,964	4 8 8	2,031	8,321	4 1 7

10. From the figures given above there can be no doubt of the inequality of the old rates, and in para 14 of the Classing Officer's Report will be found several examples of the extraordinary variations of the rates in each magani. At para 26 of this report, I have prepared a statement in illustration of this inequality showing the percentage of increase and decrease between the old and new assessment in a few villages.

11. The following statement shows the actual realizations of revenue for the past 25 years, and the price of the staple products, ragi and rice, for the same period with the exception of the first three years for which information is not forthcoming :—

Year.	Total Demand.	Remissions.	Collections.	Seers per Rupee.		Remarks.
				Rice.	Ragi.	
1	2	3	4	5	6	7
1865—66	82,776	51	82,725	...	...	
1866—67	82,493	97	82,396	...	...	
1867—68	88,349	...	88,349	...	...	
1868—69	86,023	454	85,569	33	30	
1869—70	84,044	...	84,044	40	42	
1870—71	84,459	...	84,459	33	40	

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

Year.	Total Demand.	Remissions.	Collections.	Seers per rupee.		Remarks.
				Rice.	Ragi.	
1	2	3	4	5	6	7
1871—72	81,500	...	81,500	47	90	
1872—73	79,104	...	79,104	42	80	
1873—74	78,281	26	78,255	37	53	
1874—75	79,347	...	79,347	42	50	
1875—76	77,987	...	77,987	40	48	
1876—77	77,157	25,624	51,533	22	16	
1877—78	75,984	294	75,690	19	11	
1878—79	76,807	...	76,807	17	18	
1879—80	76,391	...	76,391	31	31	
1880—81	77,077	304	76,773	31	31	
1881—82	76,952	175	76,777	29	30	
1882—83	77,810	8	77,802	35	35	
1883—84	78,304	8	78,296	35	48

1886—87	81,596	8	81,588	37	35	
1887—88	81,736	8	81,728	40	42	
1888—89	83,236	8	83,228	33	40	
1889—90	83,478	8	*83,470	28	39	*Including water cess Rs 365.

Five years' average	82,036
Ten do do	79,813
Twenty do do	77,960
Twenty five do do	79,291

12. The prices vary considerably, but, judging from the figures given in columns 5 and 6, more or less independently of the rise and fall in the revenue. The highest realizations occurred in 1867—68, two years after the famine of 1865—66 and the lowest during the famine years of 1876-77, 1878. For the first seven years, of the 25 for which the figures are given, the collections varied very slightly then for a period of 10 years, (excluding the famine years) there was at first a gradual decrease followed by an equally gradual increase till the year 1885—86, from which time the realizations have increased but have not equalled those of the first five years. The last five years' average (Rs. 82,036) is, strange to say, actually less than the collections of the famine year 1865—66. The remissions, with the exception of those granted in 1876—77 are insignificant, and call for no remarks.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

13. For purposes of assessment, I propose dividing the Taluk into two groups, which together with the maximum rates, are shown in the following statement :—

Group.	Number of Villages.	Maximum Rates				Remarks.
		Dry Crop.	Rice.	Garden		
				Tank.	Well	
1	2	3	4	5	6	7
I	178	2 8	8.0	12 0	8 0	
II	6	2 4	8.0	12 0	8-0	

14. Practically there is only one group for the whole Taluk, the 2nd group comprising only 6 villages. As already mentioned the Taluk is exceptionally well provided with roads, and, all other conditions being nearly similar, there would have been no object in excluding these 6 villages from the first group had it not been for the fact that they are situated amongst the hills to the west and south-west. I therefore considered it advisable to put them in a second group. The rates, it will be seen, compare favorably with those of the adjoining taluks already settled.

15. The results of the proposed rates are tabulated in the subjoined statement :—

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I	178	34,339	54,442	1 9 4	5,677	32,452	5 11 6	2,003	9,657	4 12 11	42,023	96,551	2 4 9
II	6	1,006	1,343	1 5 4	37	154	4 2 7	22	103	4 15 3	1,067	1,606	1 8 2
	184	35,345	55,785	1 9 3	5,714	32,606	5 11 4	2,031	9,760	4 12 11	43,090	98,157	2 4 5

16. The area and assessment of the unoccupied arable waste are given below :—

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.	Acres.	Assessment.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I	178	6,792	9,051	1 5 2	414	2,282	5 8 2	27	110	4 1 2	7,233	11,443	1 9 4
II	6	195	219	1 2 0	5	22	4 6 5	1	7	7 0 0	201	248	1 3 9
	184	6,987	9,270	1 5 3	419	2,304	5 8 0	28	117	4 2 10	7,434	11,691	1 9 2

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

17. The subjoined statement gives information similar to the above for minor Inam lands —

Group.	Villages.	Dry Crop.			Rice.			Garden			Total		
		Acres.	Assessment	Average Rate	Acres	Assessment	Average Rate.	Acres	Assessment.	Average Rate	Acres.	Assessment	Average Rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I	178	7,450	11,747	1 9 4	1,552	9,079	5 13 7	152	651	4 4 6	9,134	21,477	2 5 7
II	6	172	226	1 5 0	14	57	4 1 2	1	3	3 0 0	187	286	1 8 6
	184	7,602	11,973	1 9 2	1,566	9,136	5 13 4	153	654	4 4 5	9,321	21,763	2 5 4

18. The result of the proposed rates on all the arable land, occupied, waste and Inam, is shown below, and at the same time contrasted with the old collections .—

Group	Villages.	As per old Accounts.	As per Survey								Remarks
			Government occupied		Government waste.		Inam.		Grand Total.		
		Collections.	Acres	Assessment.	Acres	Assessment	Acres	Assessment.	Acres	Assessment.	
1	2	3	4	5	6	7	8	9	10	11	12
I	178	82,177	42,925	93,551	7,233	11,443	9,134	21,477	58 332	1,29,471	
II	6	1,293	1,065	1,606	201	248	187	286	1,453	2,140	
	184	83,470	43 090	98,157	7,434	11,691	9,321	21,763	59,845	1,31,611	

19. The grazing in 1889—90 realized the sum of Rs. 3,062, which amount I have retained for purposes of comparison.

20. The Local Fund for the same year produced Rs 5,976. By the proposed settlement the amount due from Government occupied lands will be Rs. 6,135, and from Minor Inams Rs. 1,360, or a total of Rs. 7,495.

21. The general result of the proposed settlement will be clear from the following statement —

	Rs.
Land Revenue of 1889—90	83,470
Local Fund	5,976
Grazing	3,062
	92,508
Survey assessment on occupied lands	98,157
Local Fund	7,495
Grazing	3,062
	1,08,714

22. Omitting the amounts realized under the heads of Local Fund and grazing, there is a small increase of revenue on occupied lands of Rs. 14,687.

23. The pay of village officers will require about Rs. 3,000, and the contribution to the Irrigation Fund will account for Rs. 7,000 in round numbers.

24. Deducting Rs. 10,000, the total of the two items specified in the last para there remains a small balance to the credit of Government of Rs. 4,687.

25. The incidence of the new assessment generally compared with that of the old will be apparent from the following statement :—

Description of Cultivation.	Acres by Survey.	Average rate per acre under old system.	Average rate per acre under new system.	Remarks.
1	2	3	4	5
Dry	35,345	1 6 1	1 9 3	
Wet	7,745	4 6 10	5 7 6	Rice and garden combined.

26. The following statement gives a few instances of increase and decrease of assessment taken from each of the two groups into which the Taluk has been divided and clearly shows the inequality of the old rates :—

In Classwar Statement. Class.	Number.	Name of Village.	Old Collections.	Survey Assessment.	Percentage of Increase or Decrease.	Average Rate. Dry.	Wet	Garden	Remarks.
1	2	3	4	5	6	7	8	9	10
1	9	Chikanhatti	56	129	130	1 4 7	4 4 0	2 0 0	Increase.
1	52	Golpalya	49	81	88	1 5 4	0 0 0	0 0 0	
1	68	Bhujangdasinhere	80	163	104	0 0 0	7 1 5	0 0 0	
1	121	Medihalli	142	248	75	1 5 4	3 8 0	2 9 7	
1	125	Andapura	70	148	111	1 5 6	4 4 0	0 0 0	
1	103	Bellur	540	869	61	1 8 7	5 9 1	6 4 7	
1	50	Manchanhalli	252	196	22	1 9 6	6 0 0	2 0 0	
1	72	Shanbhoganhalli	137	3	98	3 0 0	0 0 0	0 0 0	Decrease.
1	148	Kasba Bidarguppe	1,432	1,264	12	1 10	6 9 6	7 7 6	
1	86	Bekkanhalli	846	626	26	1 9 7	5 2 5	5 5 4	
1	169	Koltur	807	659	18	1 10 1	5 1 2	3 3 7	
2	6	Bhairapanhalli	94	63	33	1 2 4	0 0 0	0 0 0	

27. The usual classwar statement, a list of Inam villages showing the nature of survey applied to each, and a sketch map of the Taluk, illustrating the grouping of the villages, are forwarded with this report.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

Statement showing all the Inam villages in the Anekal Taluk, Bangalore District.

No.	Names of Villages.	Description of Inam.	Nature of the Survey applied.	Remarks.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

Report on the Anekal Taluk, Bangalore District, Compiled by Mr. D. Appu Rao, Assistant Commissioner from his own and Mr. Barker's Notes.

Boundaries.—The Anekal Taluk is situated to the south of the Bangalore District, and is bounded on the north by the Bangalore and Hoskote Taluks, on the east and south by the Hosur Taluk of the Madras Presidency, and on the west by the Kankanhalli Taluk of the Bangalore District.

2. *Area.*—The extreme length of the Taluk, north and south is about 18 miles and the breadth east and west is about 17 miles. The total area of the Taluk is 111,870 acres or about 175 square miles. Of this, 72,104 acres are culturable.

3. *Physical Characteristics.*—The Taluk consists for the greater part of undulating plains. A low range of hills covered with scrub jungle skirts it on the west.

4. *Population.*—The population of the Taluk according to the Census of 1881 was 44,411 souls or about 254 per square mile for the total area and about 400 per square mile of cultivated area. The total population is pretty evenly distributed over the entire area.

5. *Sub-Division of Taluk.*—The Taluk comprises 222 villages and has been divided into 7 Hoblis as show below :—

No.	Name of the Hobli.	Number of Government Villages.	Number of Alienated Villages.	Total.
1	Anekal	25	2	27
2	Jigani	29	8	37
3	Hargadde	25	7	32
4	Attibele	21	2	23
5	Sarjapur	29	3	32
6	Iggalur	25	8	33
7	Bidarguppe	31	7	38
	Total.....	* 185	37	222

* Inclusive of Commissary Kaval.

6. *Rivers.*—No rivers of any magnitude run their course in the Taluk, the whole of which forms a portion of the basin of the south Pinakini river, into which the surplus drainage of the Taluk is ultimately discharged.

7. *Tanks and Irrigation.*—The Taluk like those in the neighbourhood contains a large number of tanks. The principal among them are the Jigani, Kasaba Anekal, Bidarguppe, Muttanallur and Hennagara Tanks. They are generally in good condition and the smaller of them are receiving a good deal of attention from the Taluk authorities. With regard to the Kasaba Anekal Tank, Mr. Barker says "it would prove a most valuable one if put into thorough order in every way. The bund is good and the tank covers a large extent of ground, but its supply channels are deficient and the tank seldom fills." I found a large extent of land below the Hennagara Tank lying waste and this appeared to have been so far some years past. The only reason assigned for this was that there was not enough of raiyats to cultivate them and the water supply was insufficient. The tank was undergoing repairs by the Public Works Department and it may be expected that in course of time more lands will be brought under cultivation.

8. *Wells.*—Wells are not so numerous. Wherever sugar-cane or garden crop is grown, wells or "small gundis" are dug and used to supplement the tank supply.

9. *Rain-Fall.*—The following statement exhibits the rain-fall of the Taluk for the past four years:—

Year.	Inches.	Cents.	
1885—86	27	37	
1886—87	38	33	
1887—88	34	34	
1888—89	26	28	
	Average		31·6

This average appears to hold good in all parts of the Taluk, except the Jigani Hobli, regarding which Mr. Barker writes "The proximity of some large tracts of jungle in the Kankanhalli Taluk may possibly influence the rain-fall to a slight extent and the numerous small hills which exist on and beyond its western frontier may attract a little more rain than falls elsewhere. At all events the western villages have an advantage in the matter of rain and moisture, so that rice is grown in many places without artificial irrigation. The tanks also benefit and receive a more certain supply of water."

10. *Roads*—A glance at the map will show that every part of the Taluk is well provided with good roads. There is one from Bangalore to Anekal passing through the Jigani and Hargadde Hoblis. And another from Bangalore to Hosur serves the Bidarguppe, Iggalur and Attibele Hoblis and a third proceeds from Anekal through Kasaba Iggalur, Attibele and Sarjapur Hoblis to the Kadagodi Station on the Madras Railway, which is about 24 miles from Anekal. Attibele and Anekal are joined to the Remount Depôt at Mattikere by good roads and Sarjapur and Bangalore by another direct road. A small branch road is also made from near Hebgodi on the Bangalore-Hosur road to Anekal, which forms a direct road from Bangalore to Anekal.

11. *Soils.*—The dry crop soils of the Taluk are, as in surrounding Taluks, generally good being red with sand mixed in varying proportions. The soils in gardens and rice lands are also similar but richer and darker, owing perhaps to the accumulation of alluvial loam deposited through successive years and the action of manure.

12. *Crops, (Dry and Wet).*—The dry crops raised are ragi, gram, avare, and others usually grown in the District. Rice is grown under the numerous tanks that are to be found in the Taluk and in the hilly parts of the Jigani Hobli and in a few other places, even without artificial irrigation. Under large tanks, in favorable seasons, a second crop of rice is also taken. Sugar-cane of superior kind is grown under several tanks, "gundis" dug for the time supplementing the water supply of tanks, under smaller ones. Under the Bidarguppe and Arehalli Tanks, some very fine gardens of betel-leaves are to be seen, while in some parts of the Kasaba Bidarguppe and Attibele Hoblis, minor garden produce is raised by Tigalars. Mulberry cultivation is also met with here and there. There are no cocoanut and supari gardens of any considerable importance.

13. *Method of Agriculture.*—The usual method of agriculture is followed in the Taluk, but iron sugar-cane mills of English manufacture have entirely superseded the old wooden ones.

14. *Rates.*—In the Hoblis classed by Mr. Barker, the rice rates vary from 6 annas to one rupee per kolaga of 500 square yards. The dry rates range between 1—8—0 to 2 rupees per kolaga of 3,200 square yards. In the Hoblis classed by the 'M' Establishment, the average rates found by enquiries made at test are as follows:—

Hoblis.	Dry Crop per acre.			Rice per acre.			Garden per acre.		
Sarjapur	1	7	11	5	0	0	3	14	11
Bidarguppe	1	11	0	4	0	6	6	1	
Attibele	1	7	0	4	0	0	5	9	
Iggalur	1	3	3	3	14	3	5	12	

A statement showing rates prevailing in the Taluk, as furnished by the Amildar, is given below:—

Hobli.	Dry Crop per Kolaga of 3,200 Square Yards.				Rice per Kolaga of 500 Square Yards.				Garden per Kolaga of 500 Square Yards.			
	From.		To.		From.		To.		From.		To.	
	R.	A. P.	R.	A. P.	R.	A. P.	R.	A. P.	R.	A. P.	R.	A. P.
Anekal	0	7 0	3	8 0	0	9 4	1	4 0	0	11 8	1	0 0
Jigani	0	4 8	3	4 0	0	9 4	1	2 0	0	9 4	1	0 0
Hargadde	0	7 0	3	6 0	0	7 0	0	11 8	0	9 4	1	0 0
Attibele	0	4 8	3	0 4	0	7 0	1	0 0	0	9 4	1	0 0
Sarjapur	0	4 8	5	0 0	0	7 0	1	0 0	0	7 0	1	0 0
Iggalur	0	9 4	4	4 0	0	7 0	1	0 0	0	7 0	1	2 0
Bidarguppe	0	4 8	3	0 4	0	6 0	1	2 0	0	9 4	1	0 0

15. *Markets.*—Weekly markets are held at Anekal, Sarjapur, Dommasandra and Huskur, and annual fairs at Huskur and Bannerghatta. At the Huskur annual fair, some thousands of cattle are brought for sale.

16. *Imports and Exports.*—The chief exports are ragi and other food grains, which are exported to Bangalore and other places in the Salem District. According to the Amildar some quantity of grains is also imported into the Taluk, but I believe that some part of it is re-exported to Bangalore and other places. Piece-goods and salt are also imported.

17. *Manufactures.*—Piece-goods of superior kinds are manufactured at Anekal and other places. A large quantity of oil is also manufactured in the Taluk.

18. *Carts.*—There are 718 carts in the Taluk which are used for agriculture and for the carriage of agricultural produce to markets.

19. *Agricultural Stocks.*—There are 37,563 cows, bullocks and buffaloes and 18,342 sheep and goats in the Taluk. The cattle are generally in a fair condition, in spite of the scanty pasturage to be found in several villages of the Taluk. In villages bordering on the range of hills to the west, pasturage is not scarce and the condition of cattle better.

20. *Topes.*—Fine topes of trees are found everywhere in the Taluk. Several of these are owned by private individuals. There is nothing deserving the name of forest in the Taluk. A plantation has been got up by the Amildar and is making good progress. Honge trees abound everywhere. Their leaves, flowers and the refuse of their fruits after oil has been extracted from it, are used as manure. In many villages, casuarina trees are being planted in occupied dry crop and rice lands.

21. *Remuneration of Village Officers and Servants.*—According to the Amildar, the Shanbhogs get on an average rupees 9—9—0 in land and rupees 46—14-0 in the shape of aya from raiyats. The Patels get on an average rupees 17 in land and rupees 34 in the shape of aya. The Toti's, Talari's and Nirganti's remuneration ranges from 15 to 24 rupees in the shape of aya from raiyats.

22. *Wages.*—The rates paid for labor in the Taluk range from 1½ to 4 annas for unskilled and from 8 to 10 annas for skilled labor.

23. *Weights and Measures.*—The weights and measures used in the Taluk are similar to those prevailing in the neighbouring taluks.

24. *Sub-letting.*—The mode of sub-letting lands is also similar to that prevailing in the neighbouring taluks.

25. *General Condition.*—The general condition of the Taluk is very good. The people are generally well-to-do, the climate healthy, markets for the disposal of agricultural produce near at hand and abundant,—and the means of communication ample.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April 1891.

From the Officiating Deputy Commissioner, Bangalore District, To the Superintendent, Mysore Revenue Survey, No. 1711 R., dated 11th March 1891.

I have the honer to acknowledge the receipt of your letter No. 786, dated 4th instant, forwarding for opinion Colonel Rutherfurd's report on the proposed settlement of Anekal Taluk, and to state that I have carefully considered the proposals, and am of opinion that they are, on the whole, sound and equitable. I would recommend their introduction without any modification.

2. I am further of opinion that the proposed division of the Taluk into two groups, as per margin, for the purpose of assessment, is good and appears to me well considered.

Group.	No. of villages.	Dry Crop.			Rice.			Garden.			
		Maximum Rates.	Average Rate.		Maximum Rate.	Average Rate.		Maximum Rate.	Average.		
			Government occupied.	Uncccupied.		Government occupied.	Uncccupied.	Tank.	Wells.	Government occupied.	Uncccupied.
		Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
I Group	178	2 2 0	1 1 0	1 1 0	8 0 0	5 4 0	5 4 0	12 0 0	8 0 0	4 15 0	4 7 0
II do	6	2 4 0	1 5 4	1 5 2	8 0 0	5 11 4	5 8 6	12 0 0	8 0 0	4 12 1	4 1 2
Total.....	184		1 5 4	1 5 2	8 0 0	5 11 4	5 8 6			4 12 1	4 1 2

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 13th April **1891.**

3. The rates proposed to be adopted are said to be in accordance with those already adopted in the adjoining settled Taluk. Having the statistics of one of the adjoining Taluks of Hoskote which was settled in 1886 and comparing the rates thereof with those now proposed to be adopted, favorable results are obtained as noted below :—

Group.	For Anekal Taluk Maximum.				For Hoskote Taluk Maximum Rate.			
	Dry rate.	Rice.	Garden.		Dry.	Rice.	Garden.	
			Tanks.	Wells.			Tanks.	Wells.
1st Group ...	2 8 0	8 0 0	12 0 0	8 0 0	2 12 0	9 0 0	12 0 0	8
2nd Group ...	2 4 0	8 0 0	12 0 0	8 0 0	2 8 0	9 0 0	12 0 0	8

4. The average rates resulting for dry, wet and garden are, in themselves moderate and may be adopted.

5. It is important to note that Survey Numbers should be made of convenient sizes, to act as sufficient deterrent against the throwing up of lands and giving impulse to fresh lands being taken up by the raiyats.

6. The enclosures are returned.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 15th April 1891.

No. 462-71—Cir. 9, dated Bangalore, 13th April 1891.

Order thereon.—With the letter read above the Superintendent of Revenue Survey and Settlement submits proposals for the revision of the assessment of the Anekal Taluk in the Bangalore District.

2. The Taluk is comparatively small, the total area being 111,870 acres or about 175 square miles. It possesses a healthy climate and enjoys a fairly certain rain-fall, the average of the last 4 years being 31·6 inches. The soil is generally good, the western villages having the advantage of growing rice without artificial irrigation. The Taluk has a large number of tanks which are generally in good condition. It is throughout well supplied with roads and has four weekly and two annual fairs, chief among which is the fair held at Huskur where thousands of cattle are yearly brought for sale. It has moreover the advantage of being in close proximity to large markets and populous towns. From the statistics collected by the Survey Department, the population shows a fair ratio of increase during the last decade. Its density at present is 272 per square mile of general area and the high figure of 650 per square mile of occupied area. Altogether the condition of the Taluk is one of general prosperity.

3. For purposes of the settlement the Superintendent proposes to divide the Taluk which consists of 184 villages into 2 groups, the first group consisting of 178 villages, and the second of the remaining 6 villages, these being situated amongst the hills to the west and south-west of the Taluk. The maximum rates proposed compare as follows with those of the neighbouring settled taluk of Hoskote and the adjoining villages of the Bangalore Taluk settled in 1877 :—

	Group.	Dry Crop.	Rice.	Garden Tank.	Well
Anekal	I	2 8 0	8 0 0	12 0 0	8 0 0
	II	2 4 0	8 0 0	12 0 0	8 0 0
Hoskote	I	2 12 0	9 0 0	12 0 0	8 0 0
	II	2 8 0	9 0 0	12 0 0	8 0 0
Bangalore	I	2 12 0	8 0 0	16 0 0	9 0 0
	II	2 8 0	7 8 0		

4. These rates are extremely moderate, and applying them to occupied area as ascertained by the Survey Department, the average rates per acre of present and proposed assessment are as follows :—

	Present.			Proposed.		
Dry	1	6	1	1	9	3
Wet	4	8	8	5	11	4
Garden	4	1	7	4	12	11

5. The above average rates are fair and reasonable in every way and compare as follows with the neighbouring taluks of Bangalore and Hoskote:—

	Dry Crop.			Wet.			Garden			Total.		
Anekal	1	9	3	5	11	4	4	2	11	2	4	5
Hoskote	1	12	3	5	14	1	5	12	7	2	4	5
Bangalore	1	5	2	4	6	3	5	9	6	1	15	0

6. Colonel Rutherfurd estimates the increase of revenue due to settlement (after deducting the amount required for the remuneration of village officers and the contribution to the Irrigation Fund) to be Rs. 4,687, but as pointed out by Colonel Grant, this net increase is likely to be further reduced owing to remuneration of village officers being larger than estimated. Thus the increase by settlement is very insignificant and not more than the relief the raiyats would get by their being exempted from payment of Aya to the village officers.

7. Under such circumstances the Government have no hesitation in sanctioning the introduction of the proposed settlement with the usual guarantee for 30 years.

8. The remarks of Mr. Barker quoted in para 7 of Mr. Appu Rao's report regarding the improvement of the tank at Kasaba Anekal will be communicated to the Public Works Department for note and needful action.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Superintendent, Revenue Survey Department.
The Deputy Commissioner, Bangalore District.
The Secretary, Public Works Department.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 27th April 1891.

READ THE FOLLOWING PAPER :—

The Annual Report on the condition and progress of the Government Gardens and Parks for the year 1889—90.

No. 1167—138, DATED BANGALORE, 27TH APRIL 1891.

ORDER THEREON.—The chief event in the history of the Lal-Bagh was the visit paid to it during the year 1889—90 by His Royal Highness Prince Albert Victor of Wales, K. G., K. P., on which occasion a fete was given by His Highness the Maharaja in honor of the distinguished visitor. The visit, which is the first of its kind, by English Royalty will mark a new era in the history of the Institution. Associated with this visit is the construction of the Exhibition building intended to accommodate the half-yearly Horticultural Shows, the foundation stone of which His Royal Highness was pleased to lay.

2. During the year under review, a very large extent of land measuring about 30 acres was added to the Garden on the eastern side, so that its present area is 80 acres, exclusive of the tank on the southern side which also covers a large tract. A further extension of the Garden limits is recommended by Mr. Cameron who proposes that the cart-stand near his quarters and the mantapa rock to the east of the Exhibition building, should be acquired and added to the Garden. These proposals should form the subject of a separate communication.

3. The half-yearly Summer Show of flowers, fruits and vegetables was held on the 31st July 1889. The exhibits were not considered up to the usual average owing, it was believed, to the dryness of the season; but on the whole the Show was pronounced fairly successful. The total cost was Rs. 870, of which Rs. 347 were met from the gate collections. The Winter Exhibition which was due on the 30th January 1890 was not held owing to the heavy work of dismantling the decorations and restoring the grounds to order after the fete given in honor of His Royal Highness Prince Albert Victor.

4. The collection of colored drawings of plants was enriched during the year under review by the addition of 43 plates which makes the total Number 104. A list of the plates added is given in Appendix I. Government remark with satisfaction the progress made by Mr. Cameron in the revision of the Botanical Catalogue of 1880. The revised edition which will contain the prominent characters of each natural order and many Kanarese names, will prove a useful and instructive work.

5. The Menagerie and the Aviary continue to attract a large crowd of visitors. On the question of increasing the collection of animals and birds, the specimens of which are limited both in number and variety, Mr. Cameron observes as follows :—

"But to increase it much in either direction means the expenditure of a larger annual grant than is now allowed for the purpose. The importation of rare animals from other countries and the improved accommodation which they would require, are questions which I have hesitated to bring forward prominently, in case the Garden should lose to botany and horticulture what it might gain in zoology. The erection of new cages in various parts of the grounds is warmly advocated by Colonel Sir Oliver St. John, K. C. S. I., the British Resident, who takes a keen personal interest in the welfare of the animals; and if his suggestions are carried into effect (as they should be if we wish to keep pace with the times), the Zoological Department will be placed on a better footing. It should not do so, however, at the expense of horticulture and botany, which are of more value to the country than a fine collection of animals."

The Government will be glad to place the Zoological Department on a better footing if the additional expenditure involved is not prohibitive, and any definite proposals which Mr. Cameron may make on this subject will receive due consideration.

6. An interesting feature of the year's report is the account given of the experiment made with cotton cultivation in the Dariya Daulat Bagh at Seringapatam.

The question of growing cotton experimently under irrigation having engaged the attention of Government for some time past, it was decided as a preliminary step to commence the cultivation in the garden named above, which is Government property. Of the seeds collected from different parts of India, a large percentage failed to germinate. But this, Mr. Cameron thinks, was due for the most part to their being old or immature when received. The most desirable kinds however are said to have grown freely. The experiment cannot therefore be said to have proved a failure. A further trial should be made, the results of which Government will watch with interest.

7. A trial was also made of five new varieties of seed potatoes received from England. They were made over to Mr. Cameron for cultivation and distribution. The cultivation in the Botanical Gardens is said to have been attended with good results, but the crop returned by persons to whom they were distributed, is reported to have been indifferent. But the season had too far advanced when the consignment arrived in Bangalore, and Mr. Cameron thinks that, in a more favorable season, better results may be looked for.

8. The results of the experiment made with certain new species of California plants, the names of which are given in paragraph 23 of the report, are very encouraging, and it is satisfactory to observe that every one of them promises to be successful; but the same cannot be said of the French Grape Vine or of the English varieties of peach and nectarine, which have almost failed.

9. The receipts of the Government Gardens, inclusive of the value of gratis issues, amounted to Rs. 4,569—5—0 against Rs. 3,409—0—2 in the previous year; and the expenditure under all heads was Rs. 18,795—6—11 as compared with Rs. 18,302—11—9 in 1888--89.

10. The Superintendent will convey the thanks of Government to the gentlemen whose names are given in paragraph 14 of the report, for the seeds, plants, animals, birds, &c., which they were good enough respectively to present to the Lal-Bagh during the year under report.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Superintendent, Botanical Government Gardens.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th April 1891.

READ :—

Docket from the Deputy Commissioner, Shimoga District, dated 24th December 1890, No 951—551, submitting the District Fund Budget Estimates of the Shimoga District for the year 1891—92 together with the Local Fund Board's Proceedings, dated 10th December 1890.

No. 248-258—L. 29, DATED 7TH APRIL 1891.

ORDER THEREON.—The Government resolve to review the Budget Estimates of receipts and expenditure for the year 1891—92 under District Funds of the Shimoga District.

2. The receipts for 1891—92 under all heads are estimated at Rs. 80,378 against Rs. 83,949, the sanctioned estimate for 1890—91. The decrease which is chiefly under "II 76 per cent of the cess on arecanut" and "V Miscellaneous" has not been explained. The Deputy Commissioner is requested to supply the omission and to give the details of the assets, upon which 76 per cent of one anna cess on land revenue has been calculated. The assets should, except in the case of Inam and Jodi villages, &c, correspond with the figures entered in the Civil Budget for 1891—92. Meanwhile the estimate will be allowed to stand.

Items.	Details.	Jamabandi of 1889—90.	Estimate for— 1890—91	Estimate for— 1891—92
I	76 per cent of land revenue cess	64,623	64,318	64,302
II	Do cess on arecanut ...	11,485	12,144	9,924
III	Ferry collections ...	...	2,964	2,715
IV	Cattle fines and sales ...	...	3,582	3,389
V	Miscellaneous	...	941	48
	Total.. ...	...	83,949	80,378

3. *Opening Balance.*—Rupees 95,884 are stated to be the probable balance in favor of the District Funds on 1st April 1891. This appears to have been arrived at by adding the probable receipts of 1890—91 to the balance on 1st April 1890 and deducting from the sum the estimated expenditure for 1890—91. The Government however observe that the amount of estimated expenditure taken into account, *i. e.*, Rs. 1,01,132, does not include the additional grants amounting to Rs. 13,400 sanctioned in Government Proceedings, dated 6th November 1890, No. 9191-3—630-L. 1. Including the amount, the sanctioned estimate for 1890—91 aggregates to Rs. 1,14,532, which reduces the balance on 1st April 1891 to Rs. 82,484. This will be adopted in the Budget.

	Rs.
*1 Balance on 1st April 1890 ...	1,13,067
2 Probable receipts	83,949
Total.....	1,97,016
Deduct probable expenditure ...	1,01,132
Probable balance on 1st April 1891 ...	95,884
Additional grants subsequently sanctioned	13,400
	82,484

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th April 1891.

4. The estimated Civil Charges for 1891—92 amount to Rs. 6,497 against Rs. 6,732 sanctioned for 1890—91 as shown below :—

Items	Details.	Estimate for 1890—91.	Estimate for 1891—92.
I	District Office Establishment	240	240
II	Medical scholarships	660	679
III	(*a*) Peon to Deputy Inspector of Vaccination	95	95
	(*b*) Vaccination lymph	...	50
IV	Sweepers for 3rd Class Travellers' Bungalows	1,440	1,456
V	Local Fund Dispensaries—		
	(*a*) Establishment and Contingencies	2,000	2,000
	(*b*) House rent	184	160
	(*c*) Travelling allowance to Hospital Assistants	155	155
	(*d*) Diet to In-patients	200	200
	(*e*) Furniture	198	...
	(*f*) Charge allowance	1,160	1,160
VI	Reserve	400	302
	Total Rs.....	6,732	6,497

5. *II Medical Scholarships.*—The enhanced provision of Rs. 679 proposed under this head is in accordance with the Government Proceedings, dated 24th December 1887, No. 5832-43—149 and is passed.

6. *III* (*b*) *Vaccination Lymph.*—The new provision made under this head for the supply of lymph to vaccinators in the District is sanctioned.

7. *IV Sweepers for 3rd Class Travellers' Bungalows and Musa rkhanas.*—The net increase under this head is the result of a gross increase of Rs. 48 on account of the allowance proposed to be paid to the 2 Pujaris on the Kodachadri Hill for the conservancy of the Bungalow recently built on it, and of a gross decrease of Rs. 32 in consequence of the provision made in the present Budget of only $\frac{1}{3}$ cost of the pay of sweeper at Ulvi instead of the full cost entered in the Budget for 1890—91. The estimate is in accordance with the Government Proceedings quoted in the margin and is sanctioned.

(1) No. 12112-4—304, L. 276, dated 28th Jan. 1891.
(2) No. 7882-3—223, dated 29th Sept. 1890.

8. *V* (*b*) *Local Fund Dispensaries, House-Rent.*—The decrease under this head is due to the omission of provision on account of the house rent of the dispensary building at Sorab, where a Government building has been erected. The estimate is approved.

9. *V* (*e*) *Furniture.*—The dispensary at Benkipur, for which Rs. 198 were entered in the Budget for 1890—91 having been supplied with furniture during that year, no provision is properly made in the present Budget.

10. *VI Reserve.*—The estimate for unforeseen expenses, such as purchase and repair of furniture, is proposed to be reduced from Rs. 400 to Rs. 302. The recommendation is approved and the provision sanctioned.

11. The other items of charges call for no remark, excepting that the Deputy Commissioner has failed to explain the difference between the actuals of 1889—90, and the estimate for 1891—92. The omission should be guarded against in future.

12. Subject to the explanations called for, the estimated receipts and expenditure sanctioned for 1891—92 are as follows:—

		Rs.
(1)	Balance at the beginning of the year	82,484
(2)	Estimated receipts	80,378
	Total.....	1,62,862
(3)	Civil charges now sanctioned	6,497
	Balance.....	1,56,365

13. Out of the above balance, the following works costing Rs. 1,08,200 are proposed to be executed through the Public Works Department during the year 1891—92.

		Rs.
I.	Original—	
	(*a*) Communications	56,000
	(*b*) Reserve grant	2,000
	(*c*) Miscellaneous Public Improvements	4,500
	Total I.....	62,500
II.	Repairs—	
	(*a*) Communications	24,595
	(*b*) Reserve grant	4,405
	(*c*) Miscellaneous Public Improvements	500
	Total	29,500
III.	Establishment charges	16,000
IV.	Tools and plant	200
	Total.....	1,08,200

14. *I (c) and II (c).*—The total provision under this head amounts to Rs. 5,000, of which Rs. 2,000 are proposed to be spent in sinking wells in the Honnali and parts of Shikarpur, Channagiri and other Taluks, where scarcity for drinking water is much felt. The necessity for the provision of the remaining sum of Rs. 3,000 has not been explained, which should be now done. Meanwhile the estimate will stand.

15. *II (a).*—The provision of Rs. 24,595 includes the maintenance allowance on account of cart tracks in the several taluks recommended by the respective Amildars. This is in accordance with the Proceedings of the Board read above, and the provision sanctioned.

16. *III.*—The establishment charges of Rs. 16,000 under this head includes the 20 percent charge on Rs. 5,000 to be expended on wells, &c. These works should, as a rule, be carried out by the Revenue Department. The estimate will accordingly be reduced by Rs. 1,000.

17. In consideration of the poverty of the Municipality at Sagar, the Local Fund Board resolve to pay out of District Funds $\frac{2}{3}$ of the cost of compensation for lands taken up on account of widening the road in the Municipality, the remaining $\frac{1}{3}$ being

advanced to the Municipality as a loan to be repaid in 2 annual instalments. The Government approve the proposal and the Deputy Commissioner is authorized to submit a supplemental estimate for the funds needed.

18. The question of constructing rooms for the accommodation of in-patients in Local Fund Dispensaries, Musafirkhanas in the marginally noted places, and a building for the dispensary at Tirthahalli has to be disposed of in the Public Works Department. A separate application for the same should be made.

(1) Agumbi in Tirthahalli Taluk.
(2) Ambligodla in Shikarpur do.
(3) Gollarahalli in Honnali do.

19. The estimates finally sanctioned stand as shown below :—

						Rs.
(1)	Balance on 1st April 1891	...	...	...		82,484
(2)	Estimated receipts ...	...	...	...		80,378
					Total.....	1,62,862
(3)	Civil Charges ...	...	...	...		6,497
(4)	Public Works—					
	I. Original ...	...	...	...		62,500
	II. Repairs ...	...	...	...		29,500
	III. Establishments ...	...	...	...		15,000
	IV. Tools and Plant	...	...	...		200
					Total Public Works.....	1,07,200
					Grand Total of Expenditure...	1,13,697
					Balance.....	49,165

20. In the Proceedings read above, the Sheristadars of Channagiri and Honnali Taluks and the Deputy Amildar of Kumsi, who have no status on the Board have been entered as members. Their names should be removed from the list of members.

Exd.—B. G. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th April 1891.

READ :—

Dockets from the Deputy Commissioner, Tumkur District, dated 18th December 1890 and 19th January 1891, Nos. 534 and 566 respectively, submitting the Proceedings of the Local Fund Committee, dated 18th December 1890, and the District Fund Budget Estimates of receipts and expenditure for the year 1891—92.

No. 237-47—L. 28, DATED 7TH APRIL 1891.

ORDER THEREON.—The District Fund receipts are estimated at Rs. 59,432 for the year 1891—92 against Rs. 61,602, the actuals of 1889—90 and Rs. 61,600, the estimates for 1890—91. The decrease in the present estimate, compared with the actuals of 1889—90 which is chiefly in Land cess, has not been explained. The omission should be supplied.

	Taluks.	One Anna Cess on Land Revenue.			Cattle Fines and Sales.			Total District Fund Receipts.		
		Actuals of 1889—90	Estimate for 1890—91	Estimate for 1891—92	Actuals of 1889—90	Estimate for 1890—91	Estimate for 1891—92	Actuals of 1889—90	Estimate for 1890—91	Estimate for 1891—92

2. *Opening Balance.*—The balance in favor of District Funds on 1st April 1891, has not been given. It will however be assumed at Rs. 60,769 according to the calculation noted in the margin.

Actual balance on 1st April 1891 as entered in Public Works Department Budget ... Rs. 58,794

Receipts for 1890—91 as entered in Government Proceedings, dated 11th January 1890, No. 8594-8—194 ... Rs. 61,600

Total Rs....1,20,394

Civil Charges according to above Proceedings ... Rs. 8,625

Public Works as per Public Works Department Budget Rs. 51,000

Total Charges Rs...59,625

Balance on 31st March 1891 Rs....60,769

3. The estimated Civil Charges amount to Rs. 9,058 against Rs. 8,625 sanctioned for 1890—91 as shown below :—

Items.		Actuals of 1889—90.	Estimate for— 1890—91	1891—92
I.	District Office (*a*) Establishment	...	...	... 240
	(*b*) Allowance to a Clerk in the District Office ...	221	240	120
	(*c*) Furniture and travelling allowance to do ..	...	60	30
II.	Medical scholarships	314	660	660
III.	Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas.	1,038	1,140	1,260
IV.	(*a*) Animal Vaccination Charges $\frac{2}{3}$ cost of ..	...	120	40
	(*b*) Peon to Deputy Inspector of Vaccination and his travelling allowance and batta	95	114	97
V.	Conservancy charges during fairs and festivals	74	105	105
VI.	Local Fund Dispensaries—			
	(*a*) Establishments	1,638	1,656	1,812
	(*b*) Contingencies	896	1,616	1,480
	(*c*) House rent	130	264	192
	(*d*) Travelling allowance	200	508	454

	(*f*) (1) Feeding in-patients in Local Fund Dispensaries where there are no feeding chattrams.	...	250	250
	(2) Dieting Charges at Tumkur ...	338	644	544
	(*g*) Charge allowance to Hospital Assistants ...	...	960	1,080
	(*h*) Pay of nurse including travelling allowance....	240	290	260
	(*i*) Female servant for the Lying-in-Hosptial ...	...	...	72
	Total VI Local Fund Dispensaries.....	3,469	6,378	6,566
	Deduct contribution on account of Huliyar Dispensary...	...	60	60
	Total Net Charge.....	3,469	6,318	6,506
VII.	Travelling allowance to Representative Raiyats	333	...	...
	Total of Civil Charges.....	5,544	8,625	9,058

4. *District Office Establishment (b) Allowance to Clerk.*—The Deputy Commissioner proposes to grant an allowance of Rs. 10 per mensem to the Clerk of the District Office attending to the District Fund correspondence. The Government do not approve of the recommendation. There is already a Clerk employed at the cost of the

District Funds, who should attend to the District Fund correspondence. Persons on the establishment of the Deputy Commissioner have no right to claim remuneration for any work they are required to do in connection with the District Funds.

5. *II. Medical Scholarships.*—Under this head, the estimate for 1890—91 (*viz.* Rs. 660) is repeated in the present Budget, while the correct amount that has to be provided in accordance with the Government Proceedings, dated 24th December 1887, No. 5832-43—149, is Rs. 678 as shown in the margin. The latter figure will accordingly be adopted in the Budget.

No. of Items.		No.	Rate.	Amount.
I	Pre-collegiate Students ...	10	9	1,080
II	First year's do ...	10	10	1,200
III	Second do do ...	10	10	1,200
IV	Third do do ...	10	10	1,200
V	Fees and travelling allowance	30	$2\frac{5}{7}$	7,50
	Total Rupees.....	...	...	5,430
	Charge debitable to each District	...	...	678

6. *III. Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas.*—The increase of Rs. 120 proposed over the sanctioned provision for 1890—91 is on account of the items noted in the margin. The estimate is sanctioned.

	Rs.
(1) Increased rates of pay of sweepers of Native Musafarkhanas from Rs. 3 to Rs. 4 per mensem	72
(2) Sweeper for Native Musafarkhana under construction at Tiptur	48
Total.....	120

7. *IV.* (*a*) *Animal Vaccination Charges.*—Only Rs. 40 are entered in the present Budget against Rs. 120 sanctioned for 1890—91. The cause of the decreased provision is not explained, but the estimate will not be disturbed.

8. *IV.* (*b*) *Peon to Deputy Inspector of Vaccination.*—The decrease under this head is due to the omission of the provision of Rs. 17 made in the Budget for 1890—91 on account of the belt and badge of the Peon to the Deputy Inspector of Vaccination. The estimate is passed.

9. *VI. Local Fund Dispensaries.*—The increase under (*a*), (*e*) and (*g*), compared with the sanctioned estimates for 1890—91 is mainly due to the provision newly made on account of the proposed dispensary at Huliyurdurga. The opening of the dispensary has not yet been sanctioned, but the provision will be retained, as its establishment is under contemplation.

	1890—91.	1891—92.
(*a*) Establishment	..1,656	1,812
(*e*) Furniture	... 190	422
(*g*) Charge allowance	... 960	1,080

10. *VI.* (*b*) *Contingencies.*—The decrease under this head compared with the estimate for 1890—91 is the result of a gross decrease of Rs. 256 in the Tumkur Hospital and of a gross increase of Rs. 120 in the newly proposed dispensary at Huliyurdurga. The decrease in the former is probably based on the low actuals of 1889—90. The estimate is approved.

11. *VI.* (*c*) *House Rent.*—The decrease under this head is due to the omission of Rs. 72 provided in the Budget for 1890—91 on account of the rent of the dispensary building at Koratagere. The omission requires explanation. Meanwhile the estimate will stand.

12. *VI.* (*f*) *Dieting Charges.*—The decreased provision for the Hospital at Tumkur is apparently due to the low actuals of 1889—90 and is approved. For the dispensaries in other taluks, a provision of Rs. 250 is made, which will be raised to Rs. 275 at Rs. 25 for each dispensary.

13. *VI. (h) Midwife.*—The decrease under this head is due to the reduction in the estimate under Travelling Allowance from Rs. 50 to Rs. 20. The estimate is passed.

14. *VI. (i)* Under para 9 of the Local Fund Board's Proceedings read above, a provision of Rs. 72 is newly made to meet the pay at Rs. 6 per mensem of a woman proposed to be employed in the Lying-in-Hospital under construction at Tumkur. The proposed entertainment of a woman in the Hospital is sanctioned and the provision made therefor approved.

15. The other items do not call for remark.

16. Subject to the explanations called for, the estimated receipts and expenditure for 1891—92 are as follows :—

	Rs.
Opening balance	60,769
Receipts for 1891—92	59,452
Total.....	1,20,201
Civil Charges now sanctioned	8,981
Balance ..	1,11,220

17. Out of the above balance, the following provisions amounting to Rs. 45,400 are proposed for works to be executed through the Public Works Department during 1891—92, leaving a balance of Rs. 65,820 at the end of 1891—92.

		Rs.
I.	District Office Establishment ...	270
II.	Medical scholarships	678
III.	Sweepers	1,260

III	Establishments		7,500
IV	Tools and Plant		400
		Total	45,400

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 7th April 1891.

18. The Government sanction the above allotment. The Deputy Commissioner remarks that no particulars can be given for "I (*c*) Miscellaneous Public Improvements" as works will have to be undertaken as necessity arises. Such an undefined provision will not be allowed in future. The Deputy Commissioner should always ascertain beforehand the works that are needed and prepare a correct forecast. The closing balance is still large and the Government will be glad to sanction a further allotment of Rs. 10,000, if it could be spent on useful works.

19. In the Proceedings read above, the Deputy Amildars of Huliyar, Turuvekere and Koratagere, who have no status on the Board, have been entered as Members. Their names should be removed from the list of Local Fund Members.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Deputy Commissioner, Tumkur District.
The Comptroller.
The Senior Surgeon.
The Secretary in the Public Works Department.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 15th April 1891.

READ—

The following Note by the Comptroller, dated 20th March 1891, on the abstract Budget Estimates (Preliminary) of 1891—92.

The ordinary receipts and disbursements are estimated at Rs. 1,39,59,000 and Rs. 1,20,85,000 against Rs. 1,36,70,000 and Rs. 1,25,73,000 respectively in the previous year. The net earnings of the State Railway and the guaranteed interest payable to Southern Mahratta Railway Company are expected to amount to Rs. 2,97,000 and Rs. 6,29,000 respectively, and a sum of Rs. 14,35,000 has been provided for the construction of the Bangalore-Hindupur Railway. The net surplus thus amounts to Rs. 1,07,000.

RECEIPTS.

Land Revenue.—The District estimates have been accepted. The current Land Revenue Demand is put down at Rs. 84,96,713 and the arrears at the end of 1890—91, may amount to Rs. 8,74,000 making a total demand of Rs. 93,70,000. The collections have averaged in 1889—90 over 90 per cent of the total demand and the same percentage may be expected to be maintained.

Royalty.—This is a progressive revenue. It was estimated at Rs. 2,25,000 for 1890—91. But as the mines already working are expected to increase their output, and as some other mines are to begin crushing of quartz, the estimate of 1891—92 has been raised to Rs. 2,70,000. No receipts have been provided under deposits for mining leases or Prospecting License fees.

Forests.—The estimates framed by the Forest Department have been adopted. Under Timber, an increase of Rs. 1,16,000 is estimated, of which Rs. 86,000 are expected from stunted teak supplied for Railway sleepers and Rs. 30,000 from increased sales of ordinary timber.

The estimate under Sandal is very nearly the average of the actuals of 1888—89, and 1889—90 and estimates of 1890—91.

The receipts from seigniorage on Railway fuel estimated to yield about Rs. 25,950 have been included in other receipts. Excluding this, the estimate under other receipts is slightly less than the average of the last 3 years owing to the abolition of the pit-fall system of catching elephants, from which about Rs. 5,000 are expected annually.

Under Khaddas Rs. 70,000 are estimated being the price of 70 elephants at Rs. 1,000 each.

IV. Excise.—The estimate has been arrived at by the following calculation:—

Arrack.

Minimum guaranteed amount	9,40,000		
Deduct Local Cess	55,294		
	8,84,706		
Excess Sales	3,65,000		
Gallon fee	30,000		
Total.....	12,79,706		
Deduct share of Civil and Military Station	3,00,000		
		9,79,706	

Toddy.

Contract amount	9 °6,766	
Bágam Toddy	7,000	
	9.23,766	
Deduct share of Civil and Military Station	20,000	
		9,03,766

Miscellaneous.

Establishment Cess	60,000	
Deduct share of Civil and Military Station	6,000	
	54,000	
Other Miscellaneous item	2,528	
		56,528
	Grand Total.....	19,40,000

V. Assessed Taxes.—The District estimates have been adopted.

Under House-tax, the receipts are about Rs. 36,000 less than the average of the actuals of 1888—89, 1889—90 and estimates of 1890—91 owing to remissions which will have to be granted under Dewan's Proceedings exempting raiyats from paying house-tax when they reside within 5 miles of the village where they hold lands.

VI Customs.—The District estimates amount to Rs. 3,97,000 being the estimated actual collection of 1890—91. It has been raised to Rs. 4,07,000 having regard to the actuals of the 2 previous years.

VII. Salt.—The District estimates of Rs. 29,000 adopted as it is about the average of the last 3 years.

VIII. Stamps.—This item of revenue continues to increase year by year but the Banks in Kolar which contributed to some extent to the increase have since failed and the collections next year may not come up to those of the past 2 years. The estimate for 1891—92 may be fixed at Rs. 5,75,000 as against Rs. 5,72,000 estimated by District Officers.

XIII. Law and Justice.—The receipts from Civil and Criminal Courts and Jails are of a fluctuating character. Hence Rs. 66,000 which are nearly the average of the last 3 years' receipts, have been entered in the budget.

XV. Education.—School Fees.—The Educational Secretary's estimate based on the actuals of 1889—90 has been adopted, as there is reason to think that the receipts for 1890—91 have been over-estimated.

Sale of Books.—The receipts are increasing and the Educational Secretary's estimates have been adopted.

XVI. Scientific and Minor Departments.—Amrut Mahal Department.—The receipts depend upon the number of surplus cattle which the Department intend to sell and departmental estimate has been adopted.

XXIII. Mysore State Railway.—Net Earnings.—The estimate of the Southern Mahratta Railway Company has been adopted.

The other items call for no remark.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 15th April 1891.

DISBURSEMENTS.

In the following remarks, the estimates of 1891—92 have been compared with the actuals of 1889—90. The remarks made will also generally explain the differences as compared with the estimates of 1890—91.

1. *Interest and Repayment of Loans.*—The usual grant of 5 lakhs is provided. The unpaid balance of interest due on the Railway Loan Debentures amounts to Rs. 22,096.

2. *Interest on Savings Bank Deposits.*—Only Rs. 55,000 are provided, against Rs. 57,503 the actuals of 1889—90, as the balance at the credit of the Depositors is likely to be reduced by the withdrawal of the funds belonging to the Joint Stock Companies in the Kolar District.

3. *Refunds.*—As this is an uncertain item, average of the last 3 years has been adopted, omitting the sum of 3 lakhs provided last year for refund to Irrigation Cess Fund.

4. *Land Revenue.*—The estimates as contrasted with the actuals of 1889—90 show a total increase of Rs. 40,823 under some items, and a decrease of Rs. 70,629 under other items:—

The increases are—

Rs. 3,764 under Deputy Commissioner's Revenue Establishments consequent on the appointment of Revenue Probationers for Shimoga, Kolar and Mysore Districts and of additional Clerks for the District Offices of Mysore and Hassan.

Rs. 4,941 under "Pay of Assistant Commissioners" owing to the appointment of 2 Probationary Assistant Commissioners.

Rs. 3,241 under cart and cooly hire, &c., on account of furniture required for the District Offices of Kolar, Mysore and Hassan.

Rs. 12,000 under Miscellaneous, for repairs of boundary marks. The average in the previous years amounted to Rs. 1,000, but Rs. 12,000 are provided according to the estimates of the District Officers as most of the boundary marks are expected to be repaired during the year.

The increases under other heads are below Rs. 3,000 and do not call for any remark excepting that an establishment costing Rs. 2,000 has been sanctioned for the 3rd Assistant Commissioner's Court at Mysore in 1890—91.

The decreases are—

Rs. 15,565 under Revenue Survey owing to the retirement of one European Assistant Superintendent and to the transfer of another to British service, their places being taken up by Native Assistants, and provision having been made on account of Deputy Superintendent's salary only for 8 months.

Rs. 47,471 under Remuneration to village servants, the payment in 1889—90 having included about 2 lakhs of arrears of previous years. The amount payable for 1891—92 is Rs. 5,06,332 as against Rs. 4,83,766 for 1889—90.

5. *Forests.*—The Inspector General's estimates have been adopted.

Under "A. Conservancy and Working" there is a net increase of Rs. 74,951 over the actuals of 1889—90 due to increased provision chiefly under the following heads:—

Rs. 39,481 Timber, for collection of 100,000 cubic feet of stunted teak for Railway sleepers.

Rs. 18,087 Sandalwood, for collection of 2,300 tons as against 1,805 tons collected in 1889—90

Rs. 18,834 Building, for extending the Bangalore Koti, for constructing station houses and lodges for Watchers and Forest Subordinates in the Shimoga District and other works in Mysore.

Rs. 3,755 Roads and Bridges, for opening out roads in new forests in Shimoga.

Rs. 8,433 Demarcation, for completing the demarcation lines in new forests and cutting them to the standard width.

Rs. 13,500 Plantations, owing to extension of operations.

Rs. 4,760 Protection from fire, for clearing fire lines and for employing temporary patrols on a larger scale than in 1889—90.

On the other hand there is a saving of about Rs. 41,000 under "Railway Fuel" as no fuel is now supplied departmentally.

B. Establishments.—An increase of Rs. 12,236 will be noticed as under:—

Rs. 7,573 Increase due to the revised scale of Forest Subordinate Establishment sanctioned in 1889—90 which has been given full effect to recently.

Rs. 4,663 Increased provision made on account of travelling allowances of Rangers and other subordinates including Office Clerks.

C. Khaddas—The charges do not admit of comparison as they vary in each year. The estimate for 1891—92 has been framed according to present requirements.

The estimate for 1890—91 was abnormal as it included a provision of Rs. 72,700 for the purchase of kumki elephants.

6. *Excise.*—The increase in the estimates of Rs. 14,787 is explained as follows:—

Rs. 4,187 Increase due to the revised scheme having been in operation only for 9 months from 1st June 1889.

Rs. 8,556 Detective establishment sanctioned for one year in 1890—91 will be organized during 1891—92.

Rs. 1,000 Increase due to increments sanctioned to Supervisors and others.

10. *Registration.*—The small increase under this head is due partly to raising of the pay of some of the Special Sub-Registrars, appointment of additional Clerks and increase in commission consequent on the progressive improvement in the work of the department.

13. *Administration.*—Increased provisions have been made as under:—

Rs. 3,743 Dewan's Establishment, consequent on the entertainment of additional hands and grant of increases to deserving hands.

Rs. 3,256 Comptroller's Office, owing to the raising of the Comptroller's pay from Rs. 800 to Rs. 1,000 and to increments given to Accountants, &c.

Rs. 28,870 Establishments at Government Houses, owing to sanction in 1890—91 of special establishments of the Government Houses at Mysore and of provisions on a large scale for entertainment of guests.

Rs. 3,474 "Stationery and Printing" Rs. 38,000 has been sanctioned by Government against Rs. 34,951 spent in 1889—90.

There is a saving of Rs. 4,910 under salary of Dewan, Councillors, &c., as the salary of the Chief Secretary was Rs. 1,200 in 1889—90 against Rs. 1,000 now provided and as the payment in that year included arrears of allowances due to one of the Councillors.

15. *Law and Justice.*—There is an excess in the estimate of Rs. 44,631, provisions under all items except the Chief Court and convicts at Port Blair having increased as follows :—

Rs. 21,169 Civil and Session Courts, being the cost of the Civil and Sessions Court at Bangalore opened in September 1890.

Rs. 5,204 Subordinate Judges' Courts, consequent on the transfer of Mr. Hamajee Row to Chief Court as Registrar on Rs. 800 and the increase of Rs. 1,600 in the cost of the Temporary Process Establishment.

Rs. 9,068 Munsiffs' Courts, cost of Additional Munsiff's Court (Rs. 3,200), increase in the Temporary Process Establishment (Rs. 3,000), provision under furniture (Rs. 1,000) and savings in the pay of Munsiffs in 1889—90 Rs. 1,200.

Rs. 6,438 Railway Magistrates' Courts, being difference between provision for a whole year and cost only for 6 months in 1889—90.

Rs. 11,285 Jails, the increase has chiefly occurred under "Rations." The actuals of the last 3 years and the estimate of 1891—92 are as follows :—

	Rs.
1887—88	26,468
1888—89	22,851
1889—90	25,402
1891—92 (Estimate)	32,000

The Inspector General's estimates have been accepted though no explanation has been furnished for the enhanced provision.

There have been decreases of—

Rs. 14,331 Chief Court, due to reduction of pay of Chief Judge from Rs. 2,500 + 150 to Rs. 2,000 and to the charges of 1889—90 having included Rs. 7,022 consequent on deputation of Mr. Thumboo Chettiyar on special duty, and

Rs. 1,870 Convicts at Port Blair consequent on the deaths and release of prisoners.

16. *Police.*—The estimate is much in excess of the actuals of 1889—90. The increase of Rs. 63,199 is made up of the following items :—

Rs. 22,686 Rural Police, Rs. 7,816 due to the provision for special reserve force for Bangalore and Shimoga for 12 months against only 8 months in 1889—90, Rs. 2,104 on account of Shimoga Town Police transferred to Provincial Fund, Rs. 3,227 on account of

additional establishment for Urigam Police and Rs. 8,338 to casual savings in the cost of the force for 1889--90.

Rs. 29,441 Town Police, Rs. 28,760 the cost of Mysore Town Police was transferred to Provincial Funds in 1890—91.

Rs. 10,036 Railway Police, the increase is due to provision being made for 12 months as against charges for only half of the year.

17. *Education.*—The increase of Rs. 50,230 is composed of the following :—

Rs. 6,229 Inspection, difference in pay of an Inspector Rs. 1,320, pay of the Sanskrit Inspector appointed recently Rs. 1,320, increments to other Inspectors Rs. 750 and pay of the Superintendent of Girls' schools and his establishment Rs. 2,760.

Rs. 14,409 Instruction, 2 special grades for superior officers sanctioned in latter part of 1889—90 entailing an additional cost of Rs. 5,640, increments to Assistant Masters (1,380), creation of gymnastic teachers (864) and increased provision for scholarships, (4,881). The last item of increase is only nominal as a portion of the charges of 1889—90 under this head was adjusted only in the next year.

Rs. 6,272 Book Department. Pay of the appointment of Curator recently created (1,680) and difference between the usual provision of Rs. 10,000 and the actual charges of Rs. 5,142 incurred in 1889—90 (4,858).

Rs. 3,357 Grant-in-aid, due to increased provision under building grants.

Rs. 16,327 Taluk Schools. Increased provision under Taluk Schools for buildings and establishments and for Shimoga Municipal school transferred to Provincial Funds.

18. *Muzarayi.*—The increase of Rs. 4,337 is explained by the fact that a portion of the muzarayi charges of 1889—90 was adjusted in the next year.

19. *Medical.*—Increases have chiefly occurred under Hospital Assistants and Medical students reading in the Madras Medical College (13,130) and purchase of medicines (24,037). Part of the cost of the medicine purchased in 1889—90 was adjusted in 1890—91.

20. *Minor Departments.*—There is a net decrease of Rs. 7,141; principal fluctuations being the following :—

Rs. 15,601 Increase in the provision on account of the Archæological Department which was revised in 1890—91.

Rs. 22,841 Decrease in charges of the Mysore Exhibition debited in 1889—90.

23. *Superannuation Pensions.*—There is an excess of Rs. 31,127 under all heads as follows :—

Rs. 23,614 Pension, increases in the provision consequent on the abolition of Anche Department.

Rs. 6,524 Gratuities, increase provided for same reason.

24. *Miscellaneous.*—The increase of Rs. 4,000 is due chiefly to provision being made for Census Department. The later sanctions on account of establishments for tabulation would be included in the revised budget.

25. *Mysore Local Force.*—The net increase of Rs. 18,734 is partly due to the raising of the pay of Risaldars and Regimentdars (6,120) and to the casual savings in the pay of Barr establishment for 1889—90 (13,937.)

26. *Public Works Department.*—There is a decrease of Rs. 4,91,404, being the difference of the sanctioned allotment for 1891—92 and the actuals of 1889—90.

27. *Profit or loss on Mysore Surplus Investment Accounts.*—There is a decrease of Rs. 23,198 as no charges are anticipated on account of banks' commissions, premium and anticipation interest, no investments in Government securities being contemplated.

29. *Railways.*—The amount provided for guaranteed interest is the estimate framed by the Railway Department.

The total estimated cost of the Bangalore-Hindupur Railway is Rs. 28,70,000 and as the work is expected to be completed in 2 years, half the amount, *viz.* Rs. 14,35,000 has been assumed as the probable expenditure in 1891—92.

No. 538—45, DATED 15TH APRIL 1891.

ORDER THEREON.—Excluding Railways, the estimated revenue is Rs. 1,39,59,000 as compared with an actual of Rs. 1,42,94,283 for 1889—90 and an estimate of Rs. 1,36,70,000.

2. The estimated expenditure (also excluding Railways) is Rs. 1,20,85,000 against Rs. 1,22,97,517 the actual for 1889—90 and Rs. 1,25,73,000 the estimate for 1890—91.

3. The earnings of the State Railway from Mysore to Harihar under management of Southern Mahratta Railway Company are estimated at Rs. 2,97,000 against Rs. 2,65,000 the Budget provision for 1889—90.

4. Taking into account the additional capital now being spent on the Nanjangud extension, the guaranteed interest payable to the Southern Mahratta Railway Company is estimated at Rs. 6,29,000 against a Budget provision of Rs. 5,98,000 for 1890—91.

5. On the Bangalore-Hindupur Railway (now under construction by State agency), the expenditure during current year is estimated at Rs. 14,35,000, but it may be found necessary hereafter to make greater progress upon this work before the close of the year. The work is one which cannot ordinarily be paid out of current revenue, but for purposes of this Budget, the provision made is approved.

6. During the past few years the State grant for ordinary Public Works has been 20 lakhs. Last year only 17 lakhs were given directly from State Funds, but 3 more lakhs were assigned by means of a refund to Irrigation Cess Fund in adjustment of the accounts between that fund and Land Revenue Collections, for the current year owing to the Hindupur Railway, the grant has provisionally had to be reduced to 17 lakhs, but it is expected that the State will be able to provide additional grants if it can be shown that they are required for works already sanctioned and now in progress.

7. The Comptroller's Budget (excluding Excise Revenue) is for an income of Rs. 1,42,56,000 and an expenditure of Rs. 1,41,49,000. Owing to additional grants likely (as already stated) to be found necessary hereafter for the Hindupur Railway and ordinary Public Works, as well as to several minor items to be hereafter referred to, the total expenditure may be expected to be considerably larger than now estimated for.

8. With these preliminary remarks the Government proceed to examine the Budgets now submitted in detail.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 15th April—1891.

RECEIPTS.

9. In the first place it is necessary to observe that in future Budgets the probable actuals of the preceding year should be given as approximately as possible with reference to the actual collections of the past 11 months and the estimate for the remaining one. This would afford a better guide as to the figures to be adopted for the year budgetted for.

10. *Land Revenue.*—The estimate is pitched at perhaps too high a figure, as proceeds of lands are estimated at Rs. 90,000, while the actuals of 1888—89 were only Rs. 22,214. But the Comptroller explains that the decrease in the actuals of 1889—90 under this sub-head was not due to a real falling off, there being reason to believe that the receipts under the various sub-heads have been wrongly classified. Pending orders upon further explanation which the Comptroller is requested to submit upon this point, the estimate for Rs. 84,42,000 is provisionally accepted for purposes of the Preliminary Budget.

11. *Receipts from Mining Leases.*—Rs. 3,00,000 for 1890—91 under this head consisted for two items 2,25,000 Royalty proper and Rs. 75,000 premia for new leases granted. The latter is an uncertain item, but owing to extension of the mining industry on the Kolar Gold Fields, it is reasonable to estimate the Royalty for 1891—92 at Rs. 2,70,000.

12. Under "Forests," a larger revenue is expected from timber owing to Railway sleepers which have to be supplied to Southern Mahratta Railway Company as well as for the Hindupur line now under construction by the State. The Forest Department will also supply the timber required for station buildings, furniture and carriages for the Bangalore-Hindupur Railway. The estimate under Sandal is moderate. On the whole, therefore, the estimate of Rs. 13,18,000 under Forests is approved.

13. The receipts from seigniorage on firewood cut for private consumption as well as for the Railway should hereafter be shown under separate heads and not included under "Other Receipts."

14. *Excise.*—Under Arrack, the estimate is reasonable as it is in accordance with the actuals for 1889—90, and is fully justified by the consumption during 1890—91. The estimate under "Toddy" is based upon the actual amount of the new contracts which have been concluded for the various Districts.

15. *Assessed Taxes.*—Under Loom-tax, the estimate is only Rs. 48,700 as compared with the actual of Rs. 51,168 for 1889—90. The District Officers do not assign sufficient reason for the decreased provision. The decrease however is insignificant as compared with the total estimate of Rs. 3,15,000 under "Assessed Taxes" and the estimate, as submitted, is therefore approved.

DISBURSEMENTS.

16. Under "Refunds" the Comptroller omits "Refund to Irrigation Cess Fund" for which Rs. 3,00,000 were provided in the Budget for 1890—91. It is not stated that this provision of Rs. 3,00,000 fully adjusted the account between Land Revenue and Irrigation Cess Fund. The Comptroller should adjust finally in current year's account the wrong credits of previous years and charge under "Refunds" any sum required for this purpose over and above the three lakhs granted in last year's Budget, including such sum in a Supplemental Budget to be submitted for orders.

17. Under "Forests," the expenditure Budgetted for is Rs. 58,150 and on account of Khaddas Rs. 68,000. Omitting these items, the expenditure on account of Conservancy and Establishment is Rs. 3,71,850 against an estimated income from timber and all other sources (excepting sandal and Khaddas) of only Rs. 4,07,950.

18. Under "Education" the additional provision required on account of transfer of Maharani's Girls' School to the State, revision of inspections, &c., should similarly be made in the revised Budget.

19. *Under Muzarayi.*—The provision made which is in accordance with existing sanction is approved.

20. Under "Administration" an increased provision is required on account of three Assistant Commissioners and minor establishments for the Dewan's Office. This may however be left to be included in the revised Budget.

21. Under "Medical," for purchase of medicines, the usual annual amount is provided, though the actuals of 1889—90 were less because a portion of the cost of medicines purchased that year was paid in 1890—91.

22. Other sanctions already ordered, such as those for the Census Establishment have not been included in the estimates now submitted. They should be printed as a supplement to the "Preliminary Budget" and issued along with it, sanctions hereafter to be ordered alone being reserved for the Revised Budget. The Comptroller is requested to submit such supplementary Budget in due course.

23. With the foregoing observations, the Government hereby sanction the Preliminary Budgets for 1891—92.

24. The Comptroller will be requested to submit his Preliminary Budgets for future years in good time for discussion and disposal before the commencement of the summer Recess of the Council. In order to do this, the estmate of income may perhaps have to be based upon actuals for 10 months and probable estimates for the remaining two months.

A. SRINIVASACHARLU,
Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 22nd April 1891.

READ THE FOLLOWING PAPER:—

Letter from the Deputy Commissioner, Hassan District, dated 24th January 1891, No. 468, submitting the District Fund Budget Estimates of the Hassan District for the year 1891—92 together with the Local Fund Board's Proceedings, dated 22nd September 1890.

No. 913-23—L. 86, DATED 22ND APRIL 1891.

ORDER THEREON.—The District Fund receipts for the year 1891—92 are estimated at Rs. 68,390 against Rs. 68,281, the actuals of 1889—90 and Rs. 64,569, the estimate for 1890—91, as detailed in the marginal statement.

Items.		Actuals of 1889—90.	Estimate for-	
			1890—91.	1891—92.
I	76 per cent of Local Cess ...	56,180	53,884	56,240
II	Ferry collections ...	3,366	3,130	3,391
III	Cattle fines and sales ...	6,643	6,000	6,670
IV	Contributions ...	1,012	850	1,000
V	Miscellaneous ...	1,080	705	1,089
	Total.....	68,281	64,569	68,390

2. *76 per cent of Local Cess.*—The estimate for 1891—92 based upon the actuals of 1889—90 is approved.

3. *IV. Contributions.*—The sources from which contributions are expected have not been stated. The omission should be supplied. Meanwhile the estimate will stand.

4. *V. Miscellaneous.*—The details under this head are not given. The figures entered are however stated to include fees from village schools. This is not correct. These fees levied from Taluk Branch schools should be credited to the Village School Fund, from which they are at present maintained and not to District Funds. The Deputy Commissioner is therefore requested to state the amount of fees included in the figures given under estimates as well as actuals.

5. *Opening Balance.*—No balance in favor of the District on 1st April 1891 is entered in the Budget and the omission is stated to be due to there being no information available in the District Office. The Deputy Commissioner should have estimated the opening balance on 1st April 1891 with reference to the actual balance on 1st April 1890 and the estimated receipts and expenditure for 1890—91. The amount estimated accordingly is Rs. 70,899, which will be adopted in the Budget.

1.	Estimated balance on 1st April 1890 Rs.	1,00,503
2.	Receipts for 1890—91 ...	64,569
	Total.....	1,65,072
	Expenditure—	
	Civil charges 4,373	
	Public Works 89,800	
	Total Expenditure.....	94,173
	Estimated balance on 1st April 1891 ...	70,899

6. The civil charges for 1891—92 are estimated at Rs. 5,445 against Rs. 4,373 sanctioned for 1890—91 as shown below :—

Items.	Details.	Estimate for 1890—91.	Estimate for 1891—92.	Remarks.
I.	Moiety pay of Statistical Clerk	150	150	
II.	Conservancy charges during fairs and festivals ...	120	120	
III.	Medical scholarships	661	661	
IV.	(*a*)Animal vaccination	150	150	
	(*b*) Peon to Deputy Inspector of Vaccination with batta ...	95	95	
V.	Sweepers for 3rd Class Travellers' Bungalows ...	504	564	Para 2 of Proceedings of Local Fund Board.
VI.	Allowance to Gorur Narasimhaswami's Temple ...	157	157	
VII.	Cost of dug-out boats to be supplied to ferries ...	120	150	Para 1.
VIII.	Local Fund Dispensaries.			
	(*a*) Establishments...	886	886	
	(*b*) Contingencies	520	520	
	(*c*) Charge allowance	600	600	
	(*d*) Travelling allowance	260	260	
	(*e*) Feeding in-patients	150	150	
	(*f*) Supply of cots	...	132	Para 5.
	Total VIII, Local Fund Dispensaries.....	2,416	2,548	
IX.	Repairs to Cattle Pounds	...	800	Do 4.
X.	Destruction of prickly pear	...	50	Do 3.
	Total Rs.	4,373	5,445	

7. *III. Medical Scholarships.*—The provision sanctioned for 1890—91 has been repeated in the Budget for 1891—92, while the correct amount that ought to be inserted in accordance with the Government Proceedings, dated 24th December, 1887, No. 5832-43—149, is Rs. 679 * The latter figure will be adopted in the Budget.

	No.	Rate.	Cost per annum.
Precollegiate students	10	9	1,080
First year's students	10	10	1,200
Second do	10	10	1,200
Third do	10	10	1,200
Fees for College students with travelling allowance	30	25 12	750
Total.....	...	...	5,430
Charge debitable to Hassan ...	...	...	679

8. *V Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas.*—The increase of Rs. 60 over the sanctioned estimate for 1890—91 is due to the provision newly made for a Sweeper proposed to be entertained for the 3rd Class Travellers' Bungalow at Holé-Narsipur in accordance with para 2 of the Local Fund Board's Proceedings, dated 22nd September 1890 read above. Before according sanction to the employment of the Sweeper proposed, the Deputy Commissioner is requested to state the cost of the existing establishment, if any, and the monthly average number of halts and the fees collected during the past 3 years in the Bungalow. Meanwhile the estimate will be allowed to stand.

9. *VII Cost of dug-out boats.*—The increased provision under this head, which is in accordance with para 1 of the Local Fund Board's Proceedings read above is passed. The Government observe that in para 6 of their Proceedings, the Local Fund Board approved the proposal of the Amildar of Channarayapatna to construct a waiting shed at Ganni ford on the Channarayapatna side, but no provision has been made in the Budget on this account. The Deputy Commissioner is required to explain the omission.

10. *VIII Local Fund Dispensaries.*—In accordance with para 5 of the Local Fund Board's Proceedings referred to above, a sum of Rs. 132 is newly entered to meet the cost of cots proposed to be supplied to the several Local Fund Dispensaries. The Government observe that under their Proceedings, dated 14th May and 2nd November 1890, Nos. 1091-1100—Cir. 20 and 8892-901—174, the correct amount that ought to be provided on account of 12 cots for the existing *6 dispensaries at the sanctioned rate of Rs. 9 each is Rs. 108 only. This figure will be adopted in the Budget.

1. *Saklespur.
2. Belur.
3. Channarayapatna.
4. Holé-Narsipur.
5. Arkalgud.
6. Arsikere.

11. No provision has been entered in the Budget on account of the dispensary at Yesalur, which has been recently sanctioned in Government Proceedings, dated 31st March 1891, No. 14672-6 166 L—453. A sum of Rs. 775 will be inserted on that account in the Budget for 1891—92.

(1)	Establishment—		
	1 Compounder	...	84
	1 Toti ...	...	72
	1 Waterman...	...	24
(*b*)	Contingencies ..	...	120
(*c*)	Charge allowance at Rs. 20	...	240
(*d*)	Feeding in-patients	...	25
(*f*)	Furniture ...	...	192
	Cots for in-patients	...	18
		Total.....	775.

12. *IX Repairs of Cattle Pounds.*—As receipts from cattle pounds are credited to District Funds, the Local Fund Board propose to repair such of the pounds, as are reported to be in a bad condition at a cost of Rs. 800 during 1891—92. The proposal is sanctioned and the provision approved.

13. *X Destruction of Prickly Pear.*—Considering that the retention of the prickly pear which has largely extended in the village of Kanekatte, would affect the health of the people and the sanitation of the village, the District Fund Committee provides Rs. 50 for the removal of the pear. The estimate is sanctioned.

14. Subject to the explanations called for, the Budget Estimates of receipts

and expenditure sanctioned are as follows :—

(1).	Balance at the beginning of the year	70,899
(b).	Estimated receipts	68,390
	Total.....	1,39,289
(c).	Civil charges now sanctioned	* 6,214

	Rs.
* I. Statistical Clerk	150
II. Conservancy charges ...	120
III. Medical scholarships ...	679
IV. Vaccination charges ...	245
V. Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas	564
VI. Allowance to Gorur Narasimhaswami's Temple	157
VII. Cost of dug-out boats ...	150
VIII. Local Fund Dispensaries ...	3,299
IX. Repairs to Cattle Pounds ...	800
X. Destruction of Prickly Pear ...	50
Total.....	6,214

Balance Rs.....1,33,075

15. Out of the above balance works costing Rs. 97,035 are proposed by the Local Fund Board to be executed through the Public Works Department during the year 1891—92, against Rs. 1,15,675, the estimate proposed by the Executive Engineer and the Assistant Engineer of the Belur Range as shown in the following statement :—

Items.	Details.	Hassan Division.		Belur Range.		Total.		Remarks.
		As proposed by the Executive Engineer.	As approved by the Local Fund Board.	As proposed by the Assistant Engineer.	As approved by the Local Fund Board.	As proposed by the D. P. W. Officer.	As approved by the Local Fund Board.

* (1) Items marked are omitted in the statement given at para 7 of the Local Fund Board's Proceedings.

† (2) In the detailed statement Rs. 1,375 are entered while in the abstract only Rs. 1,350 are given.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 22nd April 1891.

16. *I Original Works (a) Communications.*—The estimate under this head amounting to Rs. 46,350 proposed for 1891—92 includes Rs. 35,000 on account of the construction of the 9″ arch bridge at Belur. The necessity for the provision is not clear, as the total cost of the estimate sanctioned is only Rs. 1,17,522, of which Rs. 1,00,571 were spent during 1889—90 and there was a provision of Rs. 23,000 in the Budget for 1890—91. The Deputy Commissioner is requested to explain the necessity for a further provision of Rs. 35,000 during 1891—92. Meanwhile the estimate will stand.

17. *I (b) and II (b) Reserve.*—The provisions under this head which are * proposed to be utilized for constructing tunnels across village roads, wherever necessary, are sanctioned.

* *Vide* para V of Board's Proceedings.

18. *I (c) and II (c) Miscellaneous Public Improvements.*—The details of works, for which the provisions under this head are to be appropriated, have not been given. The omission should be supplied. Meanwhile the estimate will stand.

19. *Establishment Charges.*—The sum of Rs. 19,250 provided by the Executive and Assistant Engineers with reference to the cost of the works proposed by them namely Rs. 95,275 has been adopted by the Local Fund Board, although provisions for works have been reduced by the District Board from Rs. 95,275 to Rs. 76,645. The cost of establishment on the latter sum amounts only to Rs. 15,329, which will be sanctioned.

	As proposed by Engineer.	As approved by Local Fund Board.
Original ...	63,400	49,365

OFFICIAL MEMORANDUM.

No. 782-90—L. 65, DATED BANGALORE, 22ND APRIL 1891.

The Government observe that the sanction of an estimate for a Municipal or District Fund work is often construed as a sanction for the disbursement of money. This is not correct. When an estimate is sanctioned for any work, and there is provision for the same in the Budget, the Deputy Commissioners are at liberty to disburse the money without further sanction but if the Budget has no provision for the work, the necessary application for allotment of Funds either by transfer from one head to another, or by a supplemental grant, should be made. In the audit of accounts conducted under the orders of the Comptroller, all sums disbursed without provision in the Budget and without a special allotment should be placed under objection, and the orders of Government obtained for their adjustment.

"By Order,"

A. SRINIVASACHARLU,

Under-Secretary.

To—The Deputy Commissioners of Districts and Presidents of Municipal and Local Fund Boards.
The Comptroller.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 2nd April 1891.

READ THE FOLLOWING PAPERS:—

Letter No. 1938—186 of the 15th October 1890, from the Inspector General of Forests and Plantations, bringing to notice the inequality in the distribution of the fees paid to the Examiners in the Local Service and Pleaders Examinations.

From T. R. A. Thumboo Chetty, Esq., Officiating President of the Board of Examiners, To K. Sheshadri Iyer, Esq., C. S. I., Dewan of Mysore, No. 523-E,—Encl. 2, dated Bangalore, 9th December 1890.

In reply to your office No. 8476—1020, dated 17th October 1890, I have the honor to state that, as pointed out by Mr. Ricketts, there is, at present, some inequality in the distribution of remuneration amongst the Examiners selected for the Mysore Local Service and Pleaders Examinations. The payment of certain fees for each subject was sanctioned in Proceedings No. 4712-25—139, dated 30th September 1888. The Board now consider that these fees, which are fixed for both setting questions and examining and valuing the answers of the candidates, are inadequate, and that a fixed sum should be sanctioned for setting question papers, as well as for valuing answer papers in each subject, and the fees regulated according to the time allowed for answering each question paper and the number of answer papers requiring valuation. I beg accordingly to request the sanction of Government to the adoption of the following scale of fees :—

I. For drawing a paper of questions, to answer which 3 hours are allowed, Rs. 35.
II. For drawing a paper of questions, to answer which 2½ hours are allowed, Rs. 30.
III. For drawing a paper of questions, to answer which 2 hours are allowed, Rs. 25.
IV. For drawing a paper of questions, to answer which less than 2 hours are allowed, Rs. 20.

For valuing the answers, a rupee and eight annas for each paper of answers to the question papers I, II and III and a rupee for each of the papers No. IV.

2. According to the scale now proposed, the fees payable to the Examiners this year amounts to Rs. 1,689—8—0 as shown in the accompanying statement marked A, and I request sanction for the payment of this sum in lieu of the 1,000 Rupees sanctioned in Proceedings No. 6133-5—667, dated 2nd September 1890. A list, marked B, showing the names of Examiners, with the amount due to each, is also enclosed for the information of Government.

3. Adverting to the suggestion made by Mr. Ricketts in para 2 of his letter, that a candidate failing in a particular subject may be allowed to pass again in that subject alone, I have the honor to state that the practice in all examinations held elsewhere is, that a candidate failing to obtain the minimum marks in each subject and a certain number of the total marks is not allowed to appear again in the subject in which he has failed, but has to reappear in all the subjects forming a group for a particular branch of the Examination, such as Criminal, Civil or Revenue. It is not desirable to allow any relaxation of the existing Rules. But it is proposed, following the practice obtaining in the University examinations, to club together some of the subjects and to set one paper of questions in the subjects so clubbed together, as shown under :—

Contract and Specific Relief Acts.

Muhammadan Law and Hindu Law.

Revenue Code and Rules passed thereunder and Revenue and Survey Manuals.

Civil Procedure Code and Limitation Act.

Stamp Act and the Court Fees Act.

4. It is also proposed to treat the subjects for the Account Department as a separate branch of the examination, as already recommended in my letter No. 519-E, dated 27th November 1890.

[No 3-4—1, DATED BANGALORE, 2ND APRIL 1891.

ORDER THEREON.—The proposals submitted by the President in para 1 of the letter read above for remunerating the Examiners are sanctioned.

2 The fees payable to the Examiners for 1890 and future years will be regulated according to the scale now sanctioned. The President will furnish the Comptroller annually with a statement, showing the amount of remuneration payable to each Examiner. In Proceedings No. 6133-5—667, dated 2nd September last, a sum of Rs. 1,000—0—0 was sanctioned for payment to the Examiners. According to the revised statement now submitted by the President the fees amount to Rs. 1,689—8—0. The Comptroller is authorized to disburse this amount.

3. The proposal to constitute the Account and Financial Codes as a distinct branch of the Local Service Examination has already been approved of in Proceedings No. 10104—1333, dated 9th December 1890.

4. The clubbing together of certain subjects proposed in paragraph 3 of the President's letter is also approved.

A. SRINIVASACHARLU,
Under-Secretary.

To—The President, Board of Examiners, returning two original statements.
The Comptroller to the Government of Mysore, with copies of two statements.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 2nd April 1891.

READ THE FOLLOWING PAPER:—

From the Comptroller of Mysore, To the Chief Secretary to the Dewan of Mysore, No. 5080, dated Bangalore, 11th March 1891.

With reference to the Government Proceedings No. 6767-75—Cir. 141, dated 10th September 1890 directing that Accountants from my office should be deputed to audit the accounts of the Municipalities at Head-quarters of Districts, I have the honor to request that you will be so good as to instruct the Deputy Commissioners and Presidents of Municipalities of Districts to see that the Accounts of the Municipalities are written up to the end of March 1891, that all the vouchers both of receipts and of disbursements are arranged and numbered seriatim, in the order of the entries in the Cash book and that the ledger and sub registers in connection therewith are written up. The Deputy Commissioner and Presidents of Municipalities should be instructed further to inform me as soon as all this work is complete and I shall at once send the Auditors. This will enable the latter to enter upon their duties without loss of time, the work will be got through very soon and the expenditure to Government will be kept at a minimum.

No. 7-15—CIR. 1, DATED BANGALORE, 2ND APRIL 1891.

ORDER THEREON.—Communicated to the Presidents of the Municipalities with a request that they will attend to the requisition of the Comptroller. The accounts and vouchers should be got ready for examination before the 1st May 1891.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Comptroller.
The Presidents of the District Head-quarter Municipalities.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 8th April 1891.

No. 286-323—Cir. 6, dated 8th April 1891.

Order.—Copies of the accompanying list of Periodical Returns which are sent to the Resident from the Dewan's Office are herewith forwarded to the Deputy Commissioners of Districts and Heads of Departments concerned, for information and guidance.

2. Though dates have been fixed on or before which these Returns are to reach this Office, it has frequently been found necessary to send reminders for their transmission, while in some instances the returns sent are inaccurate, which necessitates a reference to the District or Department concerned and causes a delay in their transmission to the Resident's Office.

3. To prevent recurrence of such a state of things in future, the Deputy Commissioners and Heads of Departments are requested to make their Chief Ministerial Officers personally responsible for the correct and punctual submission of these Returns on or before the prescribed dates and they should be warned that any remissness on their part in this important part of their work will be severely noticed by this Office.

A. SRINIVASACHARLU,

Under-Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 27th April 1891.

READ THE FOLLOWING PAPER :—

The Report on the working of Hospitals and Dispensaries in Mysore for the year 1889.

No. 1233-41—CIR. 21, DATED BANGALORE, 27TH APRIL 1891.

ORDER THEREON.—Four new Dispensaries were opened during the year 1889, one at each of the places named on the margin, making the total number of Hospitals and Dispensaries 81 as against 77 in 1888. Of these, 3 were Hospitals with Dispensaries attached, 6 Dispensaries having one or more wards attached for reception of in-patients and 72 Dispensaries for out-patients only.

Mandya.
Huliyar.
Srinivaspur.
Sulebele.

2. The total number of patients (both in-door and out-door) treated at the Hospitals and Dispensaries has been steadily increasing during the past five years. The figures are compared in the following statement :—

	In-patients.	Out-patients	Total.
1885	1,876	236,393	238,374
1886	1,930	282,075	284,005
1887	2,629	316,572	319,201
1888	2,766	371,289	374,055
1889	3,768	461,835	465,603

This continued increase in attendance is a proof of the growing popularity of these institutions.

3. It is satisfactory to note that the death-rate among in-door patients was 5·79 per cent in 1889 as compared with 7·85 in the previous year. The diseases from which the patients treated were suffering during the year under review were the following :—

	Number of Patients.	Ratio per mille of the total treated.
Fevers	60,620	130 20
Diseases of the eye	49,032	105·20
Do do skin	43,369	93·15
Respiratory affections	26,559	57·04
Injuries	25,243	54·22
Rheumatic affections	21,537	46 26
Dysentery and Diarrhœa	18,630	40·13
Other Diseases	220,613	473·80
Total.....	465,603	1000·

Compared with the figures of the previous year, there was an increase in the number of patients treated under all the above heads. The number of cholera patients was 617 against 364 in 1888 and of small-pox patients 126 against 127.

4. The number of major and minor surgical operations performed in the Hospitals and Dispensaries during the past 4 years has increased year after year as shown below :—

	Major Operations.	Minor Operations.	Total.
1886	104	4,409	4,513
1887	151	6,191	6,342
1888	219	8,697	8,916
1889	224	10,475	10,699

Out of the 224 patients on whom major operations were performed during 1889, 188 or 84 per cent were completely cured and not more than 14 or 6·25 per cent died under surgical operations.

5. Of the patients treated in the several institutions during 1889, 49·93 per cent were men, 19·83 per cent were women and 30·24 per cent were children. The proportion of women under treatment has during the past 2 years remained much the same, but the percentage of children treated has increased by 4.

The classes of persons treated were as shown below :—

	1888.	1889.
Europeans	1,569	1,015
Eurasians	1,660	2,759
Hindus	251,310	305,856
Musalmans	93,468	119,389
Other Castes	26,048	36,584
Total.....	374,055	465,603

6. The expenditure of the year was Rs. 1,08,369 against Rs. 1,00,382 in 1888, the increase being due to establishment of additional Dispensaries and to the promotion of Assistant Surgeons and Hospital Assistants. The amount of contributions from Local and Municipal Funds increased from Rs. 28,233 in 1888 to Rs. 31,867 in 1889. The percentage of total cost paid by Government diminished in consequence from 75·19 to 73·43. Subscriptions from private individuals amounted in 1889 to Rs. 64 against 71 in 1888.

7. No explanation has been given for the falling off in the number of persons treated during the year under review in the following Hospitals and Dispensaries:—

	Number in 1888.	Number in 1889.
Magadi	5,827	3,401
Tirthahalli	3,861	3,396
Kadur	5,367	4,437
Mudgere	4,227	3,847

8. The fall in the attendance at Kunigal from 6,509 in 1888 to 4,953 in 1889 is attributed partly to the health maintained in the town during the year under review and partly to the absence of the Medical Officer in charge of the Dispensary on court and other duties. A similar explanation is given in regard to the falling off in the attendance at Hoskote where the number treated diminished from 8,890 to 7,973.

9. The Senior Surgeon remarks that sanitation in Davangere, Hiriyur, Challakere, Kadur, Arsikere, Kunigal, Tiptur, Sira and Gudibanda is not good. The attention of the District and Taluk Officers concerned is directed to the importance of improving the conservancy of these places.

10. The work of inspection seems to have been fairly well carried out during the year. With the exception of 16 Hospitals and Dispensaries, all were inspected by the Civil Surgeons or other Officers, the Senior Surgeon having inspected 18 of them.

11. At page 31 of the printed report, the Senior Surgeon refers to the inconvenience said to be felt in Kumsi for want of a house close to the Hospital premises in which the Medical Officer in charge of the Dispensary could live, and recommends that one should be provided. His proposal should form the subject of a separate communication.

A. SRINIVASACHARLU,
Under-Secretary.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Deputy Commissioners of Districts.

Exd.—B. G. R.

PART I.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 11th April 1891.

READ:—

Letter dated March 1891, from Rai-Bahadur A. Narasim Iyengar, asking for the appointment of a Board of Trustees for the control of the affairs of Her Highness the Maharani's Girls' School, Mysore, in lieu of the existing Committee of Managers.

No. 9—26 C., DATED 11TH APRIL 1891.

ORDER.—In accordance with the recommendations of Rai-Bahadur A. Narasim Iyengar, it was proposed, so far back as September last, that the Maharani's Girls' School at Mysore should be made an exclusively Government Institution. It was not possible at that time to give effect to Mr. Narasim Iyengar's recommendations in the matter, as the Government did not wish to take upon itself the responsibility of managing Girls' Schools without the co-operation of competent local bodies and as they had already under consideration the question of placing all Government Girls' Schools in the State under the general supervision of specially selected local Committees with large discretionary powers as regards discipline, &c.

2. The Government have recently sanctioned certain rules for the formation and guidance of such Committees, and they are therefore now prepared to take over charge of the Maharani's Girls' School, with the help of such a Committee.

3. Under such circumstances, the Government resolve to request the ladies and gentlemen named below to form themselves into a Committee for the Maharani's Girls' School under the Rules of 25th March 1891.

President.

Mr. P. Chenstal Rao., C. I. E.

Members.

1. Mrs. Benson.
2. Mrs. Thornton.
3. Mr. T. R. A. Thumboo Chettiyar.
4. Mr. A. Ramachandra Iyer.
5. Mr. P. N. Krishna Murti.
6. Major G. M. Martin.
7. Mr. V. P. Madhava Rao.
8. Rai-Bahadur A. Narasim Iyengar.
9. Mr. H. J. Bhabha.
10. Mr. C. Srinivasa Iyengar.
11. Mr. E. R. Subbarayar.
12. Mr. J. Weir.
13. Mr. Dharmadhikari Kutti Narasimha Sastri.
14. Dharmadhikari Sesha Rama Sastri.
15. Palace Pandit Sundra Sastri.
16. Mr. B. Mallappa.

4. On receipt of replies from the ladies and gentlemen above named, the names of the President and Members will be notified in the Official Gazette.

5. The Committee will thereupon.—

1stly assume the general management of the School,

2ndly hold its first meeting as quickly as possible at a place and on a date to be notified by the President,

3rdly frame rules for management, including those for admission and discharge of pupils,

4thly make recommendations as to course of instruction, text books and scale of establishment and scholarships for the approval of Government.

6. The School will be regarded as a Government Institution, with effect from 1st April 1891, from which date all expenditure connected with it will be paid by the State. Pending orders on the recommendations to be submitted by the Committee under the last preceding para, the scale now existing of establishments, scholarships and other expenditure will remain in force, and Mr. Narasim Iyengar will be requested to intimate at once such scale to the Education Secretary in order to enable him to cause the necessary payments in accordance with it, to be made out of the Educational Budget.

7. While thus relieving Mr. A. Narasim Iyengar of the heavy drain that the School has been causing on his private resources, the Government feel that the interests of the School must suffer, should his control be suddenly withdrawn. His valuable experience and the zeal and public spirit shown by him will be of incalculable service in effecting the various modifications and retrenchments necessary to place the School on the footing of a Government Institution. The Government will therefore request Mr. Narasim Iyengar to continue to look after the School as hitherto, until such time as the necessary arrangements for working it as a Government Institution in the manner above described are perfected and come into regular working order.

H. J. BHABHA,
Education Secretary.

To—Mr. P. Chenstal Rao., C. I, E.
Mrs. Benson.
Mrs. Thornton.
Mr. T. R. A. Thumboo Chettiyar.
Mr. A. Ramachandra Iyer.

Mr. H. J. Bhabha.
Mr. C. Srinivasa Iyengar.
Mr. E. R. Subbarayar.
Mr. J. Weir.
Dharmadhikari Kutti Narasimha Sastri.
Dharmadhikari Sesha Rama Sastri.
Palace Pandit Sundra Sastri.
Mr. B Mallappa.
The Comptroller of Mysore.

PART 1

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 23rd April 1891.

No. 1712—193, dated 23rd April 1891.

I have the honor to acknowledge the receipt of your No. 3112, dated 22nd ultimo, enclosing copy of your letter Camp No. O of that date, to the address of the Chief Secretary, as to the necessity for leaving a wider margin in rear of bunds of tanks still to be restored, than that directed in Government Proceedings No. 323-32, dated 4th May 1888, so that the prescribed margin of 10 feet may not be curtailed by the new earth thrown on rear slope when the tanks are brought up to standard.

2. In reply, I am desired to inform you that in cases of tanks to be brought up to standard, which have revetted front slopes, the earthwork will have to be thrown up in rear, and for most of these, the 10 feet margin from toe of existing bunds would not suffice ; but when the revetments are not in good order and have to be rebuilt, the new earthwork will be thrown up in front and the new revetment built thereon. To have each individual case carefully inspected and reported on by a competent Public Works Officer would involve so much delay in the demarcation now going on under the Revenue Survey Superintendent as to preclude the adoption of the procedure. It will therefore be sufficient (1) for larger Tanks of over 600 acres waterspread when full and having revetted front slopes, but not yet brought up to standard to adopt a margin of 10 feet after providing for a top width of 10 feet and top of bund 10 feet above existing weir level, with 2 to 1 rear slope. (2) For tanks having revetted front slopes with 300 to 600 acres waterspread when full but not yet brought to standard to adopt a 10 feet margin, after providing for 8 feet top width, and top of bund 8 feet above existing weir level, with 2 to 1 rear slope.

3. For tanks having revetted front slopes and with waterspread under 300 acres when full and not yet brought to standard to adopt a ten feet margin, after providing for 6 feet top width and top of bund 6 feet above existing weir level, with 2 to 1 rear slope.

4. For all tanks which have no revetted front slope, 10 feet margin in rear will suffice.

5. For all tanks already brought up to standard, the 10 feet margin should be provided.

W. McHUTCHIN,
Officiating Secretary, Public Works Department.

To—The Deputy Commissioner, Shimoga District.

Cir. No. 33, *dated* 23*rd April* 1891.

Copy forwarded to all other Deputy Commissioners for information and guidance.

Cir. No. 34, *dated* 23*rd April* 1891.

Copy forwarded to all Executive Engineers (except Special Division) for information.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF APRIL 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	19—4.	2nd	The Inspector General of Police.	Requesting that a monthly statement of the principal heinous offences committed in Mysore may be submitted for the information of the Dewan who desired to be kept informed of the state of crime in the State.
2	22—2.	Do	The District Magistrate, Hassan District.	Returning duly countersigned a license under the Arms Act.
3	23—1.	Do	The District Magistrate, Chitaldroog District.	Returning duly countersigned a license under the Arms Act.
4	266—5.	8th	The District Magistrate, Mysore District.	Returning duly countersigned a license under the Arms Act.

13	372—5.	Do	The District Magistrate, Shimoga District.	Returning duly countersigned 9 licenses under the Arms Act.
14	373—2.	Do	The District Magistrate of the Kadur District.	Returning duly countersigned a license under the Arms Act.
15	414—13.	11th	The Assistant to the Resident in Mysore.	Requesting that a fresh warrant may be issued for the arrest and surrender of Peter Fernandez who is said to be at Honnavar, North Canara.
16	424—3.	Do	The Deputy Commissioner, Kadur District.	Returning unexecuted a warrant against Timmasetti, with the remark that the accused person is reported to be now at Yelakkitaral Estate in the Koppa Taluk.
17	422-3—6.	Do	The District Magistrate, Shimoga District, and the Comptroller.	Approving of the appointment of Mr. Sundaram Iyer, Senior Advocate, as Public Prosecutor during the absence of Mr. Rama Rao, Public Prosecutor on other duty.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
18	18.	14th	The Compiler, Mysore Gazette.	Notifying that Mr. Changaiya Chetti, Officiating Assistant Commissioner, Chitaldroog District, is invested with the powers of a Magistrate of the 1st Class.
19	487—4.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
20	488—5.	Do	The Deputy Commissioner, Chitaldroog District.	Do do
21	17.	Do	The Compiler of the Mysore Gazette.	Notifying that B. Ramaswamaiengar, Additional Munsiff, is directed to hold his Court at Bangalore from 13th May 1891 until further orders and that he is empowered to exercise jurisdiction over the Taluks which are included within the jurisdiction of the Munsiff of Bangalore and that the District Judge of Nundydroog will distribute the work between the permanent Munsiff and the Additional Munsiff.
22	489—5.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
23	19.	Do	The Compiler of the Mysore Gazette.	Notifying that Mr. Ramaswami Iyer, Assistant Commissioner and 2nd Class Magistrate, Hassan, is empowered to commit persons for trial to the Court of Session and is authorized to take down the evidence of witnesses with his own hand in English.
24	513—6.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
25	20.	Do	The Compiler of the Mysore Gazette.	Notifying that Mr. Nanjundaiya, Assistant Commissioner and 1st Class Magistrate, Shimoga District, is empowered to hear appeals from convictions by Magistrates of the 2nd and 3rd Classes during the absence of Mr. Chelviengar on leave or until further orders.
26	514—7.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.
27	516—63.	Do	The Officiating Inspector General of Prisons.	Sanctioning the release of convict Tulja on the 6th of May 1891, it having been reported that the convict has undergone his probation of 2 years and that his conduct in Jail has been good.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
28	Camp 2.	15th	The Assistant to the Resident in Mysore.	Stating that the Darbar have resolved to appoint an European as a "Special Magistrate" at the Kolar Gold Fields, that they propose to appoint Mr. Gerald Hume Wright, an Advocate of the Chief Court of Mysore, as a Special Magistrate on Rs. 300 per mensem for one year with free quarters and that after that period he will be confirmed in his appointment, with all privileges as regards pension, gratuity and allowance, if Government are satisfied with him, and requesting the Resident to obtain the sanction of the Government of India for the employment by the Darbar of Mr. Hume Wright as above proposed.
29	Camp 14.	Do	The Deputy Commissioner, Mysore District.	Ordering the suspension of Seshappa, Sub-Overseer, Chikdevarayasagar Channel, as there is a good deal of evidence to prove that he received last year illegal gratifications from the raiyats of Settihalli Hobli and that he attempted to receive similar illegal gratification from them this year and that, having failed in the attempt, he, with the object of injuring them, curtailed their water-supply, and also his criminal prosecution before a competent Magistrate for the offences of receiving illegal gratification last year and of attempting to receive similar gratification this year, and that departmental enquiry should simultaneously be held as to the real cause of the deficient water-supply to the Settihalli Hobli.
30	Camp 15.	Do	The Secretary, Public Works Department.	Forwarding copy of the above.
31	605—78.	16th	The Inspector General of Police.	Requesting that a list of criminal gangs residing in the Districts of the Mysore State which border on the Bombay Presidency may be forwarded to this office for transmission to the Government of Bombay.
32	567-8—70.	18th	The Sessions Judge, Nagar Division, Officer in charge of the Lunatic Asylum, Bangalore.	Directing that Kotrappa, who has been charged in Sessions case No. 13 of 1890, with the offence of murder, may be confined in the Lunatic Asylum at Bangalore, on account of the unsoundness of mind, until disposed of according to law.
33	571—24.	Do	The Assistant to the Resident in Mysore.	Acknowledging receipt of the postage stamps of value of 8 annas and returning duly counter signed 2 licenses issued under the Arms Act by the District Magistrate of Anantapur.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
34	572—50.	18th	The Comptroller in Mysore.	Forwarding postage stamps of 8 annas being the stamp duty on two licenses issued under the Arms Act by the District Magistrate of Anantapur.
35	574—17.	Do	The District Magistrate, Mysore District.	Returning duly countersigned a license under the Arms Act.
36	579—9.	Do	The District Magistrate, Shimoga District.	Returning duly countersigned 5 licenses under the Arms Act.
37	580—4.	Do	The District Magistrate, Kadur District.	Intimating that a fresh warrant was issued on the 13th instant for the arrest and surrender of Peter Fernandez, accused of criminal breach of trust by a servant.
38	582—6.	Do	The District Magistrate, Chitaldroog District.	Returning duly countersigned a license under the Arms Act.
39	603—76.	Do	The Officiating Inspector General of Prisons.	Sanctioning the remission of portions of the sentences passed on the convicts Mada and Abdul Rahaman of the Central Jail and their release on the 28th of May and 19th of June 1891, respectively.
40	604—77.	Do	Do	Sanctioning the remission of a portion of the sentences passed on the convicts Nanjappa, Chittagigauda of the Shimoga Jail and their release on the 3rd and 7th of May 1891, respectively.
41	655—8.	20th	The Registrar of the Chief Court.	Forwarding copy of Government order No. 422-3—6 of the 11th instant, approving of the appointment of Mr. Sundaram Iyer, as Public Prosecutor, during the absence of Mr. Rama Rao on other duty.
42	703—10.	Do	The Deputy Commissioner, Bangalore District.	Forwarding copy of order, dated 13th April 1891, directing that Mr. Puttanna Chetti may be given criminal work in addition to his Municipal duties.
43	713—80½.	21st	The Registrar, Court of Small Causes, Bombay.	Forwarding duly served the summons on the party named therein, in suit No. 4452 of 1891, on the file of the Bombay Court of Small Causes.
44	777—94.	Do	The Secretary to the Chief Commissioner of Coorg.	Acknowledging receipt of his letter No. 642-7—91 of the 14th instant, regarding the attachment, by the Court of the Munsiff at Mysore, of

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				certain tools belonging to the Coorg Public Works Department, and stating that the list appended thereto contains several items of property which apparently do not belong to the Coorg Public Works Department, and that therefore if this office is furnished with a list showing what specific items of the attached property do actually belong to the Coorg Public Works Department, then the Government Advocate will be instructed to apply to the Munsif's Court for the release of the same from attachment.
45	749—9.	22nd	The Registrar of the Chief Court.	Stating with reference to Notification No. 251, dated 10th September 1890, conferring certain powers on Mr. Raghavacharlu that Government intended that Mr. Raghavacharlu should exercise those powers only so long as he was in charge of the Treasury at Bangalore, and that consequently it is not competent to him to exercise such powers in the District of Tumkur in the capacity of the District Superintendent of Police, and that even if this question is open to doubt, Government deem it inexpedient that a Police Officer should exercise magisterial powers in his own District even in the class of cases, *viz.*, non-cognizable cases recommended by the District Magistrate and requesting that Mr. Raghavacharlu may be instructed not to take up any cases for trial.
46	30.	Do	The Compiler, Mysore Gazette.	Notifying that Mr. D. A. Choksi, L. M. S., Acting Superintendent of the Central Jail at Bangalore is, under Section 32 of the Code of Criminal Procedure, empowered to pass sentences of whipping for offences committed within the precincts of the Jail.
47	761—87.	Do	The Inspector General of Prisons.	Forwarding copy of the above.
48	814—9.	23rd	The District Magistrate, Tumkur District.	Forwarding duly countersigned a license under the Arms Act.
49	951—107.	24th	The Government Advocate.	Forwarding copies of the material papers connected with criminal case No. 515 on the file of the Town Magistrate of Bangalore and requesting him to present an appeal to the Chief Court from the order of acquittal passed by the Magistrate.
50	252—108.	Do	The Excise Commissioner.	Communicating the above.

Serial No.	Proceedings. No.	Proceedings. Date	Proceedings. To whom sent.	Subject and Order.
51	948—104.	27th	The Inspector General of Police.	Returning the records in criminal appeal No. 91 of 1890 on the file of the Chief Court of Mysore and the original Proceedings of the trial of the same case (*i. e*, of a theft of hammer and a jumper belonging to the Gold Mining Company of Kolar), by the Kolar Gold Mines Magistrate and stating that the evidence to prove the identity of the hammer and jumper as property which belonged to particular Companies and which those Companies did not give away but somehow lost, could perhaps have been readily adduced, and that Government can do nothing in the matter, beyond passing a special law on the subject.
52	967—10.	28th	The Registrar of the Chief Court.	Requesting him to ascertain the opinion of the Judges of the Chief Court whether the undermentioned officers may be invested with powers to try offences under the Breach of Contract Act:— (1.) Munsiff of Kolar. (2.) Do Chikballapur. (3.) Amildar of Chintamani. (4.) Do of Belur.
53	40.	29th	The Compiler of the Mysore Gazette.	Notifying that under Section 14 of the Code of Criminal Procedure, B. Srinivas Rao, Amildar of the Davangere Taluk, is invested with the powers of a Magistrate of the Second Class for the disposal of offences falling under the Railway Act (IV of 1879.)
54	997—11.	Do	The Registrar of the Chief Court.	Forwarding copy of the above.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 30*th April* 1891.

A. SRINIVASACHARLU,
Under-Secretary.

PART II.

REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF APRIL 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	16—3.	2nd	The Excise Commissioner in Mysore.	Requesting him to submit a list of recognized Foreign liquor brands for which Deputy Commissioners have issued licenses; and enquiring what safe-guards are in force, to distinguish genuine Foreign liquor from imitation Foreign liquor manufactured in the country; and stating that Deputy Commissioners may be instructed to use every precaution to prevent the sale of imitation foreign liquor manufactured in India, under their licenses, for sale of Foreign liquor, and not unnecessarily multiply the number of recognized brands without full investigation, and enquiry on the subject.
2	49—5	3rd	Mr. H. F. Strickland, Bangalore.	Requesting that a copy of the deed of assignment of the Kempinkote Blocks A, C and D may be delivered at this Office according to the terms of the lease.
3	48—4	Do	Do	Requesting that the duplicate of the lease for the Kempinkote Blocks A, C and D may be returned.
4	68—L 15.	Do	The Deputy Commissioner of the Tumkur District.	Stating that the balance remaining uncollected at the end of January 1891 is large in the Municipalities of Tumkur, Kunigal and Maddagiri and requesting him to get the arrears collected at an early date.
5	69—L 16.	Do	The Deputy Commissioner of the Kolar District.	Stating that the arrears remaining uncollected at the end of January 1891 are large in all the Municipalities but Bagepalli and Goribidnur and requesting that the outstandings may be collected at an early date.
6	71—L 18	Do	The Deputy Commissioner of the Mysore District.	Stating that the arrears remaining uncollected at the end of January 1891 are large in the Municipalities of Mysore, Hunsur, Seringapatam,

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Nanjangud, Malaya and Malvalli, and requesting that the arrears may be collected as early as possible.
7	74—L 21.	3rd	The Deputy Commissioner of the Hassan District.	Stating that the balances remaining uncollected at the end of January 1891 are large in the Municipalities of Holé-Narsipur, Channarayapatna and Hassan, and requesting that the arrears may be collected at an early date ; and directing that in future statements balances must be shown not against the Treasuries into which payments are made but against the Municipalities to which they refer.
8	144—4.	Do	The Assistant to the Resident in Mysore.	Stating that Messrs. Spencer and Co. have misconstrued the license Rules and forms in force, for the sale of Foreign liquor, and that the list appended to the rules is liable to be added or altered as circumstances require, forwarding a copy of Notification recently issued on the subject and pointing out the desireability of the license rules and forms in force in Mysore being adopted at an early date for the Civil and Military Station also.
9	145—15.	Do	The Excise Commissioner.	Forwarding copy of the above.
10	184—6.	4th	The Assistant to the Resident in Mysore.	Stating that the Excise Commissioner has been requested to issue instructions for the removal of the toddy shops complained of to a distance of 5 miles further from the Remount Depôt as desired by the Superintendent of the Depôt at Hosur.
11	185—20.	6th	The Excise Commissioner.	Requesting that immediate instructions may be issued for the removal of the toddy shops in the Anekal Taluk to a distance of 5 miles further from the Remount Depôt as desired by the Superintendent of the Remount Depôt at Hosur.
12	183—5.	Do	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India 5 printed copies of the return of prices current of food grains and salt in the Province of Mysore for the fortnight ended 15th March 1891.
13	264—9.	8th	Do	Forwarding for submission to the Government of India two manuscript copies of the return of prices current of food grains and salt in the Province of Mysore for the fortnight ended 31st March 1891.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
14	267—9.	8th	The Deputy Commissioner of the Hassan District.	Stating that Government can conduct the defence of the suit, which one Puttusami Chetti of Hassan has intended to file for the cancellation of a Revenue sale, held in 1885, of a land situated in the village of Doddamandiganahalli; and that, before passing final orders on the subject, the Government await a further communication reporting the fact of the suit having actually filed, enclosing a copy of the plaint and a draft written statement proposed to be filed in reply, together with a memorandum of court costs to be incurred in conducting the suit.
15	355—4.	10th	The Deputy Commissioner of the Bangalore District.	Recording his letter No. 10, dated 6th April 1891, reporting that he has been personally instructed by the Dewan to breach the Rajankunte Tank in the Devanhalli Taluk.
16	409-11—7.	11th	The Deputy Commissioners of the Hassan, Kadur and Chitaldroog Districts.	Requesting that the opinions of the agents of the several Mining Companies, about the description of boundary marks to be erected for the blocks of land granted to them for mining purposes, may be obtained and submitted to this Office at an early date.
17	455-6—6.	Do	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning the writing off the accounts of Rs. 1,443—10—8 of the irrecoverable balances in the Bowringpet Taluk for the year 1889—90.
18	453—17.	13th	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India 5 printed copies of the return of prices current of food grains and salt in the Province of Mysore for the fortnight ended 31st March 1891.
19	528-9—1.	15th	The Superintendent, Revenue Survey and the Deputy Commissioner, Kadur District.	Sanctioning the grant of assessed Government waste garden land Survey No. 61 in the Tanude village of the Koppa Taluk in favor of one Sitaramaiya on shraya tenure provided.
20	629-30—21.	20th	The Deputy Commissioner of the Mysore District and the Comptroller.	Sanctioning the remission of a moiety of wet assessment, *viz.*, Rs. 128—8—11 on certain lands in the Malvalli Taluk.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.

23	852—15.	Do	Sir Roper Lethbridge, M. P.	Stating that at his request, the period fixed for the formation of a Company to work the Gollarahalli Block in the Arsikere Taluk, has been extended up to 17th June 1892.
24	32.	22nd	The Compiler Mysore Gazette.	Notifying the extension of the provisions of Chapters VIII and IX of the Mysore Land Revenue Code (Regulation IV of 1888) to the following alienated villages:— 1. Chekkur. 2. Maleyur. 3. Senkhahalli of the Heggaddevankote Taluk.
25	756—2.	Do	The Superintendent, Mysore Revenue Survey.	Forwarding copy of the above.
26	728—31.	Do	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India two manuscript copies of the return of prices current of food grains and salt in the Province of Mysore for the fortnight ended 15th April 1891.
27	807—34.	Do	Do	Stating that, since the issue of the necessary orders to the Survey Superintendent for making a valuation Survey of the Kayamgutta villages of Dodkunte and Binnamangala, situated within the limits of the Civil and Military Station of Bangalore, the holders of the villages having requested the Survey authorities to make a detailed Survey of the same, the cost whereof they undertook to bear themselves, the Survey Department has completed the Survey of Binnamangala and that the Survey of Dodkunte is in progress and requesting him to state whether there is any objection to the Survey, required by the holders, being completed.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
28	35—L 78.	23rd	The Compiler of the Mysore Gazette.	Notifying that, certain lands, in the Mysore City under Section 6 of the Land Acquisition Act X of 1870, are required for public purposes.
29	809-10—13.	Do	The Deputy Commissioner of the Bangalore District and the Superintendent, Revenue Survey.	Sanctioning the alienation of 2 acres and 3 guntas of dry land (part of Survey No. 19) assessed at Rs. 3—8—0 in the Matanahalli Village, Hoskote Taluk, in favor of the raiyats of Atiwatta Village in the same Taluk, for constructing houses and cattle sheds, and the writing off the accounts of the proportionate assessment thereon.
30	816-7—6.	Do	The Deputy Commissioner of the Kadur District and the Superintendent, Revenue Survey.	Sanctioning the alienation of 5 guntas of Gomal land (part of Survey No. 112) in the village of Kuve, Mudgere Taluk, in favor of one Virappa of the same village for building purposes.
31	818-9—7.	Do	Do	Sanctioning the grant on assessment at Re. 1 per acre of 4 acres and 4 guntas of Gomal land (part of Survey No. 6) in the Melhulvatti Village of the Chikmagalur Taluk, to one Annegauda of the same village, for building cooly lines.
32	828-9—9.	Do	Do	Sanctioning the alienation of 2 acres of Gomal land (part of Survey No. 41), situated in the Markal Village of the Mudgere Taluk, in favor of the villagers of the same village, for a village site.
33	859-60—16.	24th	The Deputy Commissioner of the Bangalore District and the Survey Superintendent.	Sanctioning the alienation of Survey No. 42 measuring 9 acres, 38 guntas assessed at Rs. 18 in favor of the raiyats of Manchappanahosahalli in the Devanhalli Taluk for re-building the village and the remission of the assessment thereon, the old village site being assessed and given out for cultivation.
34	867-8—18.	Do	The Deputy Commissioner of the Shimoga District and the Survey Superintendent.	Sanctioning the writing off of the assessment amounting to Rs. 10—4—0 on certain pieces of land taken up in the Kohalli Village in the Kumsi Sub-Taluk for extending the town of Ayanur and for providing a place for holding the weekly fair.
35	871-2—101.	Do	The Excise Commissioner in Mysore and the Comptroller.	Approving of the action of the Excise Commissioner in closing the Bonded Warehouse at Shimoga and providing temporarily for the establishment of the Warehouse.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
36	886—38.	24th	The Assistant to the Resident in Mysore.	Requesting that the Resident will move the Madras Government to sanction an exchange between the Mysore Forest Department and the Madras Public Cattle Department at Hunsur, of certain grazing lands in the Kavadiguppe Village and in the Antarasante Kaval respectively in their possession.
37	903-4—13.	Do	The Deputy Commissioner of the Kadur District and the Survey Superintendent.	Sanctioning the alienation of 4 guntas of free grazing land (part of Survey No. 197) in favor of one Deva in the Kuve Village of the Mudgere Taluk for building purposes.
38	887—39.	27th	The Assistant to the Resident in Mysore.	Forwarding for submission to the Government of India five printed copies of the return of prices current of food grains and salt in the Province of Mysore for the fortnight ended 15th April 1891.
39	898—10.	Do	The Deputy Commissioner of the Tumkur District.	Recording his letter No. 7, dated 3rd April 1891, reporting that the whole of the arrears in revenue in the Sira Taluk up to 31st March 1891 has been recovered minus Rs. 2—4—0 for which an appeal has been preferred to Government, and that the credit of this is due to Amildar Venkatachalaiya.
40	899—900.	Do	The Deputy Commissioner of the Hassan District and the Superintendent Revenue Survey.	Sanctioning the writing off the account of the proportionate assessment of 8 annas on the 1 acre and 1 gunta of land taken up out of Survey No. 17 in the Kachigatta Village of the Arsikere Taluk, for opening a new road to the Banavar Railway Station.
41	901-2—12.	Do	The Deputy Commissioner of the Kadur District and the Superintendent Revenue Survey.	Sanctioning the alienation of 18 guntas of Gomal land (part of Survey No. 32), in favor of one Siddanna in the Nuggi Village of the Koppa Taluk, for building purposes.
42	932-gold—16.	Do	Mr. H. F. Strickland, care of Surgeon Major P. H. Benson, Mysore.	Acknowledging the receipt of his letter of the 21st instant, applying on behalf of himself and certain others for a prospecting license in connection with certain blocks in the Chitaldroog District; stating that, no new prospecting rules different from the existing ones as he thought, are proposed to be issued, and that only a Notification explaining the rules at present in force has been published; and forwarding 50 copies thereof for his information and distribution.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
43	992-3—20.	28th	The Deputy Commissioner of the Shimoga District and the Comptroller.	Sanctioning the remission of the arrears of assessment amounting to Rs. 20—13—10, on Survey No. 32 of Thevara Chettanahalli Village in the Shimoga Taluk, taken up for Plantation purposes in the year 1888.
44	994-5—14.	Do	The Deputy Commissioner of the Kadur District and the Superintendent Revenue Survey.	Approving of the Deputy Commissioner's action in granting on Shraya tenure, 1 acre and 24 guntas of Gomal land (part of Survey No. 98) in the Samse Village of the Mudgere Taluk, to one Kattemane Dharnappa.
45	1169-70—23.	Do	The Deputy Commissioner of the Hassan District and Mr. Edwin Hunt.	Directing that the progressive rates of assessment as specified in para 4 of the Government Proceedings No. 1136—7, dated 24th March 1890, be applied to the small area of 5 or 8 acres already occupied by Mr. Hunt from 1885—86, and as regards the remainder of the land, from the year (either 1890—91 or 1891—92) in which the same is actually handed over to Mr. Hunt's possession, and requesting the Deputy Commissioner to cause the Survey of the lands, above referred to, to be made as quickly as possible.
46	1072-3—16.	Do	The Deputy Commissioner of the Kadur District and the Superintendent Revenue Survey.	Sanctioning the allotment of certain lands in the Banakal Village of the Maddagiri Taluk in favor of Patel Manjegauda for opening a road to his coffee estate at his own cost, and stating that the assessment on portions of the occupied lands taken up should be continued to be paid by the holders and that on assessed waste lands should be written off the account.
47	1066-7—35.	29th	The Deputy Commissioner of the Mysore District and the Comptroller.	Sanctioning the remission of Rs. 474—6—11 being the assessment including local cess on the lands belonging to Jagannatha Chetti in the Rayankere Village of the Mysore Taluk for the years 1882—83 to 1890—91.
48	1031—49.	30th	The Assistant to the Resident in Mysore.	Forwarding a sketch of the land near the Railway Station of Dodbele applied for by one Narayan Rao, with a request that the same may be forwarded to the Agent, Southern Mahratta Railway Company.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.

Returning duly signed by the Dewan a receipt for Rs. 60, being the interest due on Madras Municipal Debentures Nos. 84—244 and 85—245, dated 15th October 1885, for Rs. 1,000 each, which are held in the name of the Dewan, as part of the security of the Treasurer, Chitaldroog District Treasury.
7	123-4—11.	Do	The Inspector General of Police in Mysore and the Comptroller.	Sanctioning the entertainment of an additional Police establishment costing Rs. 118 per mensem at the Kolar Gold Fields, and stating that the total cost of the Police Force at the Gold

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Mines will be Rs. 829 per mensem against the present cost of Rs 711.
8	125-6—4.	3rd	The Deputy Commissioner, Kolar District and the Comptroller.	Sanctioning the permanent retention of the establishment sanctioned in Government Proceedings No. camp 317—18, dated the 6th May 1890 for the Court of the Assistant Commissioner and 1st Class Magistrate of the Kolar Gold Mines and the entertainment of an additional Clerk and a Lascar on Rs. 20 and 7 respectively with effect from 1st April 1891.
9	131-2—3.	Do	The Deputy Commissioner, Bangalore District and the Comptroller.	Sanctioning a further advance of Rs. 100 to meet the charges on account of Census operations and requesting the Deputy Commissioner to submit detailed bills of the expenditure incurred in view to the advances being adjusted at an early date.
10	138—15.	Do	The Comptroller in Mysore.	Forwarding countersigned a memorandum of account amounting to Rs. 45—10—0 received from the Secretary, Lawrance Asylum Press, on account of subscription to the Army List for 1891 and for 5 copies of the Madras Almanac for 1891, with a request that it may be made payable at the Bank of Madras, Madras.
11	139-40—13.	Do	The Secretary, Board of Examiners and the Comptroller.	Sanctioning the refund of Rs. 25 to A. T. Nanjunda Mudaliar, late Amildar of Magadi, being the fee paid by him for the Local Service Examination of 1890, he having been ineligible for admission as a candidate.
12	136—1.	Do	The Senior Surgeon in Mysore.	Informing him that intimation has been received from the Comptroller that Messrs. Coutts and Co., London, have been instructed to pay the sum of £ 628—12—11 to Messrs. Ferris, Boorne Townsend and Boucher, Bristol, on application, and that its equivalent Rs. 8,683—7—0 will be debited against the Medical budget grant for 1890—91.
13	137—14.	Do	The Comptroller in Mysore.	Forwarding duly countersigned a bill for Rs. 50 being the Government contribution in aid of part 66 of the Mahabharata.
14	130—12.	Do	The Superintendent of Post Offices, Bangalore Division.	Stating that requisitions for particulars of services of the late Mysore Anche officials and runners now employed in the Imperial Postal Department may be forwarded to the Chief Secretary to the Dewan of Mysore.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
15	63—9.	4th	The Comptroller in Mysore.	Forwarding for audit and return a bill for Rs. 1,200 being the price of 100 copies of Volume XIII of the Mysore Law Reports to be supplied by Mr. J. W. Hayes, Senior.
16	64—1.	Do	The Registrar, Chief Court.	Forwarding copy of the above.
17	65—2.	Do	Mr. J. W. Hayes, Senior.	Forwarding copy of the above.
18	94—5.	Do	The Inspector General of Police and the Comptroller.	Sanctioning the grant of a local allowance of Rs. 50 per mensem to Mr. Wetherall during such time as he may be in charge of Police in the Mysore District.
19	8—8-L.—23	Do	The Comptroller and the Deputy Commissioner, Mysore District.	Stating that Mr. Namakal Rao is not entitled to the allowance of Rs. 250 as President of the Mysore Municipality, which was sanctioned for Mr. Meiklejohn by name, that it therefore cannot be regarded as a "Local Allowance" as defined in the Code, and that Mr. Namakal Rao's conduct in drawing the allowance without sanction was quite irregular and he will be called upon to refund it, and that no allowance to an ex-officio President can be sanctioned except for special reasons, such as those which existed in the case of Mr. Meiklejohn.
20	91—2.	Do	The Deputy Commissioner, Mysore District.	Returning duly registered an estimate for Rs. 52—4—0 required for making new clothing for the Barr Guard attached to the Narayanaswami temple at Melkote in the Seringapatam Taluk.

7	25 R.	8th	The Executive Engineer, Bangalore-Hindupur Line.	Forwarding copy of a Memo together with the Dewan's orders thereon regarding allotment for the Bangalore-Hindupur Line.
8	26 R.	Do	The Examiner, Public Works and Railway Accounts.	Forwarding copy of the above with reference to his No. 99 R. of 3rd April 1891.
9	27 R	Do	The Assistant to Resident in Mysore.	Conveying the assent of the Darbar to the cost of providing water columns at certain stations of the Mysore State Railway, being charged against capital, as proposed by the Consulting Engineer for Railways.
10	57 R.	14th	The Agent and Chief Engineer, Southern Mahratta Railway Company, (Through Assistant to Resident)	Informing that the Darbar, proceeding on the advice of the Consulting Engineer to the Government of India, regarding the grading of the Bangalore-Hindupur Line, request that in view of probable extension hereafter to Calicut and possibly to Erode, the sharpness of the three curves of 703 feet radius in descent to the Kabani bridge may be compensated by the curves being graded at 1 in 150, and the intervening portions of "Straight" at 1 in 89 as well as the straight descent from the last sharp curve on to the Kabani bridge, so as to secure a practical working grade of 1 in 89 instead of 1 in 69 which would result by grading the three curves at 1 in 100, and with certain remarks.
11	70 R	20th	The Assistant to Resident in Mysore.	Informing that the Darbar approves of the grant of a monthly allowance of Rs. 50 to Civil Surgeon at Mysore, for performing duties of Railway medical officer at that station, in connection with a scheme for medical establishment for the Southern Mahratta Railway.
12	71 R.	Do	Do	Requesting that the Resident will move the Government of India to sanction the construction and maintenance of the Line of Telegraph, required for the working of the Bangalore-Hindupur Railway by and at the cost of the Mysore State.

BANGALORE,
30th *April* 1891.

H. GROVES,
Officiating Secretary to the Govt. of Mysore for Railways, Public Works Department.

Exd.—B. G. R.
